

FOREWORD

The Reserve Bank of India regularly brings out the Report on Currency and Finance, which was traditionally considered as a comprehensive source and record of economic developments. The structure of this Report has been re-oriented since 1998-99 from just documenting the economic developments to a 'theme-based report'. The theme-based Report offers the professional economists working in the Bank, an opportunity to work on relevant topic every year and make incisive analysis of the theme both in the global and the Indian context and come out with an analytical Report offering possible policy solutions to the issues examined. The dissemination of these Reports to a wider section of the user-community is an important exercise. The Report pertaining to the period between 1935-36 and 1998-99 are available only in printed form. The Reports from 1999-2000 have been placed on the Reserve Bank's website. In these days of widespread use of information technology, it is felt useful to bring out the Reports in a single DVD. I hope this will be an invaluable collector's item among the policy makers and academia.

The digitization process of the Reports was undertaken by Shri Ashok Kapoor, Chief Archivist, Reserve Bank of India Archives and supported by the services of Smt. Sandhya Dhavale, Assistant Librarian, under the guidance of Shri K.U.B. Rao, Adviser, Department of Economic Analysis and Policy and Shri Sandip Ghose, Principal and Chief General Manager, College of Agricultural Banking, Pune. I place on record my deep appreciation of their efforts.

INTRODUCTORY NOTE

The annual data presented in this volume generally relate to financial year (April-March) except where otherwise specified. Since 1970-71 continues to be the base year for most of the official series of index numbers, the data commencing with this year are presented. Data for the year 1975-76 being the mid-point for the decade 1970-1980, have been retained. The statistics in respect of the following statements are presented on calendar year basis since the agencies have compiled such statistics on calendar year basis. Those are: (i) Estimated employment in public and private sectors (No.12), (ii) Employment in public and private sectors in major industries and services (No.13), (iii) Number of applicants on live register of employment exchanges (No.14), (iv) Domestic production and imports of crude oil and petroleum products (No.17), (v) Index numbers of industrial production (No.18), (vi) Index numbers of industrial production - use based classification (No.19), (vii) Industrial production - selected items (No.20) and (viii) Capital

raised (paid-up) by non-government and government companies against consents/acknowledgements of proposals (No.54). Further, the following statements relate to the year July-June: (i) Area and production of agricultural commodities (No.15), (ii) Consumer price index numbers for agricultural labourers (No.25), (iii) Industrial Finance Corporation of India - industry-wise distribution of financial assistance sanctioned (No.57), (iv) Industrial Development Bank of India - Liabilities and Assets (No.59), (v) Industrial Development Bank of India - Amount sanctioned and cash disbursed (No.60), (vi) Operations of Unit Trust of India (No.63), (vii) Operations of National Bank for Agriculture and Rural Development (NABARD, erstwhile Agricultural Refinance and Development Corporation - ARDC) (No.64) and (viii) State-wise schemes sanctioned by NABARD (erstwhile ARDC) as at the end of June 1983 (No.65).

The statement 'Estimated Mid-year Population: 1971-1980' which had replaced statement on 'Distribution of population, sex ratio, growth rate and population in states/Union territories' last year, continues to be presented with revisions in the relevant data.

Effective September 25, 1975, the exchange rate of the rupee is determined on the basis of a basket of currencies of countries which are India's major trading partners, severing the earlier link with the Pound Sterling which, however, continues to remain India's intervention currency. In view of sharp fluctuations in foreign currency markets, the permissible margin for the variation in the value of rupee was widened from 2.25 per cent on either side to 5 per cent with effect from January 30, 1979. The revision effected in the rupee's exchange rate *vis-à-vis* the Pound Sterling are given in a separate statement No.117 in this volume.

Explanatory notes in respect of certain statements are given at the end of this volume under 'Notes on the Statements'. Wherever necessary, the figures have been rounded off to the nearest final digit in the Statements. For this reason, the constituent items may not necessarily add up to the total.

A line drawn between two consecutive rows/columns indicates that the figures given after the line are not comparable with those preceding it.

The following symbols have been used in this volume:

..	=	Figure is not available.
—	=	Figure is nil or negligible.
1 lakh	=	100,000.
1 million	=	10 lakhs.
1 crore	=	10 millions.

Note : 1. These annual estimates are based on annual series as on 1st March, 1901-1981, which has been made by breaking the decadal exponential growth rates into annual using Newtons Co-efficients. This method could not be used in case of Arunachal Pradesh as data for only three censuses was available. Arunachal Pradesh estimates have been done by using exponential rate of growth between 1971-81.

2. The aggregate over the States and Union Territories will not exactly tally with All-India which has been calculated directly. The differences however, are very minor.

3. These are provisional and would be revised as soon as 1981 Census final population totals are available.

@ Relates to 1981 Census and not to mid-year estimates.

Note: (1) The index numbers for the four groups viz., (i) Basic Industries, (ii) Capital Goods Industries, (iii) Intermediate Goods Industries and (iv) Consumer Goods Industries have been derived in R.B.I. by combining the indices for the individual industries, constituting each group/sub-group, using the respective weights. Weights of individual industries may not add to that of group as only selected industries are shown. The General Index may not always be strictly derivable from the constituent group indices as the former takes into account the latest revisions advised by the Central Statistical Organisation.

Notes: 1. Data do not cover Union Territories with legislatures. Data in respect of States relate to 22 States. Data for Sikkim and Assam for 1980-81 and 1981-82 respectively, relate to Revised Estimates.

2. The Figures from 1975-76 onwards in this Statement are not strictly comparable with those for 1970-71 due to changes in accounting classification of budget heads.

3. Figures for receipts and expenditure in the Statement are based on the budget documents of Central and State Governments as adjusted for Centre's grants and loans to States and for the States' interest payments and loan repayments to the Centre on the basis of data available in Central budget, so as to avoid double counting. Thus, (i) Revenue receipts of the States and Revenue expenditure of the Centre are adjusted for grants from the Centre to States; (ii) Revenue expenditure of the States and Revenue receipts of the Centre are net of interest payments to the Centre by the States; (iii) Capital receipts of the States and Capital disbursements of the Centre are adjusted for loans from the Centre to the States and (iv) Capital disbursements of the States and Capital receipts of the Centre are net of repayment of loans by the States to the Centre.

4. Capital receipts of the States are also adjusted for net receipts/repayments of ways and means advances and overdrafts from the/to the Reserve Bank of India. The data given in the State budgets have been used.

5. Figures in brackets are percentages to Gross Domestic Product at current market prices.

@ Includes the categories 'Ad hoc Licences', 'Customs Clearance Permits', 'Director General of Supplies and Disposals Contracts', 'Railway Contracts', 'Government and against Government Contracts', 'Co-operative Societies', 'Sole Agents', 'Replacement Licences', 'Blanket Licences', 'New comers', etc.

- Note:**
1. The category of 'Established Importers' was abolished in terms of the import policy for 1978-79. However, licences for a total value of Rs. 4.95 crores were issued during the year to the erstwhile 'Established Importers' under the Indo-Afghan trade agreement which was then in force.
 2. Since 1978-79 the coverage of the 'Actual users (Non-DGTD, Non-SSI)' category has been split up into 'Actual Users (Industrial)' and 'Actual Users (Non-Industrial)'.
 3. During 1977-78 heavy licensing was done under Free Licensing Scheme for import of edible oils, dates, dry fruits, spices, crude drugs, spares for machinery, viscose/polynosic fibre/acrylic fibre/polyester fibre/tow, etc., and hence the figures under 'others' category are not comparable with either the earlier or later periods.
 4. Data for 1977-78 in respect of State Trading Agencies and 'Others' are inclusive of import licences issued for P.O.L., products and subsequent enhancement in the value of these licences to the extent of Rs. 941.09 crores.
 5. With effect from 1978-79 import licences issued to Public Sector Refineries for import of petroleum products and subsequent enhancement in the value of these licences have been accounted for under the category 'Actual Users (Industrial)'.

Investments in other approved securities include investments in the (a) Securities of State associated bodies such as Electricity Board and Housing Board if the principal and interest on these securities are fully and unconditionally guaranteed by the respective State Governments, (b) Municipal Corporation Bonds issued in any Presidency town, (c) Debentures of Land Development Banks if the principal and interest thereon are fully and unconditionally guaranteed by the respective State Governments and (d) Shares of Regional Rural Banks. For details in respect of other items, reference may be made to 'Explanatory Notes on Current Statistics' issued as a Supplement to the R.B.I. Bulletin, October, 1978.

Statements 43 and 44 :

Ownership holding referred to in the statement relating to Primary Agricultural Credit Societies (PACS) means the total land holding of a cultivator and not that part of a holding which is actually under cultivation or that which has been charged or mortgaged to

the Society. Similarly, in the case of C.L.D.Bs. and P.L.D.Bs. ownership holding refers to the total land holding of the concerned cultivator and not the part of holding which is actually mortgaged to the Primary/State Land Development Bank.

Agricultural labourers refer to those having a homestead and earning 50 per cent or more of their income from activities connected with agriculture including animal husbandry such as, dairy and poultry. The remaining categories of members, e.g., artisans, traders, etc., are to be reported under 'Others'.

Statement 45 :

Following the recommendations of the Working Group constituted by the Government of India in 1975, six regional rural banks (RRBs) were initially established in seven districts of the country in the same year. The RRBs are State sponsored, regionally based and rural oriented banks. The main objective for setting up these banks is to provide credit and other facilities mainly to the small/marginal farmers, agricultural labourers and rural artisans, who had, by and large not been adequately served by the existing credit institutions comprising Commercial and Co-operative banks. Each RRB is sponsored by a Commercial bank (Kshetriya Kisan Gramin Bank, Mainpuri, U. P. was sponsored by U. P. State Co-operative Bank) which provides assistance in several ways, viz., subscription to its share capital, provision of managerial and financial assistance, etc. NABARD has extended certain concessions to the RRBs of granting assistance by way of refinance. The RBI allows maintenance of liquid assets by RRBs at a lower ratio than prescribed for commercial banks.

Statement 47 :

The data cover the number and amount of cheques, drafts, bills, interest warrants, payment orders, etc., which pass through the clearing houses, including the documents returned unpaid. Data do not cover cheques cashed over the counter, out-station cheques collected directly without passing through the clearing houses and transfer transactions.

Figures in the column for 'Other Centres' and consequently for the column 'All Centres' are not strictly comparable as the number of centres included under 'Other Centres' varies from time to time consequent upon the opening of new centres, etc.

Statement 49:

(a) The Reserve Bank of India Rate (Bank Rate) was raised from 5.00 per cent to 6.00 per cent on January 9, 1971, to 7.00 per cent from May 31, 1973, to 9.00 per cent from July 23, 1974 and to 10.00 per cent from July 11, 1981.

(b) Treasury Bill Rate of discount for sales on tap was raised from 3.00 per cent to 3.50 per cent from January 9, 1971, to 4.00 per cent from June 1, 1973, to 4.25 per cent from April 1, 1974 and to 4.60 per cent from July 23, 1974.

(c) (1) Demand Loan Rate

(i) Scheduled Commercial Banks

Changed from 15.50 per cent to 15.00 per cent from March 1, 1978, from 15.00 per cent to 18.00 per cent from September 13, 1979 and from 15.00-18.00 per cent to 16.15-19.40 per cent in July 1980 and from 16.15-19.40 per cent to 18.50 per cent from March 2, 1981.

(ii) Co-operative Banks

From January 1966, the rate relates to call loans of Rs. 1 lakh and above; loans below Rs. 1 lakh are charged half a per cent less; changed from 14.50 per cent to 13.50 per cent from March 1, 1978; with effect from July 1, 1980, the rates charged on demand loans to co-operative banks are same as those applicable to general categories of borrowers for similar advances.

(2) Call Money Rates

(i) The call money rates are the weighted arithmetic averages of the rates on which money is accepted and reported by selected scheduled commercial banks at Bombay,

Calcutta and Madras, the weights being proportional to the amount of money accepted during the period by the respective banks. Deposits requiring prior notice of any type for repayment are excluded.

(ii) As a follow-up of the Reserve Bank's decision to fix the maximum lending rate charged by commercial banks at 16.50 per cent effective from March 15, 1976, the Indian Banks' Association issued a directive to its members asking them not to demand or pay more than 12.50 per cent per annum on any inter-bank borrowings with effect from March 29, 1976. Subsequently, following the changes made by the Reserve Bank in the interest rate structure of banks, the Indian Banks' Association revised the ceiling rate on inter-bank call money transactions from time to time as follows: (a) 12.50 per cent to 10.00 per cent with effect from June 15, 1977, (b) 10.00 per cent to 8.50 per cent with effect from March 9, 1978 and (c) 8.50 per cent to 10.00 per cent with effect from April 14, 1980.

(3) Discount Rate

Changed from 14.00-16.50 per cent to 14.00-16.00 per cent from May 16, 1975, from 14.00-16.00 per cent to 13.00-15.00 per cent from March 1, 1978 and to 18.00-19.50 per cent from June 1981.

(d) Deposit rates were based on Inter-Bank Agreement upto September 1964 and on the Reserve Bank's directives thereafter. Deposit rates given here relate to (i) banks with demand and time liabilities (DTL) of Rs. 50 crores and above and foreign banks upto July 22, 1974, (ii) all banks between July 23, 1974 and end-January 1975 and (iii) banks with DTL of Rs. 25 crores and above from February 1, 1975.

(e) (i) Commercial banks which are authorised to deal in foreign exchange and which accept term-deposits having a maturity period of one year and above under the Foreign Currency (Non-Resident) Account Scheme and Non-Resident (External) Rupee Account Scheme shall pay, on such deposits, interest of 2 per cent per annum above the rates specified for local deposits.

(ii) Scheduled commercial banks with DTL upto Rs. 50 crores were allowed to pay an additional interest of between 1/8 percentage point and 1/2 percentage point per annum on fixed deposits of all maturities upto July 22, 1974. This concession was withdrawn from July 23, 1974. From February 1, 1975, however, banks with DTL of less than Rs. 25 crores were allowed to pay 0.25 per cent higher on term-deposits with maturity of 5 years and less. From March 2, 1981, the higher rate was allowed to be paid only on term-deposits of less than 3 years maturity.

(iii) From October 2, 1975, the Regional Rural Banks (RRBs) were permitted to pay on deposits accepted by them, interest higher by 0.50 per cent per annum than those prescribed for specified categories of deposits for periods upto 5 years. This was further amended to cover deposits with a maturity of more than 5 years also effective January 1, 1977, but from June 1, 1977 RRBs were allowed to continue to pay 0.50 percentage point more on fixed deposits upto five years only. From March 2, 1981, the higher rate was allowed to be paid only on term-deposits of less than 3 years maturity.

(iv) The central co-operative banks and the primary (urban) co-operative banks are allowed to pay, at their discretion, on fixed deposits additional interest of 0.50 per cent and 1.00 per cent, respectively. As regards State co-operative banks, while earlier all of them were allowed to pay 0.25 per cent more, from September 13, 1979 State co-operative banks in the Union Territories and in Tripura, Nagaland and Meghalaya are allowed to pay 0.50 per cent more, while banks other than those specified above are allowed to continue to pay 0.25 per cent more than the interest rate payable by commercial banks.

(f) A ceiling of 9.00 per cent was imposed on the lending rates of the Indian scheduled banks with aggregate DTL of Rs. 50 crores or above and all the foreign scheduled banks with effect from September 25, 1964; the rate was raised to 10.00 per cent from February 17, 1965, but reduced to 9.50 per cent from March 2, 1968. Since January 21, 1970, the ceiling on lending rates was withdrawn.

(g) With effect from March 15, 1976, the Bank had fixed the maximum lending rate to be charged by scheduled commercial banks, having DTL of Rs. 50 crores and over at 16.50 per cent. Banks with DTL of Rs. 25 crores and above but less than Rs. 50 crores were allowed to charge one percentage point higher (i.e., 17.50 per cent) than the ceiling rate of interest. The rate was inclusive of the 7 per cent levy on interest income from advances. The ceiling rate was not applicable in the case of banks with DTL of less than Rs. 25 crores. With the abolition of the tax of 7 per cent on interest income earned by banks, the maximum lending rate chargeable by banks was reduced to 15.00 per cent for banks with DTL of Rs. 25 crores and over and was fixed at 16.00 per cent for banks with DTL of less than Rs. 25 crores with effect from March 1, 1978. Effective September 13, 1979, the maximum lending rate on short-term advances was raised from 15.00 per cent to 18.00 per cent in respect of banks with DTL of Rs. 25 crores and above and from 16.00 per cent to 19.00 per cent in respect of banks with DTL below Rs. 25 crores. Certain categories of advances e.g., advances to priority sectors, export credit, credit to sick units, credit to Food Corporation of India, etc., were exempted from the increase in lending rates.

Consequent to the reimposition of the tax of 7 per cent on interest income of banks in 1980 the maximum lending rate inclusive of interest tax chargeable by banks was enhanced from July 1, 1980 from 18.00 per cent to 19.40 per cent in respect of banks with DTL of Rs. 25 crores and above and from 19.00 per cent to 20.50 per cent in respect of banks with DTL below Rs. 25 crores. Effective March 2, 1981, distinction among banks on the basis of DTL was abolished and a common ceiling rate of 19.50 per cent was introduced.

(h) In the revised interest rates structure which became effective from March 2, 1981, no general minimum lending rate was fixed but a broad framework of interest rates was provided with fixed rates on certain types of advances and ceiling rates on other types of advances. Wherever ceiling rates were prescribed, the rate of interest fixed for the preceding advance would serve as floor rate for advances in that category.

Statement 52:

The Government of India cancelled its credit guarantee scheme for small scale industries as at the close of business on 31st March 1981 and the Deposit Insurance and Credit Guarantee Corporation (DICGC) acting as agents of the Government, in the place of the Credit Guarantee Organisation exercises the rights and discharges the obligations of the Government arising out of or accruing under that scheme upto the date of its cancellation. Accordingly all credit facilities covered under that scheme and in respect of which a default had occurred prior to its cancellation will continue to be covered under that scheme. All claims pending as on the date of cancellation as also those preferred subsequently in respect of such default accounts are to be first met by the Corporation and reimbursement obtained from the Government periodically.

The credit institutions have been asked to furnish a complete list of all advances in default as on 31 March 1981 as the information received so far is incomplete. Information received so far from participating institutions shows the accounts in default as on 31 March 1981 at Rs. 173 crores. (This information, however, is incomplete as over 10,000 branches of credit institutions have yet to report the figures). These advances as stated earlier, will continue to be governed under the terms and conditions of the old scheme and guarantees can be invoked in respect of them any time in the future, there being no time limit therefor.

In view of the cancellation of the Government's scheme and to provide continuity of cover to advances previously covered by the cancelled scheme but not in default on March 31, 1981 and also to provide guarantee cover to fresh credit facilities sanctioned to small scale industrial units, the DICGC introduced its own guarantee scheme called Small Loans (SSI) Guarantee scheme, 1981 with effect from April 1, 1981.

The number of participating credit institutions under the corporation's new scheme was 305 as on December 1982. The guarantee advances to small scale industries as on June 30, 1982 amounting to Rs. 3822.13 crores which showed an increase of Rs. 105.70 crores as

compared to the guarantee advances as on March 31, 1981.

As on the date of cancellation of the scheme, claims amounting to Rs. 98.13 crores were pending with the erstwhile Credit Guarantee Organisation, and were transferred to the DICGC for disposal. During the year 1982, 10447 claims for an amount of Rs. 20.53 crores were received (in respect of accounts in default upto March 31, 1981) while 20,445 claims for Rs. 24.43 crores were disposed of. As on December 31, 1982, 29,292 claims amounting to Rs. 104.15 crores were pending.

Statements 78 to 80:

The receipts and disbursements given in these statements differ from the figures shown in the Annual Financial Statement (Budget of the Central Government) mainly because in these statements data on revenue account exclude figures relating to Posts and Telegraphs Department, Railways and States' share of the Union excise duties. Defence expenditure is shown on a net basis under revenue expenditure. In Capital Account, receipts other than market loans and external loans are shown on a net basis. Net variation in Treasury Bills is treated as financing item of surplus/deficit.

The figures for Revenue and Capital Accounts given in these statements are not comparable with those given in the Reports on Currency and Finance prior to 1973-74 due to changes in the accounting classification of the Budget. For a brief discussion on the new classification, please refer to Chapter V on 'Budgets and Public Debt' of the Report on Currency and Finance for 1973-74.

Statement 80:

Data from 1974-75 onwards cover expenditure on food subsidy under the head 'agriculture and allied services' as part of economic services and relief on account of natural calamities as part of 'social and community services' under developmental expenditure; in earlier years, data on the expenditure on these items were included under the head 'other expenditure' as part of non-developmental expenditure.

Statement 87:

The statement is prepared from the data given in the Finance Accounts of the Union Government and the Explanatory Memorandum on the Budget of the Central Government. In the Memoranda on Central Budgets prior to 1976-77, data on certain items like capital outlay on important departmental undertakings and investment in major autonomous corporations were separately shown and data on External Debt were shown country-wise and institution-wise. From 1976-77 onwards, these items are clubbed together and not shown separately by corporation/institution/country division. Consequent modifications have been made in this Statement beginning with the Report on Currency and Finance for 1975-76.

Statement 91:

and Special Drawing Rights (SDRs). Foreign currency and gold holdings are given in rupees, the method of valuation being as indicated in the footnotes to the statement.
