EXPLANATORY NOTES TO THE TABLES

I. General Explanations

1. The totals in the tables may not exactly tally with the sum of the constituent items on account of rounding off of the figures. Figures in brackets, in general, indicate percentage to totals. The unit lakh is equal to 1,00,000 and unit crore is equal to 1,00 lakh. '—' indicates nil or negligible. Source and notes on tables as appropriate to each table are given at the end of each table.
2. The item "profit" shown in certain tables (Table 5 and Table 49) is computed by subtracting interest expenses, operating expenses and provisions and contingencies from total earnings of the bank. This figure is compiled from the banks' published annual profit and loss accounts.
3. Tables 4 and 48 relating to the liabilities and assets of commercial banks have been compiled on the basis of banks published annual accounts as per the new formats effective from 1991-92.
4. The publication contains some tables (Nos.7, 8, 9, 10, 11, 12, 13, 14, 15, 35, 36, 37, 38 and 39) based on data collected under the Basic Statistical Return (BSR) system introduced by the Reserve Bank of India in December 1972, replacing the earlier Uniform Balance Book (UBB) system. The deposits figures in these tables based on BSR data exclude inter-bank deposits and the advances data in these tables comprise term loans, cash credit, overdraft, bills purchased and discounted, bills rediscounted under the New Bill Market Scheme and due from banks. The data collected under some of the banking surveys conducted by the Reserve Bank of India have also been presented in this publication. These relate to the 'Survey of Ownership of Deposits'(BSR 4) and 'Survey of Investments' (BSR 5) of the Scheduled Commercial Banks and related data are presented in Tables 10, 11 and 12.
5. Certain tables have been included in this publication since 1970 to bring out the progress achieved in the light of various policy directions given to the banks subsequent to the nationalisation of the major banks. These relate to (i) Occupation-wise classification of banks advances (Table 13); (ii) Advances to priority sectors (Table 16 to Table 21); (iii) Advances to exporters (Table 22); (iv) Advances under differential rates of interest scheme (Table 23); (v) Scheduled commercial Banks' advances for food procurement operations (Table 24) and (vi) Deposits and credit of offices of Scheduled Commercial Bank Branches opened after nationalisation (Table 37 and Table 38).
6. From the 1984 edition, a new table No.34 showing liabilities and assets of Urban Co-operative Banks as furnished by them in form IX to the Urban Banks Department has been introduced.
7. Three new tables have been added to this edition. These relate to (i) Month-wise assets and liabilities of Scheduled Commercial Banks in India according to bank groups (Table 4A), (ii) Classification of assets of Public Sector Banks (Table 6A) and (iii) Liabilities and assets of Indian Scheduled Commercial Banks in foreign countries (Table 45).
8. Data relating to the year 1996 in Tables 48 and 49 are blank in respect of some banks. This indicates that those banks were not operating in India in the year 1996.
