

FOREWORD

The publication, '*Basic Statistical Returns of Scheduled Commercial Banks in India*', provides granular data on a number of key parameters of banks. The information is collected from bank branches through Basic Statistical Returns-1&2 (BSR 1&2). Under BSR-1, account level data for all loan accounts are collected branch-wise. Under BSR-2, branch-wise data related to parameters such as staff, type of deposits and maturity pattern of term deposits are collected. The data through BSR-1&2 are being collected since 1972.

The present volume, 42nd in the series, provides detailed data on credit and deposits of scheduled commercial banks as on 31st March 2013. It covers more than one lakh branches with more than 128 million credit accounts and more than 1,045 million deposit accounts spread across more than 39,000 centers. This publication provides detailed occupation-wise credit data on different dimensions viz. type of account, organization, interest rate range and size of credit limit. It also provides information on population group, bank group and state-wise credit data according to type of occupation. One unique feature of this publication is that it covers spatial distribution of credit as per place of sanction and place of utilization.

The voluminous work relating to this publication was undertaken in the Banking Statistics Division of the Department of Statistics and Information Management, Reserve Bank of India. The core team, headed by Shri Deepak Mathur, Director, involved in the process of bringing out this publication comprised Shri V. C. Augustine, Assistant Adviser, Shri Suvendu Sarkar and Dr. Sukhbir Singh, Research Officers, Smt. S. S. Surve, Assistant Manager and Smt. S.S.Kulkarni and Smt. S.V.Nikam, Special Assistants. Other staff members of the Division ably supported the core team. In bringing out the publication through DBIE (Reserve Bank's Data Warehouse), the help of Data Warehouse Division is acknowledged.

Dr. A .K. Srimany, Officer-in-charge, and Shri Sanjoy Bose, Adviser, provided guidance in bringing out the publication.

I trust, as in the past, the current volume would prove to be a valuable source of information on the banking sector in India.

Deepak Mohanty
Executive Director

July 28, 2014

INTRODUCTION

This Volume, forty second in the series, presents comprehensive data on deposits and credit of scheduled commercial banks and the information on number of employees of these banks, as on 31st March 2013. The data are collected through the annual statistical surveys, Basic Statistical Returns (BSR) - 1 & 2, from the offices of scheduled commercial banks in India including Regional Rural Banks.

2. BSR-1 relates to gross bank credit and comprises (i) bank credit including dues from banks within the meaning of the fortnightly return under Section 42(2) of the Reserve Bank of India Act, 1934 and (ii) bills rediscounted with the Reserve Bank of India and other financial institutions under the Bill Market Scheme.

3. The BSR-1 return has been revised with effect from March 2013 Survey to collect detailed account-wise information on all borrowal accounts. Till March 2012 Survey, the BSR-1 return was divided into two parts - Part A and Part B (termed as BSR-1A and BSR-1B). In BSR-1A, information in respect of each of the borrowal accounts with individual credit limit of over ₹ 0.2 million was collected on various characteristics, such as place (district and population group) of utilisation of credit, type of account, type of organisation of borrower, activity/occupation of borrower, rate of interest, credit limit and amount outstanding (the cut-off credit limit was earlier ₹25,000 till March 1998 survey). In BSR-1B, information in respect of small borrowal accounts with individual credit limit up to ₹0.2 million was obtained from all scheduled commercial banks in consolidated form for broad occupational categories for two separate credit limit groups, i.e., 'up to ₹25,000' and 'over ₹25,000 and up to ₹ 0.2 million'. From March 2013 Survey, all borrowal accounts are being reported account-wise with details as per BSR-1A. Consequently, consolidated reporting of small borrowal accounts under BSR-1B has been discontinued. Accordingly, the data presented in some of the tables in this Volume are not comparable with those in the previous years. However, in some tables comparable data based on borrowal accounts with individual credit limit of over ₹ 0.2 million are also presented separately.

4. In BSR-2, each bank office submits information on deposits with their break-up into current, savings and term deposits. Information on deposit accounts of females is given separately. Information of term deposits according to different maturity periods is also furnished in this return. In addition, BSR-2 provides information on staff strength, classified according to gender and category (i.e. officers, clerical and subordinates), in individual bank offices as on the reference date of the return. Deposits exclude inter-bank deposits. Current deposits comprise (i) deposits subject to withdrawal on demand (other than savings deposits) or on notice of less than 14 days, or term deposits with a maturity period of less than 7 days (ii) call deposits withdrawable not later than 14 days; (iii) unclaimed deposits; (iv) overdue fixed deposits; (v) credit balance in cash credit and overdraft accounts and (vi) contingency

unadjusted account if in the nature of deposits. Savings deposits are deposits accepted by banks under their savings bank deposit rules. Term deposits are deposits with a fixed maturity of not less than 7 days and above or subject to notice of not less than 14 days. These would also include (a) deposits payable after 14 days' notice; (b) cash certificates; (c) cumulative or recurring deposits; (d) Kuri & Chit deposits and (e) special deposits in the nature of term deposits. Conceptually, the deposits data in BSR-2 and the aggregate deposits in Section 42(2) return are the same. In BSR-2, bank branches also give classification of term deposits according to broad interest rate ranges as well as size of deposits. Based on these data, tables giving percentage distribution of term deposits according to interest rate range and size of deposits are presented in the Volume. The data on residual maturity of term deposits are also collected through this return; and their percentage distribution is presented in the Volume.

Population frame and coverage

5. The BSR1&2 surveys are conducted on census basis. The population frame and the coverage for the March 2013 survey are as under:

Description	Number of Offices	
	BSR-1	BSR-2
Number of offices of SCBs in the population frame for the March 2013 survey [@]	1,09,279	1,09,279
1. Data reported	1,00,689	1,03,193
2. Data estimated ^{\$}	914	895
3. Administrative offices not having credit accounts	4,089	-
4. Other offices not having credit accounts (reported only BSR-2)	2,511	-
5. Administrative offices not having deposits accounts	-	3,621
6. Other offices not having deposits accounts (reported only BSR-1)	-	494
7. Offices not reported both deposits and credit (for these branches, both deposits and credit are treated as 'Nil')	1,076	1,076

[@] As per Master Office File of SCBs in India.

^{\$} In the case of non-reporting offices, the distribution of credit/deposits have been estimated based on data reported by the branch for the previous round of the survey, and/or data reported by similar branches in the same district for the current survey, and adjusted for branch-level total credit/deposits based on the information reported in the Quarterly Return on Aggregate Deposits and Gross Bank Credit (BSR-7) as on March 31, 2013.

Though considerable efforts were made to cover all offices of SCBs in the surveys, as stated above, data of some of the bank offices could not be included due to technical reasons/non-reporting, and in some cases data were estimated so as to complete the survey. The figures at granular District/State level are subject to the limitations as above. Also, the gross bank credit/ aggregate deposits compiled from BSR-1/BSR-2 data may differ from those estimated based on other sources. However, the distributions at aggregate level presented in this Volume could be viewed as fairly close estimates of the population distribution.

Outline of the Volume

6. This Volume is divided into five Sections presenting the data on deposits and credit of scheduled commercial banks with reference to various classificatory characteristics. Section 1 presents general information on commercial banking and also the summary data on deposits and credit at All-India level and state level. Section 2 gives State-wise distribution of deposits and outstanding credit classified according to population groups and bank groups. Data on distribution of deposits by type of deposits are presented in Section 3. Classification of outstanding credit according to different characteristics such as size of credit limit, rate of interest, type of organisation, type of account, bank group, state and population group, etc., are given in Section 4. In Section 5, these data are further classified according to occupation of the borrower.

7. BSR-1 return provides the identification of the district and population group of the place where the credit is utilised. In the Volume, data on credit both as per place of sanction (location of sanctioning office) and as per place of utilisation are presented. State and population group-wise data on credit given in Sections 4 and 5 are based on place of utilisation of credit, whereas in Section 2, these are based on place of sanction of credit. In Section 1, Tables 1.3, 1.5, 1.16 and 1.17 give data on credit as per the place of sanction and in Tables 1.10 and 1.11 it is based on the place of utilisation. Tables 1.6 to 1.8 present the data on credit according to both the place of sanction and the place of utilisation so as to facilitate comparison. A listing of tables on credit, which are based on place of sanction/ utilisation, is also given in the 'Notes on Tables'.

Explanatory Notes

8. Brief explanatory notes on some of the tables presented in various Sections of this Volume are given below:

In Section 1, Table 1.1 presents the progress of commercial banking at a glance, based on data collected from different sources as per details given in the 'Notes on Tables'. Population group-wise data for 'Non-Food Credit' (i.e. total credit excluding credit extended for Food procurement) is presented separately in tables 1.3 and 1.6A. Table 1.9 presents classification of outstanding credit according to detailed occupations. Tables 1.13, 1.14 and

1.15 provide distributions of outstanding credit of scheduled commercial banks according to interest rate range, type of account and organisation, respectively, for all accounts and large borrowal accounts having individual credit limit above ₹ 0.2 million. Table 1.16 gives percentage distribution of small borrowal accounts according to broad category of borrowers into 'individuals' & 'others' and gender-wise classification of individual borrowers. Table 1.17 gives population group and occupation-wise classification of small borrowal accounts each with credit limit of ₹ 0.2 million and less. Tables 1.21 to 1.23 give the information on deposits of scheduled commercial banks according to broad ownership category. Tables 1.24 to 1.26 give (original) maturity pattern of term deposits according to broad ownership category, population group and bank group, respectively. Table 1.27 presents the percentage distribution of the term deposits of scheduled commercial banks, as per the residual maturity period. Table 1.28 gives interest rate range-wise percentage distribution of term deposits. Table 1.29 presents the percentage distribution of the term deposits of scheduled commercial banks as per the size of deposits. Tables 1.30 and 1.31 give state-wise and bank group-wise distribution of number of employees of SCBs classified according to gender and category (i.e. officers, clerical and subordinates).

Tables 4.1 to 4.6 in Section 4 and Tables 5.1 to 5.3 in Section 5 provide distribution of outstanding credit of scheduled commercial banks according to different characteristics. Till 2012 (Vol.41, March 2012 Survey), these tables provided truncated distribution of outstanding credit for accounts having individual credit limit above ₹ 0.2 million. For facilitating comparison with earlier period, six new tables viz. 4.2A, 4.3A, 4.4A (in Section 4) and 5.1A, 5.2A, 5.3A (in Section 5) are also provided giving truncated distribution of outstanding credit according to different characteristics for accounts having individual credit limit above ₹ 0.2 million.

9. Population groups of the banked centres presented in this Volume are based on the 2001 census. As such, the population group-wise data presented in the tables in this Volume are not strictly comparable with those of the years prior to 2006. The population groups are defined as follows:

- i. 'Rural' group includes all centres with population of less than 10,000'
- ii. 'Semi-urban' group includes centres with population of 10,000 and above but less than 0.1 million
- iii. 'Urban' group includes centres with population of 0.1 million and above but less than 1 million
- iv. 'Metropolitan' group includes centres with population of 1 million and more.

10. Banks have been grouped as: (i) State Bank of India and its Associates, (ii) Nationalised banks, (iii) Foreign banks, (iv) Regional rural banks and (v) Private Sector banks. The bank group, 'Nationalised Banks' also includes the data of IDBI Bank Ltd.

11. Significant features relating to credit and deposits of Scheduled Commercial Banks based on information in various tables in this volume are covered in the 'Highlights'.

12. The totals given in the tables may not exactly tally with the sum of the constituent items on account of rounding off of the figures. The unit one million is equal to 1000,000. The symbol '—' indicates 'nil' or 'negligible' throughout this Volume. Figures in brackets indicate percentages to respective total. Notes on tables as appropriate to each table are given at the end of the Volume.

13. Information on related publications of the Bank on Banking Statistics is given in the Appendix.

14. This Volume is prepared in the Banking Statistics Division of the Department of Statistics and Information Management.

Highlights

1. The publication '*Basic Statistical Returns of Scheduled Commercial Banks in India - Volume 42*' is based on data collected through BSR 1 and 2 surveys as on March 31, 2013, which covered 1,09,279 offices of scheduled commercial banks including regional rural banks. The salient findings of the surveys are set out below:

Outstanding Credit of Scheduled Commercial Banks:-

2. Growth of gross outstanding credit:

- At the end of March 2013 gross outstanding credit of scheduled commercial banks amounted to ₹ 55,253,170 million registering an increase of 15.0 per cent as against an increase of 17.9 per cent in the previous year (*Table No.1.3*).
- The number of borrowal accounts declined by 2.0 per cent to 128 million in 2013¹ from 131 million in 2012.
- Rural and Semi-urban centres registered higher growth in credit in 2013 at 19.9 per cent and 20.9 per cent, respectively compared with Urban and Metropolitan centres at 16.2 per cent and 13.3 per cent, respectively.

3. Sectoral (Occupation-wise) credit growth:

- The growth rate of bank credit to 'Agriculture' and 'Industry' sectors declined to 20.3 and 19.3 per cent, respectively in 2013 as compared to 21.9 and 20.5 per cent, respectively in 2012 (*Table 1.9*).
- 'Personal Housing Loans' grew at 22.7 per cent in 2013 as compared to 9.5 per cent in 2012. Credit to 'Professional and Other Services' sector witnessed a growth of 10.3 per cent in 2013 as against a marginal decline in the previous year.
- Credit to Trade sector registered lower growth rate of 22.4 per cent compared to previous year's credit growth of 40.6 per cent. Credit to 'Transport operators' registered 4.7 per cent growth (6.8 per cent in 2012). Growth in credit to 'Financial sector' decreased to 5.1 per cent in 2013 as compared to 16.5 per cent registered in the previous year.

¹ All references to the periods 2012 and 2013 will mean position as at the end of March 2012 and March 2013, respectively. Detailed data as at the end of March 2012 are available in the previous publication '*Basic Statistical Returns of Scheduled Commercial Banks in India, Volume 41, March-2012*'.

4. Sectoral (occupation-wise) deployment of bank credit:

- The shares of credit to 'Agriculture' and 'Industry' sectors in gross bank credit increased marginally to 12.2 and 41.9 per cent, respectively from 11.7 and 40.4 per cent, respectively in 2012 (*Table 1.11*).
- The shares of 'Finance' and 'Professional & Other Services' reduced to 7.8 and 7.3 per cent respectively from 8.5 and 7.6 per cent respectively in 2012. The share of 'Trade' sector increased to 10.4 per cent from 9.8 per cent in 2012.
- The share of 'Personal Housing loans' has increased to 8.4 per cent in 2013 from 7.9 per cent in 2012.

5. Size-wise distribution of bank credit:

- Small borrowal accounts each with credit limit up to ₹ 0.2 million contributed 79.8 per cent of the total number of borrowal accounts in 2013 as against 83.4 per cent in 2012. The share of small borrowal accounts in outstanding credit declined to 9.3 per cent from 9.5 per cent in 2012 (*Table No.1.12*).
- Accounts with credit limit above ₹ 250 million each, had a share of 47.7 per cent of the total outstanding credit in 2013 as compared to 48.4 per cent in the previous year.

6. Interest rate on bank credit:

- The weighted average interest rate of all loans and advances worked out to be 12.01 per cent as at the end of March 2013².
- The weighted average interest rate in respect of loans and advances with credit limit of over ₹ 0.2 million declined to 12.05 per cent as at the end of March 2013 from 12.57 per cent a year ago.

Aggregate Deposits:-

7. Growth in aggregate deposits:

- Aggregate deposits amounted to ₹ 70,126,204 million, registering a growth of 15.4 per cent in 2013 as against 12.8 per cent in the previous year (*Table No.1.18*). The Savings deposit grew at the rate of 14.7 per cent as compared to 9.5 per cent in previous year. Current deposit registered a growth of 6.6 per cent as against a decline of 2.7 per cent in 2012. Growth in Term deposit reduced marginally to 17.1 per cent from 17.4 per cent in 2012.

² Information on interest rate of all loans and advances is available only from March 2013 survey. Earlier such information was collected only for loans and advances with credit limit of over ₹ 0.2 million.

- The number of deposit accounts in 2013 increased by 15.7 per cent to 1,045 million from about 903 million in 2012. Total number of savings bank accounts in 2013 was 823 million as compared to 703 million in 2012.
8. Type of deposits:
- The share of term deposits in total deposits increased to 63.8 per cent in 2013 from 62.8 per cent in 2012. The shares of current deposits and saving deposits declined to 9.9 and 26.3 per cent, respectively in 2013 from 10.7 and 26.4 per cent in 2012 (*Table No. 1.18*).
9. Maturity pattern of term deposits:
- The share of term deposits with original maturity period '1 year to less than 2 years' in total term deposits declined to 39.5 per cent from 45.7 per cent in 2012 (*Table No.1.24*). On the other hand, the share of term deposits with longer maturity of 2 years and above increased to 32.0 per cent in 2013 from 28.6 per cent in 2012. Also, the share of short-term deposits with maturity 'six-months to less than one year' increased to 15.3 per cent in 2013 from 10.7 per cent in 2012.
10. Interest rate on term deposits:
- The weighted average interest rate of term deposits worked out to 8.63 per cent in 2013, as compared to 9.19 per cent in 2012 (*Table No.1.28*).
 - A shift in the distribution of term deposits towards the lower interest rates is observed. The share of term deposits with interest rate 'less than 9.0 per cent' in total term deposits increased to 34.4 per cent in 2013 from 21.1 per cent in the previous year. Also the share of deposits with interest rate '10.0 per cent and above' decreased to 8.9 per cent as compared to 25.9 per cent in 2012. About 56.7 per cent of deposits were in the interest rate range 9.0-10.0 per cent (*Table No.1.28*).

Credit - Deposit Ratio:-

(As per Place of Sanction and Place of Utilisation of Credit)

11. Population group-wise C-D Ratio:
- The All-India C-D ratio was at 78.8 per cent in 2013 compared to 79.0 per cent in 2012.
 - As per place of sanction of credit, the C-D ratio in respect of Rural centers at the end of March 2013 was at 68.1 per cent as compared to 66.4 per cent in the previous year. In the case of Semi-urban, Urban and Metropolitan centers, the C-D ratios (as

per place of sanction) were 56.8, 60.7 and 93.2 per cent respectively compared to 54.6, 61.4 and 93.8 per cent in the previous year.

- The C-D ratios as per place of utilization of credit for Rural, Semi-urban, Urban and Metropolitan centers were at 78.2, 69.0, 66.0 and 86.3 per cent, respectively, compared to 77.1, 62.7, 67.2 and 87.8 per cent, respectively in the previous year (*Table No.1.6*).

12. Migration of credit among the states:

- State-level Credit-Deposit ratio, calculated as per the place of sanction and place of utilisation of credit, revealed that Haryana, Rajasthan, Arunachal Pradesh, Sikkim, Dadra & Nagar Haveli and Daman & Diu had significantly higher C-D ratio as per place of utilisation than place of sanction indicating migration of credit to these States/UTs (*Table No. 1.7*).
- Chandigarh, Rajasthan, Andhra Pradesh and Tamil Nadu registered C-D ratio (as per place of utilisation) more than 100 per cent. Also, Haryana, Punjab, Delhi, Gujarat, Maharashtra, and Puducherry had higher C-D ratios as compared to all India C-D ratio of 78.8 per cent.

Section 1 : Summary Tables

Table No.

- 1.1 Progress of Commercial Banking at a glance
- 1.2 Distribution of banking centres according to state and population group
- 1.3 Deposits and credit of scheduled commercial banks according to population group
- 1.4 Deposits and credit of scheduled commercial banks according to bank group
- 1.5 Deposits and credit of scheduled commercial banks according to state
- 1.6 Population group-wise outstanding credit of scheduled commercial banks according to place of sanction and utilisation
- 1.6A Population group-wise outstanding credit of scheduled commercial banks according to place of sanction and utilisation (Excluding Food Procurement)
- 1.7 State-wise outstanding credit of scheduled commercial banks according to place of sanction and utilisation
- 1.8 State and population group-wise outstanding credit of scheduled commercial banks according to place of sanction and utilisation
- 1.9 Outstanding credit of scheduled commercial banks according to occupation
- 1.10 Population group-wise outstanding credit of scheduled commercial banks according to occupation
- 1.11 Percentage distribution of outstanding credit of scheduled commercial banks according to population group and occupation
- 1.12 Outstanding credit of scheduled commercial banks according to size of credit limit
- 1.13 Outstanding credit of scheduled commercial banks according to interest rate range
- 1.14 Outstanding credit of scheduled commercial banks according to type of account
- 1.15 Outstanding credit of scheduled commercial banks according to organisation
- 1.16 Percentage distribution of outstanding credit of small borrowal accounts of scheduled commercial banks according to broad category of borrowers
- 1.17 Population group-wise outstanding credit of small borrowal accounts of scheduled commercial banks according to occupation
- 1.18 Population group-wise deposits of scheduled commercial banks according to type of deposits
- 1.19 Bank group-wise deposits of scheduled commercial banks according to type of deposits
- 1.20 State-wise deposits of scheduled commercial banks according to type of deposits
- 1.21 Population group-wise deposits of scheduled commercial banks according to broad ownership category
- 1.22 Bank group-wise deposits of scheduled commercial banks according to broad ownership category
- 1.23 State-wise deposits of scheduled commercial banks according to broad ownership category
- 1.24 Maturity pattern of term deposits of scheduled commercial banks according to broad ownership category
- 1.25 Maturity pattern of term deposits of scheduled commercial banks according to population group
- 1.26 Maturity pattern of term deposits of scheduled commercial banks according to bank group

- 1.27 Percentage distribution of term deposits of scheduled commercial banks according to residual maturity and broad ownership category
- 1.28 Percentage distribution of term deposits of scheduled commercial banks according to interest rate range and broad ownership category
- 1.29 Percentage distribution of term deposits of scheduled commercial banks according to size of deposit and broad ownership category
- 1.30 State-wise distribution of employees of scheduled commercial banks according to category
- 1.31 Bank group and population group-wise distribution of employees of scheduled commercial banks according to category

Section 2 : Deposits and Credit

- 2.1 Population group and bank group-wise deposits and credit (total credit and credit of small borrowal accounts) of scheduled commercial banks
- 2.2 State and bank group-wise deposits and credit (total credit and credit of small borrowal accounts) of scheduled commercial banks
- 2.3 State and population group-wise deposits and credit (total credit and credit of small borrowal accounts) of scheduled commercial banks
- 2.4 District and population group-wise deposits and credit of Scheduled Commercial Banks

Section 3 : Deposits

- 3.1 State and population group-wise deposits of scheduled commercial banks according to type of deposits
- 3.2 State and bank group-wise deposits of scheduled commercial banks according to type of deposits
- 3.3 Population group and bank group-wise deposits of scheduled commercial banks according to type of deposits
- 3.4 Maturity pattern of term deposits of scheduled commercial banks according to population group and broad ownership category
- 3.5 Maturity pattern of term deposits of scheduled commercial banks according to state

Section 4 : Credit

- 4.1 Size of credit limit and interest rate range-wise classification of outstanding loans and advances of scheduled commercial banks
- 4.2 Interest rate range and type of account-wise classification of outstanding loans and advances of scheduled commercial banks
- 4.2A Interest rate range and type of account-wise classification of outstanding loans and advances of scheduled commercial banks (for large borrowal accounts)
- 4.3 Interest rate range and organisation-wise classification of outstanding loans and advances of scheduled commercial banks
- 4.3A Interest rate range and organisation-wise classification of outstanding loans and advances of scheduled commercial banks (for large borrowal accounts)
- 4.4 Type of account and organisation-wise classification of outstanding credit of scheduled commercial banks
- 4.4A Type of account and organisation-wise classification of outstanding credit of scheduled commercial banks (for large borrowal accounts)

- 4.5 Size of credit limit and organisation-wise classification of outstanding credit of scheduled commercial banks
- 4.6 Size of credit limit and type of account-wise classification of outstanding credit of scheduled commercial banks
- 4.7 Bank group-wise outstanding credit of scheduled commercial banks according to size of credit limit
- 4.8 Population group and bank group-wise outstanding credit of scheduled commercial banks according to broad ranges of credit limit
- 4.9 State and population group-wise outstanding credit of scheduled commercial banks
- 4.10 State and bank group-wise outstanding credit of scheduled commercial banks

Section 5 : Occupation-wise classification of credit

- 5.1 Type of account-wise classification of outstanding credit of scheduled commercial banks according to occupation
- 5.1A Type of account-wise classification of outstanding credit of scheduled commercial banks according to occupation (for large borrowal accounts)
- 5.2 Organisation-wise classification of outstanding credit of scheduled commercial banks according to occupation
- 5.2A Organisation-wise classification of outstanding credit of scheduled commercial banks according to occupation (for large borrowal accounts)
- 5.3 Interest rate range-wise classification of outstanding loans and advances of scheduled commercial banks according to occupation
- 5.3A Interest rate range-wise classification of outstanding loans and advances of scheduled commercial banks according to occupation (for large borrowal accounts)
- 5.4 Size of credit limit-wise classification of outstanding credit of scheduled commercial banks according to occupation
- 5.5 Population group and bank group-wise classification of outstanding credit of scheduled commercial banks according to occupation
- 5.6 State and bank group-wise classification of outstanding credit of scheduled commercial banks according to occupation
- 5.7 State and Population group-wise classification of outstanding credit of scheduled commercial banks according to occupation
- 5.8 State and population group-wise classification of outstanding credit of small borrowal accounts of scheduled commercial banks according to occupation
- 5.9 District-wise classification of outstanding credit of scheduled commercial banks according to occupation

Notes on Tables

Due to the revision in BSR-1 system in 2013 (see Introduction Para. 3), the classification of credit data presented in some of the tables in this Volume are not strictly comparable with those of the earlier years.

Table No. 1.1

Classification of bank offices according to population groups for the year 1969 is based on 1961 census. For the year 2005, it is based on 1991 census. From the year 2006 onwards, it is based on 2001 census. As such, the population group-wise classification of bank offices is not strictly comparable for all the years. The number of bank offices of scheduled commercial banks excludes the administrative offices. Population per office, per capita deposits and per capita credit are based on provisional population figures as on 1st March 2011 obtained from Census of India Website.

Deposits and credit of scheduled commercial banks in India are as per return under Section 42(2) of the Reserve Bank of India Act, 1934 and relate to the last Friday of the reference period. Deposits are net of inter-bank deposits and credit is exclusive of dues from banks and bills rediscounted under the Bill Market Scheme. Deposits for the year 2005 include the proceeds of India Millennium Deposits amounting to ₹ 256.62 billion. The ratio of bank deposits to National Income for the years 2005 to 2008 is based on the series of National Income with 1993-94 as the base year, from 2009 onwards it is based on the new series with 2004-05 as base year. For the year 1969, the base year is 1970-71.

Due to change in the definition of the Priority Sectors from time to time, the data are not strictly comparable for the entire time span. Investments for the purpose of calculation of Investment-Deposit ratio pertain to investments in Government and Other Approved Securities.

For working out Cash-Deposit ratio, Cash includes cash in hand and balances with Reserve Bank of India.

Table No. 1.2

Figures relate to the banked centres served by scheduled commercial banks only. Classification of Population Groups is based on 2001 census.

Table Nos. 1.13 to 1.15, 4.1 to 4.6, 4.2A, 4.3A, 4.4A, 5.1 to 5.3, 5.1A, 5.2A and 5.3A

From year 2013, the data on outstanding credit presented in Table Nos. 1.13 to 1.15, 4.1 to 4.6 and 5.1 to 5.3 are based on all borrowal accounts. Till 2012, data in these tables were based only on Large Borrowal Accounts (accounts each with credit limit more than ₹ 0.2 million). To facilitate comparison with the earlier period, data based on Large Borrowal Accounts are presented separately in tables 1.13 to 1.15. Moreover, six new tables *viz.* Tables 4.2A, 4.3A, 4.4A, 5.1A, 5.2A and 5.3A are also provided giving truncated distribution of outstanding credit according to various characteristics based on Large Borrowal Accounts.

For Table Nos. 4.1, 4.2, 4.2A, 4.3, 4.3A, 4.6, 5.3 and 5.3A the data are exclusive of Inland & Foreign Bills purchased and discounted. For Table Nos. 5.2 and 5.2A, the total amount includes figures for micro finance institutions, non-profit institutions serving households and non-residents.

Table Nos. 1.16, 1.17 and 5.8

Data relate to accounts with credit limits of ₹ 0.2 million and less.

Table Nos. 1.21 to 1.24 and 3.4

For Table Nos. 1.21 to 1.24 and 3.4, 'Individuals' include Hindu Undivided Families. In the case of joint accounts under Individuals, the gender of the first account holder is considered for classifying the account under Male / Female category. The category 'Others' includes Government Sector, Corporate Sector (Non-Financial & Financial excluding Banks) and Other Institutions.

Table Nos. 1.24 to 1.26 and 3.4 & 3.5

These tables present the data on term deposits according to original maturity.

Table Nos. 1.27 to 1.29

Distribution of term deposits according to residual maturity, broad interest rate ranges and size of deposits are also collected through BSR-2 return. However, data on these items have not been uniformly reported by all the branches. Based on reported data, percentage distribution of term deposits according to these classifications are worked out and presented in Table Nos. 1.27 to 1.29.

The distribution of term deposits according to residual maturity in Table No. 1.27 is based on the data reported by 95,697 branches.

The distribution of term deposits according to interest rate range in Table No. 1.28 is based on the data reported by 95,592 branches.

The distribution of term deposits according to size of deposits in Table No. 1.29 is based on the data reported by 95,697 branches.

Tables on credit based on Place of Sanction

Table Nos. 1.3, 1.5, 1.16, 1.17, 2.1, 2.2, 2.3 & 2.4 are based on place of sanction of credit.

Tables on credit based on Place of Utilisation

Table Nos. 1.10, 1.11, 4.8, 4.9, 4.10, 5.5, 5.6, 5.7, 5.8 and 5.9 are based on place of utilisation of credit.

Tables on credit based on Place of Sanction as well as utilisation

Table Nos. 1.6, 1.6A, 1.7 and 1.8 present the data on credit according to both the place of sanction and the place of utilisation.

APPENDIX

INFORMATION ON OTHER PUBLICATIONS OF THE BANK ON BANKING STATISTICS

1. **Statistical Tables Relating to Banks in India**

The publication '*Statistical Tables Relating to Banks in India*' presents comprehensive data in regard to various aspects in Indian banking, based on data collected through various statutory returns and other statistical returns. The source of data include fortnightly 'Form-A' returns submitted by the Scheduled Commercial Banks under Section 42 (2) of the Reserve Bank of India Act, 1934 as on last reporting Friday of every month; 'Form-X' returns under Section 27 of the Banking Regulation Act, 1949 as on the last Friday of every month; the liabilities and assets of Scheduled Commercial Banks in India based on their published annual accounts for the reference period; returns on advances to priority sectors as on last reporting Friday of March, other returns collected by various departments of the Bank as well as summary information based on various Basic Statistical Returns. The book contains tables on Offices, Business, Liabilities & Assets, Deposits, Advances, Priority Sector Advances, NPAs, Investments, Earnings & Expenses, Employees, etc.

2. **Report on Trend and Progress of Banking in India**

This annual publication is brought out by the Reserve Bank of India in terms of Section 36 (2) of the Banking Regulation Act, 1949.

3. **Quarterly Statistics on Deposits and Credit of Scheduled Commercial Banks**

This publication presents data on deposits and credit of scheduled commercial banks based on BSR-7 Quarterly Returns received from their head offices giving branch-wise figures of aggregate deposits and gross bank credit as on the last Friday of the quarter/ as on last day of March.

4. **Information on other BSR Surveys**

Articles based on data collected through the two annual surveys viz. Survey of Ownership of deposits (BSR-4) and Survey of Investments of scheduled commercial banks (BSR-5) are published regularly in RBI Bulletin.

5. **Banking Statistics: Basic Statistical Returns 1&2, Volume 1 to 31: 1972 to 2002**

This publication on CD-ROM, presents the data in PDF format, published in BSR Volumes 1 to 31, collected through Basic Statistical Returns 1&2.

6. **Basic Statistical Returns of SCBs in India – Time-Series Publications**

Select data in time-series format based on Basic Statistical Returns 1&2 from 2001 onwards is released through RBI's Data Warehouse:

<http://dbie.rbi.org.in/DBIE/dbie.rbi?site=publications>. The website also provides Historical data published in past BSR Volumes in PDF format.

7. **Branch Banking Statistics**

This publication, brought out occasionally based on latest updated Master Office File

(MOF), provides summary information on branch banking of commercial bank offices in India.

8. Directory of Commercial Bank Offices in India – Branch Locator

Information on Commercial Bank offices in India is released through web (<http://dbie.rbi.org.in> -> Branch Locator). It gives locational details of functioning branch/offices of all scheduled commercial banks in India and is based on latest updated Master Office File (MOF).
