Price for Print Version along with CD-ROM :

In India	-	Rs. 200 (Normal)
	-	Rs. 250 (Inclusive of postage)
	-	Rs. 190 (Concessional)
Abroad	-	US \$ 25 (Inclusive of postage)

FOREWORD

The Reserve Bank of India has been publishing the series *Handbook of Statistics on the Indian Economy* since 1998, with a view to improving data dissemination by providing a storehouse of statistical information at one place. The *Handbook* provides time series data at annual, quarterly, monthly and higher frequencies in respect of real, monetary, fiscal, banking, financial and external sectors of the Indian economy.

In addition to the *Handbook of Statistics on the Indian Economy*, the Reserve Bank has taken the initiative to bring out sectoral handbooks to provide in one place time-series of disaggregated data relating to a particular sector. As a part of this initiative, the *Handbook of Statistics on State Government Finances* was published in 2004. This process is being carried forward with the publication of the present volume titled *Handbook of Monetary Statistics of India*. This volume provides disaggregated data on monetary, banking, prices and select financial market statistics at annual as well as monthly/fortnightly/weekly frequencies. Data are provided in most cases from 1950-51 onwards and in the case of the Reserve Bank's balance sheet and profit and loss account from the inception of the Bank, *i.e.*, 1935 onwards. This publication is expected to be useful for researchers, policy makers, financial market participants, and analysts interested in monetary economics. This *Handbook* is being released in three versions *viz.*, in printed form, as a CD-ROM and as a web-based source (www.rbi.org.in).

The *Handbook* was prepared in the Department of Economic Analysis and Policy (DEAP) under the overall guidance of Dr. Narendra Jadhav, Principal Adviser and Chief Economist. The work relating to the publication was entrusted to the Division of Money and Banking in the Department of Economic Analysis and Policy. Shri Muneesh Kapur, Director, supervised the task of publication of the volume and the process of organising the data in a consistent manner was undertaken by a team comprising Shri Binod B. Bhoi, Smt. Sangeeta Das, S/Shri Abhijit Pathak, M. Ramaiah, Satyananda Sahoo and Siddhartha Sanyal. They were ably supported by Shri V.R. Palekar and Smt. Alka Vamana along with staff members Shri Harish Aure, Shri J.B. Bhoj, Smt. Usha Chugh, Smt. Swati Joshi, Shri W.D. Kane, Kum. Yamini Khasnis, Smt. Sampada Korlekar, Smt. Christinal Richard, S/Shri C.R. Tambde, Pramod Sawant and R.M. Shelar. The intensive and dedicated efforts of all the officers and staff members in organising the historical time series deserve high appreciation. In preparation of the *Handbook*, inputs were also provided by various Divisions of the Department and other Departments of the Bank *viz.*, Department of Statistical Analysis and Computer Services, Department of Banking Supervision, Deposit Insurance and Credit Guarantee Corporation, Financial Markets Department, Internal Debt Management Department and Monetary Policy Department.

We welcome feedback/comments on the *Handbook*. Comments may be sent to the Director, Division of Money and Banking, Department of Economic Analysis and Policy, Reserve Bank of India, Shahid Bhagat Singh Road, Mumbai-400001 or *via* email to mkapur@rbi.org.in.

Rakesh Mohan
Deputy Governor
March 3, 2006

@ After making the usual or necessary provisions in terms of section 47 of the Reserve Bank of India Act, 1934. From 1987-88 onwards, income is before contributions to statutory funds such as NIC(LTO) Fund, NRC(LTO) Fund, NRC(Stabilisation) Fund and NHC(LTO) Fund. Hitherto, the contribution to these Funds was adjusted against income.

* The format of the Reserve Bank's Profit and Loss Account was amended during 1987-88. Under the new format, interest payments made by the Reserve Bank have been shown as an item of expenditure effective 1987-88. Hitherto, these interest payments were netted against interest income.

These funds are maintained by National Bank for Agriculture and Rural Development (NABARD).

Note : 1. For 1935 data pertain to April-December; for 1936 to 1939 data pertain to January-December; and for 1940 data pertain to January-June. For all years thereafter, data pertain to July-June.

2. Surplus payable to Central Government for the years 1935, 1936 and 1937 refers to surplus payable to Governor-General in Council.

3. "Remittance of Treasure" for the year 1975-76 is after adjusting for recovery of Rs.1.1 crore against payment made in the previous years while that for 1978-79 is after adjusting for excess provision of Rs.3.0 crore in the previous year.

Also see Notes on Tables.

CRR : Cash Reserve Ratio.

SLR : Statutory Liquidity Ratio.

DL : Demand Liabilities.

TL : Time Liabilities.

* : Data for CRR are as percentage of domestic net demand and time liabilities (NDTL) as per Section 42 of the RBI Act, 1934.

** : Till March 29, 1985, banks were required to maintain SLR as a prescribed proportion of gross DTL as on every Friday in the following week on a daily basis. Thereafter, it is maintained daily on a fortnightly basis as a prescribed portion of net DTL as on last Friday of second preceding fortnight. Data pertain only to domestic deposits.

@ : Excluding additional reserve requirements or release/exemption of CRR on incremental NDTL.

^ : Refers to announcement dates.

+ : SLR on NDTL as on April 3, 1992.

: In addition, there was 30% SLR on the increase in NDTL over April 3, 1992 level.

^^ : SLR on NDTL as on September 17, 1993.

\$: In addition, there was 25% SLR on the increase in NDTL over September 17, 1993 level.

! : SLR on NDTL as on September 30, 1994.

& : In addition, there was 25% SLR on the increase in NDTL over September 30, 1994 level.

@@ : In order to improve cash management by banks, effective from the fortnight, CRR is required to be maintained by every scheduled commercial bank based on its NDTL as on the last Friday of the second preceding fortnight.

: With effect from October 29, 2004, nomenclature of repo and reverse repo has been interchanged as per international usage. Prior to that date, repo indicated absorption of liquidity, while reverse repo meant injection of liquidity. Effective October 29, 2004, repo indicates injection of liquidity and reverse repo indicates absorption of liquidity. The nomenclature in this Table is based on the new use of terms even for the period prior to October 29, 2004. The reverse repo and repo rates in this Table pertain to the period since the introduction of the Liquidity Adjustment Facility on June 5, 2000.

P : Provisional (except for SCBs).

SCBs : Scheduled Commercial Banks.

RRBs : Regional Rural Banks.

REC : Rural Electrification Corporation Ltd.

* : Disbursements to priority sector as at end-June.

: Priority sector advances as at end-March.

Note : 1. In case of co-operatives and RRBs, data upto 1990-91 pertain to the period July-June and April-March thereafter. In case of SCBs, data for all the years pertain to July-June period.

2. RRBs came into existence in 1975-76.

3. Data for loans from co-operatives since 1993-94 are not strictly comparable with the earlier period as many defaulters became non-defaulters with the implementation of Agricultural and Rural Debt Relief (ARDR) Scheme resulting in an increase in the assistance from banks. Furthermore, introduction/stabilisation of Lead Bank Returns (LBR), increase in the number of banks as also increase in the awareness and consequent improvement in the data maintenance and reporting system at the field level, have resulted in an increase in the amount of loans reported in subsequent years.

Also see Notes on Tables.

P : Provisional. FI : Financial Institution.

* : For Unit Trust of India (UTI), data are gross values (with premium) of net sales under all domestic schemes.

@ : Excludes re-investment sales.

** : Data pertain to UTI Mutual Fund for the period February 01, 2003 to March 31, 2004, being the first year in operation after the bifurcation of erstwhile UTI into UTI Mutual Fund and Specified Undertaking of the Unit Trust of India.

: Data pertain to UTI Mutual Fund only.

Note : 1. Data in parentheses pertain to net sales at face value (excluding premium).

2. Data from 1970-71 to 1990-91 for UTI relate to July-June period.

Also see Notes on Tables.

Source : UTI and respective mutual funds.

P : Provisional.

@ : IRBI was renamed as Industrial Investment Bank of India Ltd. (IIBI) with effect from March 27, 1997.

: SCICI Ltd. was merged with ICICI Ltd. with effect from April 1, 1996.

* : RCTC was renamed as IFCI Venture Capital Fund (IVCF) with effect from February 28, 2000.

** : TDICI was renamed as ICICI Venture Funds Management Company Ltd. with effect from October 8, 1998.

^ : Data include General Insurance Corporation of India, New India Assurance Company Ltd. and United India Insurance Company Ltd.

\$: Includes subscriptions to public sector bonds.

\$\$: Pursuant to the Industrial Development Bank (Transfer of Undertaking and Repeal) Act, 2003, IDBI Act was repealed on October 1, 2004 and IDBI became a bank (IDBI Ltd.). The sanctions and disbursements during 2004-05 consist of sanctions and disbursements made by IDBI during April-September 2004 and by Development Banking Strategic Business Unit (DBSBU) of IDBI Ltd. during October-March 2004-05.

Note : 1. Data in parentheses indicate assistance net of inter-institutional flows which are reckoned for the purpose of total assistance.

2. IDBI's data upto 1989-90 include assistance to small sector.

3. SIDBI commenced operations in April 1990, TDICI in July 1988, TFCI in February 1989 and GIC in 1973.

4. SCICI's assistance for 1987-88 covers the period from January 1987 to March 1988.

5. RCTC's assistance up to 1987 relates to the calendar year; for 1988-89 to January-March and from 1989-90 onwards to April-March.

6. Totals are adjusted for inter-institutional flows.

^ : Claims received and settled by the Credit Guarantee Corporation of India Ltd. (incorporated in 1971). The CGCI Ltd. was taken over by DICGC in July 1978.

+ : Data relate to April-December 1981.

\$: Data relate to end-December.

** : Data relate to January 1988-March 1989.

: Data relate to June 1988.

@ : Data do not include 15,25,601 claims amounting to Rs.448.35 crore submitted on tape which were returned to the banks due to tape read error.

@@ : Claims referred back to the banks for certain clarifications, settled in 2001-02.

Note : Following the modification in the terms and conditions of the Credit Guarantee Scheme in April 1995, number of banks participating in this scheme gradually started declining. Since 2003-04, no bank is participating in this scheme. The corporation is, therefore, not operating these schemes now.

: Refers to the deposit rates of 5 major public sector banks as at end-March.

@ : Refers to the Benchmark Prime Lending Rates of 5 major public sector banks.

^ : Up to February 10, 2006.

^^ : Up to January, 2006.

: Data for Dividend Rate and Yield Rate are based on data received from Unit Trust of India.

@@ : Based on redemption yield which is computed from 2000-01 as the mean of the daily weighted average yield of the transactions in each traded security. The weight is calculated as the share of the transaction in a given security in the aggregated value of transactions in the said security. Prior to 2000-01, the redemption yield was not weighted and was computed as an average of daily prices of each security.

\$: Relates to long-term prime lending rates in January 2000.

* : Long-term (over 36-month) PLR.

** : Single PLR effective July 31, 2003.

*** : Not applicable since IDBI's conversion into a banking entity effective October 11, 2004.

Note : 1. ICICI ceased to be a term lending institution after its merger with ICICI Bank.
 2. Figures in brackets indicate lending rate charged to small scale industries.
 3. For superscripts (i) to (viii) on items in this table, see Notes on Tables.

Source : 1. Respective financial institutions.

AC : All commodities.

PA : Primary articles.

FA : Food articles.

NF : Non-food articles.

FPL&L : Fuel, power, light & lubricants.

MP : Manufactured products.

Note : 1. Major groups/sub-groups under the various series are not strictly comparable on account of changes in classification of commodities over time.

2. In the series (Base: 1961-62=100), MP comprises sub-groups chemicals, machinery and transport equipment and manufactures.

Also see Notes on Tables.

CDs : Certificates of Deposit; L₁, L₂ and L₃ : Liquidity Aggregates; NBFCs : Non-Banking Financial Companies

- Notes :**
- Postal Deposits comprise post office savings bank deposits, post office time deposits, post office recurring deposits, other deposits and post office cumulative time deposits.
 - Financial Institutions (FIs), here, comprise IFCI, EXIM Bank, IIBI, SIDBI, NABARD, NHB, TFCl and IDFC. Since October 2004, data on FI's do not include that of IDBI reflecting its conversion into a banking entity.
 - Since July 2001, the term money borrowings of the FIs comprise borrowings from corporate and others.
 - Since August 2002, Term Deposits include CP and Others.
 - Estimates of public deposits are generated on the basis of returns received from all NBFCs with public deposits of Rs. 20 crore and more as had been recommended by the Working Group.
 - While L₁ and L₂ are compiled on a monthly basis, L₃ is compiled on a quarterly basis.
 - Data are provisional. Wherever data are not available, the estimates for the last available month have been repeated.

Also see Notes on Tables.

P : Provisional.

C : Currency with the public.

DD : Demand deposits with banks.

BR : Bank reserves (balances with RBI plus cash with banks).

AD : Aggregate deposits.

RM : Reserve money.

M₁ : Narrow money.

M₃ : Broad money.

GDP : Gross Domestic Product at current market prices.

Note : Data are based on average monetary aggregates and annual GDP.

AC : All commodities.

PA : Primary articles.

FA : Food articles.

NF : Non-food articles.

FPL&L : Fuel, power, light & lubricants.

MP : Manufactured products.

Note : 1. Major groups/sub-groups under the various series are not strictly comparable on account of changes in classification of commodities over time.

2. In the series (Base: 1961-62=100), MP comprises sub-groups chemicals, machinery and transport equipment and manufactures.

NOTES ON TABLES

Tables 1 to 4

- (i) Rupee coins and small coins include ten-rupee coins issued since October 1969, two rupee-coins issued since November 1982 and five rupee coins issued since November 1985.
- (ii) 'Deposits - Banks' represent balances maintained by banks in the current account with the Reserve Bank mainly for maintaining Cash Reserve Ratio (CRR) and as working funds for clearing adjustments.
- (iii) 'Deposits - Others' include deposits from foreign central banks, multilateral institutions, financial institutions, RBI employees' provident fund deposits, surplus earmarked pending transfer to the Government and sundry deposits.
- (iv) 'Reserve Fund' comprises initial contribution of Rs.5 crore made by the Government of India and appreciation of Rs.6,495 crore on account of revaluation of gold up to October 1990. Subsequent gains/ losses on monthly revaluation of gold are taken to Currency and Gold Revaluation Account (CGRA).
- (v) Other liabilities include internal reserves and provisions of the Reserve Bank such as Exchange Equalisation Account (EEA), Currency and Gold Revaluation Account (CGRA), Contingency Reserve and Asset Development Reserve. The reserves, viz., Contingency Reserve, Asset Development Reserve, CGRA and EEA reflected in 'Other Liabilities' are in addition to the 'Reserve Fund' of Rs.6,500 crore held by the Reserve Bank as a distinct balance sheet head. Gains/ losses on valuation of foreign currency assets and gold due to movements in the exchange rates and/or prices of gold are not taken to Profit and Loss Account but instead booked under a balance sheet head named as CGRA. The balance represents accumulated net gain on valuation of foreign currency assets and gold. CGRA was earlier known as Exchange Fluctuation Reserve (EFR). The balance in EEA represents provision made for exchange losses arising out of forward commitments. Contingency Reserve represents the amount set aside on a year-to-year basis for meeting unexpected and unforeseen contingencies including depreciation in value of securities, exchange guarantees and risks arising out of monetary/ exchange rate policy compulsions. In order to meet the internal capital expenditure and make investments in subsidiaries and associate institutions, a further specified sum is provided and credited to the Asset Development Reserve.
- (vi) Other assets comprise mainly fixed assets, gold holdings in the Banking Department, amounts spent on projects pending completion and staff advances.
- (vii) Consequent to the establishment of NABARD, data from 1982-83 are not comparable with those of the earlier periods. National Rural Credit (Stabilisation) Fund and National Rural Credit (LTO) Fund were earlier designated as National Agricultural Credit (Stabilisation) Fund and National Agricultural Credit (LTO) Fund, respectively, and were maintained by the Reserve Bank of India prior to the formation of NABARD on July 12, 1982.
- (viii) Data on loans and advances to ARDC/NABARD since 1980-81 relate to NABARD.
- (ix) Consequent to the establishment of NABARD, the data on loans and advances to State co-operative banks from the year 1982-83 are not comparable with those of the earlier periods.
- (x) Following the announcement in the Union Budget for 1992-93, it was decided to discontinue the practice of appropriating amounts from the Reserve Bank of India for advancing loans to industrial and agricultural financial institutions, before transferring the surplus profits of the Reserve Bank to the Government of India. Therefore, no allocation was made to IDBI, EXIM Bank, IIBI, and SIDBI out of NIC (LTO) Fund and to NHB out of NHC (LTO) Fund in 1992-93. Thereafter, the Reserve Bank has been making only token contributions to these funds. It was decided in 1997-98 to transfer the unutilised balance in the NIC (LTO) Fund arising from repayments to Contingency Reserve on a year-to-year basis. Furthermore, loans and advances granted out of NIC (LTO) Fund by the Bank have been transferred on March 30, 2002 to the Government of India.
- (xi) Loans and advances to State Governments also include temporary overdrafts to State Governments.
- (xii) Balances held abroad include cash, short-term securities and fixed deposits.

- (xiii) The gold reserves of Issue Department were valued at Rs. 21.24 per *tola* till October 5, 1956; thereafter, at Rs. 62.50 per *tola* till January 31, 1969 and subsequently at Rs. 98.44 per *tola* (Rs.84.39 per 10 gms) up to October 16, 1990. From October 17, 1990 gold is valued at the end of the month at 90 per cent of the daily average price quoted at London for the month. The rupee equivalent is determined on the basis of exchange rate prevailing on the last business day of the month. Unrealised gains/ losses are adjusted to the Currency and Gold Revaluation Account (CGRA).
- (xiv) Data may not add up due to rounding-off.

Tables 5 to 7, 50 to 55, 71 to 74, 78 and 79

- (i) Key monetary and liquidity measures compiled in India and their definitions are set out in the following Table. A detailed evolution of methodology of compilation of monetary aggregates over time is set out in Annex.

Table: Measures of Monetary and Liquidity Aggregates		
Reserve Money (M_0)	=	Currency in circulation + Bankers' deposits with the RBI + 'Other' deposits with the RBI = Net RBI credit to the Government + RBI credit to the commercial sector + RBI's claims on banks + RBI's net foreign assets + Government's currency liabilities to the public – RBI's net non-monetary liabilities
M_1	=	Currency with the public + Demand deposits with the banking system + 'Other' deposits with the RBI.
M_2	=	M_1 + Savings deposits of post office savings banks
M_3	=	M_1 + Time deposits with the banking system. = Net bank credit to the Government + Bank credit to the commercial sector + Net foreign assets of the banking sector + Government's currency liabilities to the public – Net non-monetary liabilities of the banking sector
M_4	=	M_3 + All deposits with post office savings banks (excluding National Savings Certificates).
NM_1	=	Currency with the public + Demand deposits with the banking system + 'Other' deposits with the RBI.
NM_2	=	NM_1 + Short-term time deposits of residents (including and up to the contractual maturity of one year)
NM_3	=	NM_2 + Long-term time deposits of residents + Call/Term funding from financial institutions.
L_1	=	NM_3 + All deposits with the post office savings banks (excluding National Savings Certificates).
L_2	=	L_1 + Term deposits with term lending institutions and refinancing institutions (FIs) + Term borrowing by FIs + Certificates of deposit issued by FIs.
L_3	=	L_2 + Public deposits of non-banking financial companies.
Net bank credit to Government	=	Net RBI credit to the Government (<i>i.e.</i> , Net RBI credit to the Centre + Net RBI credit to the State Governments) + Other banks' credit to the Government
Bank credit to the commercial sector	=	RBI credit to the commercial sector + Other banks' credit to the commercial sector
Net foreign assets of the banking sector	=	RBI's net foreign assets + Other banks' foreign assets
Net non-monetary liabilities of the banking sector	=	RBI's net non-monetary liabilities + Net non-monetary liabilities of other banks.

- (ii) The monthly data relate to the last Friday of the month for the period 1950-51 to 1984-85 and for the subsequent period these pertain to the last reporting Friday of the month, except for March in which case they incorporate data relating to a) the Reserve Bank as on March 31, and b) scheduled commercial banks as on the last reporting Friday (last Friday prior to March 1985) of the year.
- (iii) Banks include commercial and co-operative banks. The coverage of co-operative banks has increased over time (see Annex). As regards co-operative banks, data upto February 1970 include State co-operative banks, while that from March 1970 onwards are also inclusive of central co-operative banks and primary co-operative banks.
- (iv) The details of the compilation of the new monetary/banking aggregates are available in the *Report of the Working Group on Money Supply: Analytics and Methodology of Compilation (WGMS)* (Chairman: Dr. Y. V. Reddy), June 1998. The acronyms NM_1 , NM_2 and NM_3 are used to distinguish the new monetary aggregates as proposed by the WGMS from the existing monetary aggregates.

- (v) Monetary data have been revised since April 1992 in line with the new accounting standards and consistent with the methodology suggested by the *WGMS*. The revision is in respect of pension and provident funds with commercial banks which are classified as other demand and time liabilities and includes those banks which have reported such changes so far.
- (vi) There was a change in the treatment of apportionment of savings deposits into its two components - demand and time in March 1978. Savings bank accounts are now bifurcated into demand and time portions depending on whether interest is actually paid on such deposits vide circular DBOD. No. Ref. BC. 127/C-96 (Ret)-77 dated October 15, 1977. Banks are required to report (vide circular DBOD. No. Ref. BC.142/09.16.001/97-98 dated November 19, 1997) such classification on the basis of the position as at close of business at September 30 and March 31 instead of as at end-June and as at end-December as done hitherto.
- (vii) Available data on demand deposits of scheduled banks for the period prior to November 1960 were inclusive of inter-bank deposits. Inter-bank deposits are, however, not a part of money supply. As separate data on inter-bank deposits were not available for the period prior to November 1960, estimates of inter-bank deposits were derived based on information available in the corresponding data on demand deposits obtained from Form XIII (see pages 1215-1220 of the RBI Bulletin, August 1962 for detailed estimation methodology). These estimates of inter-bank deposits have been deducted from demand deposits in Tables 5, 7, 50, 78 and 79 for the period up to November 1960.
- (viii) Scheduled commercial banks' time deposits take into account Rs.17,945 crore on account of proceeds arising from Resurgent India Bonds (RIBs) on August 28, 1998; Rs.25,662 crore on account of proceeds from India Millennium Deposits (IMDs) on November 17, 2000; the redemption of RIBs of Rs.22,693 crore on October 1, 2003; and the redemption of IMDs of Rs. 31,959 crore on December 29, 2005.
- (ix) NM₂ and NM₃ are based on the residency concept and hence do not directly reckon non-resident foreign currency repatriable fixed deposits in the form of FCNR(B) deposits, Resurgent India Bonds (RIBs) and India Millennium Deposits (IMDs).
- (x) On the establishment of the National Bank for Agricultural and Rural Development (NABARD) on July 12, 1982, certain assets and liabilities of the Reserve Bank were transferred to NABARD, necessitating some re-classification of aggregates on the sources side of money stock since that date.
- (xi) The Reserve Bank's credit to the commercial sector represents investments in bonds/shares of financial institutions, loans to them and holdings of internal bills purchased and discounted. In case of the new monetary aggregates, the RBI's refinance to the NABARD, which was earlier part of RBI's claims on banks, has been classified as part of RBI credit to commercial sector.
- (xii) The Reserve Bank's net foreign exchange assets take into account the impact of appreciation in the value of gold following its revaluation close to international market price effective October 17, 1990. Such appreciation has a corresponding effect on Reserve Bank's net non-monetary liabilities.
- (xiii) In the new monetary aggregate NM₃, capital account consists of paid-up capital and reserves. 'Other Items (net)' is the residual balancing the components and sources of the monetary and banking accounts and includes other demand and time liabilities, net inter-bank liabilities *etc.* as applicable.

Tables 9, 56, 75, 80 and 81

- (i) Banking data pertain to scheduled banks from 1950-51 to 1965-66 and to scheduled commercial banks (SCBs) from 1966-67 onwards.
- (ii) The monthly data relate to the last Friday of the month for the period 1950-51 to 1984-85 and for the subsequent period these pertain to the last reporting Friday of the month.
- (iii) Demand deposits include all liabilities which are payable on demand and include current deposits, demand liabilities portion of savings bank deposits, margins held against letters of credit/guarantees, balances in overdue fixed deposits, cash certificates and cumulative/recurring deposits, outstanding Telegraphic Transfers (TTs), Mail Transfer (MTs), Demand Drafts (DDs), unclaimed deposits, credit balances in the Cash Credit account and deposits held as security for advances which are payable on demand.
- (iv) Time deposits are those which are payable otherwise than on demand and they include fixed deposits, cash certificates, cumulative and recurring deposits, time liabilities portion of savings bank deposits, staff security deposits, margin held against letters of credit if not payable on demand, deposits held as securities for advances which are not payable on demand, and gold deposits.

- (v) Other Demand and Time Liabilities (ODTL) include interest accrued on deposits, bills payable, unpaid dividends, suspense account balances representing amounts due to other banks or public, net credit balances in branch adjustment account, any amounts due to the "Banking System" which are not in the nature of deposits or borrowing. Such liabilities may arise due to items like collection of bills on behalf of other banks and interest due to other banks.
- (vi) Assets with banking system include balances with banks in current accounts, balances with banks and notified financial institutions in other accounts, funds made available to the banking system by way of loans or deposits repayable at call or short notice of a fortnight or less and loans other than money at call and short notice made available to the banking system.
- (vii) There was a change in the treatment of apportionment of savings deposits into its two components - demand and time in March 1978. Savings bank accounts are now bifurcated into demand and time portions depending on whether interest is actually paid on such deposits.
- (viii) Since November 25, 1960, the definition of bank credit conforms to the present definition of bank credit, namely, the sum of (a) loans, cash credit and overdrafts, and (b) inland and foreign bills - purchased and discounted. Data for 1950-51 are inclusive of 'money at call and short notice' and 'due from banks' but exclude 'foreign bills purchased and discounted'. The series for 1952-53 to 1953-54 includes 'due from banks' but excludes 'foreign bills purchased and discounted'. The series for 1954-55 to 1960-61 (up to October 1960) is inclusive of 'due from banks'. (For details, see the article "Major Banking Aggregates : 1950-51 to 1997-98" *RBI Bulletin*, November 1998).

Tables 11, 12 and 82

- (i) Data relate to select scheduled commercial banks which account for about 90 per cent of the bank credit extended by all scheduled commercial banks.
- (ii) Gross bank credit data include bills rediscounted with RBI, IDBI, EXIM Bank, other approved financial institutions and inter-bank participations. Net bank credit data are exclusive of bills rediscounted with RBI, IDBI, EXIM Bank and other approved financial institutions.

Table 14

- (i) Data on SCBs maturity pattern of term deposits exclude inter-bank deposits and for the year 1990, data cover only about 72 per cent of the total term deposits.

Table 15

- (i) Short-term finance outstanding to:
 - (a) IFCI was made under Section 17(4B)(b) of the Reserve Bank of India Act, 1934.
 - (b) SFCs was made under Section 17(4A)/17(BB)(b) of the Reserve Bank of India Act, 1934. SFCs also include Tamil Nadu Industrial Investment Corporation Ltd.
 - (c) ICICI was made under Section 17(4BB)(b) of the Reserve Bank of India Act, 1934.
 - (d) IDBI was made under Section 17(4H)(b) of the Reserve Bank of India Act, 1934.
 - (e) DFHI was made under Section 17(4BB)(a) and 17(4.1) of the Reserve Bank of India Act, 1934.
- (ii) Refinance facility under Section 17(4.1) of the Reserve Bank of India Act, 1934 was withdrawn with effect from August 25, 1994 and that under Section 17(4BB)(a) was withdrawn effective from June 4, 1996.
- (iii) Consequent to coming into force of the Public Financial Institutions Laws (Amendment) Act, 1975, shareholding of the Reserve Bank of India in all the SFCs and IDBI was transferred to and vested with IDBI and Government of India, respectively, from February 16, 1976.
- (iv) Long-term finance to:
 - (a) Export-Import Bank of India is given out of NIC (LTO) Fund for the purpose of any business of the Exim Bank.
 - (b) Industrial Investment Bank of India (previously known as Industrial Reconstruction Bank of India) is given out of NIC (LTO) Fund for the purpose of any business of IIBI.

- (c) National Housing Bank (NHB) is given out of National Housing Credit (LTO) Fund for the purpose of any business of NHB, under Section 46C(2)(c) of Reserve Bank of India Act, 1934.
- (d) Small Industries Development Bank of India (SIDBI) is given out of NIC (LTO) Fund for any of the eligible purposes stipulated in Section 46C(2)(c) of Reserve Bank of India Act, 1934.
- (v) Following announcement in the Union Budget for 1992-93, it was decided to discontinue the practice of appropriating amounts from the Reserve Bank of India for advancing loans to industrial and agricultural financial institutions, before transferring the surplus profits of the Reserve Bank to the Government of India. Therefore, no allocation was made to IDBI, EXIM Bank, IIBI, and SIDBI out of NIC (LTO) Fund and to NHB out of NHC (LTO) Fund in 1992-93. Thereafter, the Reserve Bank has been making only token contributions to these funds. Furthermore, loans and advances granted out of NIC (LTO) Fund by the Bank have been transferred on March 30, 2002 to the Government of India.

Tables 16, 17 and 18

- (i) Direct institutional credit for agriculture includes loans advanced to agriculture by institutions such as co-operatives, scheduled commercial banks, regional rural banks and State Governments. These loans are issued directly to the beneficiary/borrower by the concerned institutions.

Table 19

- (i) Indirect institutional credit for agriculture (i) comprises loans advanced for agriculture and allied activities to promote agricultural productivity or increase agricultural income. These loans are advanced by institutions such as co-operatives, scheduled commercial banks, regional rural banks and Rural Electrification Corporation Ltd. These loans are normally routed through some other agency/conduit/tier.

Table 22

- (i) Total direct finance includes short-term, medium-term and long-term loans to farmers for agricultural operations and other types of direct finance to farmers. "Other types of indirect finance" include advances to State-supported corporations/agencies for on-lending to weaker sections in agriculture (*i.e.*, small and marginal farmers and those engaged in allied activities with limits up to Rs.10,000).

Table 23

- (i) The small scale industries (SSI) sector covers a wide spectrum of industries categorised under (a) small scale industrial undertakings, (b) Ancillary Industrial Undertakings (ANC), (c) Export Oriented Units (EOU), (d) Tiny Enterprises (TINY), (e) Small Scale Service Enterprises (SSSEs), (f) Small Scale Service Business (Industry Related) Enterprises (SSSBs), (g) artisans, village and cottage industries, and (h) women entrepreneurs' enterprises, *i.e.*, a small scale unit where one or more women entrepreneurs have not less than 51 per cent financial holding.
- (ii) The definition of small scale industries sector is broadly based on the criterion of original value of plant and machinery which is revised periodically (Table). A small scale industry cannot be owned, controlled or be subsidiary of another industrial undertaking.

Table : Upper Limit of Original Value of Plant and Machinery

(Rupees lakh)

Year	SSI	ANC	TINY	EOU	SSSEs	SSSBs	Year	SSI	ANC	TINY	EOU	SSSEs	SSSBs
1	2	3	4	5	6	7	1	2	3	4	5	6	7
1970	7.5	10	–	–	–	–	1991	60	75	5@	75	**	5
1975	10	15	–	–	–	–	1997	300	300	25	300	–	5
1977	10	15	1*	–	–	–	1999	100	100	25	Same	–	5
1980	20	25	2*	–	–	–					as SSI		
1985	35	45	2	–	2 #	–	2000	100	100	25	Same	–	10
											as SSI		

* : Units located in rural areas/towns with maximum population of 50,000 as per 1971 census.

: Units located in rural areas/towns with maximum population of 5 lakhs as per 1981 census.

@ : The location-specific condition was withdrawn.

** : The SSSEs classification was suspended in 1990-91 and replaced by the category SSSBs.

Table 26

- (i) Rural, semi-urban, urban and metropolitan centres comprise of places having population up to 9,999; 10,000 to 99,999; 1,00,000 to 9,99,999 and 10,00,000 and above, respectively. Population group-wise classification of banked centers is based on 1961 Census for the year 1969, 1971 Census for the years 1972 to 1983, 1981 Census for the years 1984 to 1994 and 1991 Census for the years 1995 to 2005.
- (ii) The number of bank offices excludes administrative offices.
- (iii) Data relate to last Friday of June for the years 1969 and 1973 to 1989 and end-March for the years from 1990 to 2005. Data for 1972 relate to last Friday of December.

Table 30

- (i) Data also include amounts mobilised through existing open-ended schemes (sales less purchases). Data do not include amounts mobilised by off-shore funds.

Table 35

- (i) Data on disbursements relate to loans drawn from and debentures subscribed by NABARD, excluding short-term disbursements. Data relate to the position as at the end of each year on a cumulative basis, suitably adjusted on account of schemes withdrawn/replaced subsequently. NABARD has switched over to the accounting year April-March from the year 1988-89.

Table 37

- (i) Data on insured deposits are inclusive of commercial banks, co-operative banks and regional rural banks. Number of fully protected accounts represent accounts with balances not exceeding Rs.10,000 till June 30, 1976, Rs.30,000 till April 30, 1993 and Rs.1,00,000 with effect from May 1, 1993. Total amount of insured deposits represents deposits up to Rs. 30,000 till April 30, 1993 and Rs.1,00,000 with effect from May 1, 1993. Assessable deposits mean the entire amount of deposits including portions which are not provided insurance cover.

Table 39

- (i) The extent of coverage of participants in the call money market has varied over the years (Table). Effective August 6, 2005, the call money market has transformed to a pure inter-bank market reflecting the phasing out of non-bank participants from the call money market.

Table : Call Money Rate – Extent of Coverage	
Up to 1997-98	Select scheduled commercial banks at Mumbai only.
1998-99 to May 5, 2001	Scheduled commercial banks, primary dealers and select FIs.
May 2001 to October 5, 2002	Scheduled commercial banks, primary dealers, financial institutions, mutual funds and insurance companies (i.e., without co-operative banks).
October 5, 2002-August 5, 2005	Scheduled commercial banks, co-operative banks, primary dealers, financial institutions, mutual funds and insurance companies.
Since August 6, 2005	Scheduled commercial banks, co-operative banks and primary dealers.

- (ii) Deposit rates were based on Inter-Bank Agreement up to September 1964 and on the Reserve Bank's directives thereafter. Effective April 22, 1992, a single prescription of 'not exceeding 13.0 per cent per annum' was prescribed for 46 days to 3 years and above. The ceiling rate has been revised from time to time. Effective October 1, 1995, the deposit rates over two years were freed. Subsequently, effective July 2, 1996, minimum maturity period was reduced to 30 days from 46 days and the deposit rates over one year were freed. Between April 16, 1997 and October 21, 1997, the ceiling for interest rate on term deposit for 30 days and up to one year was 'not exceeding Bank Rate minus two percentage points'. Effective October 22, 1997, the ceiling was removed and banks were given the freedom to determine their own interest rates on term deposits of 30 days and over. The stipulation of a minimum maturity period of term deposits was reduced to 15 days effective April 29, 1998, reduced to 7 days effective April 19, 2001 for wholesale deposit of Rs.15 lakh and above and further reduced to 7 days effective November 1, 2004 for retail domestic term deposits (under Rs.15 lakh).
- (iii) Relates to State Bank's prime lending rate, which is the benchmark interest rate for the various categories and classes of advances granted by the bank.

- (iv) The data relate to all commercial banks until 1993-94. In the revised interest rates structure which became effective March 2, 1981, no general minimum lending rate was fixed but a broad framework of interest rates was provided with fixed rates on certain types of advances and ceiling rate on other types of advances. Wherever ceiling rates were prescribed, the rates of interest fixed for the preceding advance would serve as floor rate for advances in that category. Effective September 22, 1990, a new structure of lending rates of scheduled commercial banks linking interest rate to the size of the loan (for loans over Rs. two lakh) was introduced and, for food procurement, banks were advised to follow the same minimum rate as far as possible. The six slabs of credit size were reduced to four effective April 22, 1992 and then to three effective April 8, 1993. Effective October 18, 1994, the lending rates were deregulated except those for the credit limit up to Rs. 2 lakh. For credit limits of over Rs.2 lakh, the prescription of minimum lending rates was abolished and the banks were given freedom to fix a lending rate for such limits. The banks were required to obtain the approval of their respective Boards for the prime lending rate which would be the minimum rate charged by the banks for credit limits over Rs.2 lakh. Effective April 29, 1998, it was stipulated that the lending rates for credit limits of Rs. 2 lakh and below should not exceed the prime lending rate (PLR). Effective April 19, 2001, PLR was converted to a benchmark rate for banks rather than treating it as the minimum rate chargeable to the borrowers. Banks were allowed to offer loans above Rs.2 lakh at or below PLR rates to exporters and other creditworthy borrowers on the lines of a transparent and objective policy approved by their Board. Following the announcement in the Monetary and Credit Policy in April 2003 and operational guidelines issued by the Indian Banks Association in November 2003, banks switched over to the new system of benchmark PLR (BPLR) in the year 2004.
- (v) IRBI has been reconstituted as Industrial Investment Bank of India Ltd. (IIBI) with effect from March 27, 1997.
- (vi) Lending rate charged to small-scale industries.
- (vii) Dividend as percentage of weighted average sale price during the year worked out with weights proportional to the number of units sold at different prices.
- (viii) Redemption yields are based on BSE quotations upto 1994-95 and on transactions in the SGL account from 1995-96 onwards.

Tables 40, 41, 42, 43, 44, 45, 62, 63, 64, 65, 66 and 83

- (i) Data pertain to select sub-groups/commodities and, therefore, their weights may not add up to the total weight under the concerned group/sub-groups.
- (ii) Data pertain to average of weeks during the month/year as the case may be.
- (iii) The series of wholesale price index (WPI) with 1952-53 as the price base and 1948-49 as the weight base was released in 1956. The difference in the weight base year and the price base year was due to data limitations at the time of construction of the index. This series (Base: 1952-53=100) comprises 112 commodities classified under the five major groups viz., (i) food articles, (ii) liquor and tobacco, (iii) fuel, power, light and lubricants, (iv) industrial raw materials and (v) manufactures with weights of 50.4 per cent, 2.1 per cent, 3.0 per cent, 15.5 per cent and 29.0 per cent, respectively. The total number of price quotations for these commodities was 555. All commodities index is the weighted arithmetic mean of price relatives of these 112 commodities.
- (iv) The WPI series with base 1961-62=100 was released in 1969. In this series, the weight base was made the same as the price comparison base, i.e., the financial year 1961-62. This series (Base: 1961-62=100) comprises 139 commodities classified under the seven major groups viz., (i) food articles, (ii) liquor and tobacco, (iii) fuel, power, light and lubricants, (iv) industrial raw materials, (v) chemicals, (vi) machinery and transport equipment and (vii) manufactures with weights of 41.3 per cent, 2.5 per cent, 6.1 per cent, 12.1 per cent, 7.9 per cent, 0.7 per cent and 29.4 per cent, respectively. The total number of price quotations for these commodities was 774. All commodities index is the weighted arithmetic mean of these group indices. In this series, the three groups viz., manufactures, chemicals, and machinery and transport equipment together are comparable to the group 'manufactures' in the previous series with base 1952-53=100.
- (v) The WPI series with base 1970-71=100 was released in 1977. This series (Base: 1970-71=100) comprises 360 commodities classified under the three major groups viz., (i) primary articles, (ii) fuel, power, light and lubricants and (iii) manufactured products with weights of 41.6 per cent, 8.5 per cent and 49.9 per cent, respectively. In this series, the commodity classification was rationalised to facilitate comparison of trends in WPI with trends of comparable groups and sub-groups of other indices like the Agricultural Production Index and the Industrial Production Index and also to facilitate comparison of trends in the wholesale price index with trends of comparable groups and sub-groups of other indices. The total number of price quotations for these commodities was 1295. All commodities index is the weighted arithmetic mean of these group indices.

- (vi) The WPI series with base 1981-82=100 was released in 1989. This series (Base: 1981-82=100) comprises 447 commodities classified under the three major groups viz., (i) primary articles, (ii) fuel, power, light and lubricants and (iii) manufactured products with weights of 32.3 per cent, 10.7 per cent and 57.0 per cent, respectively. The total number of price quotations for these commodities was 2371. All commodities index is the weighted arithmetic mean of these group indices based on the Laspeyre's formula which has a fixed base-year weighting diagram operative through the entire life span of the series.
- (vii) The WPI series with base year 1993-94=100 was released in 2000. This series (Base: 1993-94=100) comprises 435 commodities classified under the three major groups viz., (i) primary articles, (ii) fuel, power, light and lubricants and (iii) manufactured products with weights of 22.0 per cent, 14.2 per cent and 63.8 per cent, respectively. The total number of price quotations for these commodities was 1918. All commodities index is the weighted arithmetic mean of these group indices based on the Laspeyre's formula which has a fixed base-year weighting diagram operative through the entire life span of the series. The weekly WPI is released on a provisional basis, which is made final after a period of eight weeks.

Table 46, 47, 48, 49, 67, 68, 69, 70 and 84

- (i) The new series of Consumer Price Index for Industrial Workers (CPI-IW) (Base: 1982=100) replaced the old series (Base: 1960=100) with the release of the index for October 1988. The linking factors between CPI-IW old series (Base: 1960=100) and new series (Base: 1982=100) for general index and major groups are as follows: General = 4.93; Food = 4.98; Pan, Supari, Tobacco and Intoxicants = 4.58; Fuel = 6.58; Housing = 2.79; Clothing, Bedding and Footwear = 5.76; and Miscellaneous = 4.47.
- (ii) The new series of Consumer Price Index for Agricultural Labourers (CPI-AL) (Base: 1986-87=100) replaced the old series (Base: 1960-61=100) with the release of the Index for November 1995. In the new CPI-AL series (Base: 1986-87=100), the grouping of items was rationalised to bring it in line with the grouping adopted for CPI-IW. Accordingly, "Pan, Supari, Tobacco and Intoxicants" was shown as a separate group, which was a part of the Miscellaneous Group in the old series (Base: 1960-61=100). The linking factors between the CPI-AL old series (Base: 1960-61=100) and new series (Base: 1986-87=100) for the general index and different groups are as follows: General = 5.89; Food = 6.38; Fuel and Light = 1.22; and Clothing, Bedding and Footwear = 5.35.
- (iii) The new series of Consumer Price Index for Urban Non-Manual Employees (CPI-UNME) (Base : 1984-85=100) replaced the old series (Base: 1960=100) with the release of the index for November 1987. The linking factor between the CPI-UNME old series (Base: 1960=100) and new series (Base: 1984-85=100) for the general index is 5.32.
- (iv) The weighting diagrams for the compilation of Consumer Price Index for Industrial Workers (Base: 1982=100) are based on the average consumption expenditure of the working class family as revealed by the Family Income and Expenditure Survey conducted during 1981-82. The weighting pattern was derived at the centre-level and monthly indices are compiled every month. The weight assigned to each centre is determined by taking product of the average consumption expenditure level based on the indices of 70 centres. A weighted average All-India Index is also compiled every month. The weight assigned to each centre is determined by taking product of the average consumption expenditure and number of families represented by a centre as a ratio of sum of such product over all the centres.
- (v) The weighing diagram for the series CPI-UNME (Base: 1984-85=100) is based on a survey of family budgets of non-manual employees population conducted during 1982-83 at 59 selected centres of the country. A non-manual employee family for purpose of this survey was defined as one "which derived 50 per cent or more of its income during the reference month from the earnings of its members who are gainfully occupied as employees in non-manual work in non-agricultural sectors".
- (vi) The weighing diagrams for the series CPI-AL and CPI-RL (Base :1986-87=100) in respect of 20 States and all-India (General & Food group) have been derived from the consumer expenditure data obtained from the fourth Rural Labour Enquiry (1983).

Table 58

- (i) New capital issues exclude bonus shares. Data on private placement and offer for sale are also excluded.
- (ii) Preference shares include cumulative convertible shares.
- (iii) Debentures also include bonds issued by certain financial institutions. Partly convertible debentures are included in convertible debentures.

Table 61

- (i) Comparable data on call money rates prior to May 1960 are based on a survey of money rates of selected banks. The extent of coverage of participants in the call money market has varied over the years. Effective August 6, 2005, the call money market has transformed to a pure inter-bank market reflecting the phasing out of non-bank participants from the call money market.
- (ii) Month-end yields for 10-years residual maturity are estimated using interpolation technique on weighted average yields of indicative securities derived from SGL transactions data on Government securities. Yield corresponding to each transaction in a security is calculated from the following Yield-to-Maturity (YTM) and price relationship.

$$P + bpi = \sum_{i=1}^n \frac{c/v}{(1 + y/v)^{vt_i}} + \frac{F}{(1 + y/v)^{vt_n}}$$

where,

- P = price of the bond
 bpi = broken period interest
 c = annual coupon payment
 y = yield to maturity
 v = number of coupon payments in a year
 n = number of coupon payments till maturity
 F = redemption payment of the bond
 t = time period in year till i^{th} coupon payment

- (iii) The weighted average yield corresponding to traded security on that particular day is calculated from the yields of all transactions on that security using amount (Face Value) traded as the weights. Broken period (number of days) is based on day count convention of 30 days a month and 360 days a year.
- (iv) Data on exchange rates up to 1991-92 are based on official rates. Data from 1992-93 onwards are based on Foreign Exchange Dealers' Association of India (FEDAI) indicative rates.
- (v) Data on real effective exchange rate (REER) and nominal effective exchange rate (NEER) from January 1975 to March 1993 are 36-country indices with 1985 as the base year (see RBI Bulletin, July 1993 for details). Data from April 1993 are 36-currency indices with 1993-94 as the base year (see RBI Bulletin, December 2005 for details).
- (vi) In the compilation of REER and NEER, data up to 1992 are based on official exchange rates and data from 1993 onwards are based on FEDAI indicative rates.

ANNEX : MONEY STOCK MEASURES : EVOLUTION OF METHODOLOGY OF COMPILATION

Net of return of Indian notes from Pakistan.
C.I.3 Currency returned by Pakistan	C.I.3 Currency returned by Pakistan		
C.I.4 Cash on hand with banks <i>i.e.</i> , commercial banks and state co-operative banks	C.I.4 Cash on hand with the banking system <i>i.e.</i> , commercial banks, state co-operative banks, central co-operative banks and primary co-operative banks	C.I.3 Cash on hand with the banking system	The FWG considered only commercial and state co-operative banks while the SWG extended the coverage to central co-operative banks and primary co-operative banks consisting of urban co-operative banks and salary earners' societies.
C.I.5 Balance of the Central and State Governments held at treasuries			Since August 1967, no adjustment has been made in regard to balances held at treasuries in view of their meagre amounts.
C.II. Aggregate Deposits with Banks (C.II.1+C.II.2)	C.II. Aggregate Deposits with the Banking System (C.II.1+C.II.2)	C.II. Aggregate Deposits held by Residents with the Banking System (C.II.1+C.II.2-C.II.2.2.1-C.II.2.3.1)	With the inclusion of central and urban co-operative banks, the SWG treated inter-bank deposits with the banking system as part of net non-monetary liabilities [<i>i.e.</i> , other items (net) as defined by the Working Group on Money Supply (WGMS): Analytics and Methodology Compilation (Chairman: Dr. Y. V. Reddy)]. The WGMS recommended that aggregate deposits should be on residency basis, thereby excluding repatriable foreign currency fixed deposits held by non-residents, <i>e.g.</i> , FCNR(B) deposits, from money supply.
C.II.1 Demand Deposits with banks (including inter-bank demand deposits with state co-operative banks)	C.II.1 Demand Deposits with the banking system.	C.II.1 Demand Deposits with the banking system.	
C.II.2 Time Deposits with banks (including inter-bank time deposits with state co-operative banks)	C.II.2 Time Deposits with the banking system.	C.II.2 Time Deposits held by Residents with the banking system. (C.II.2.1+C.II.2.2+ C.II.2.3) C.II.2.1 Certificates of Deposit (CDs) C.II.2.2 Short-term ¹ time deposits C.II.2.2.1 Foreign Currency Repatriable short-term ¹ 'Fixed Deposits held by Non-Residents	The WGMS recommended a break-up of time deposits into CDs and other time deposits on the basis of maturity structure partitioned at one year.

First Working Group (FWG) (1961)	Second Working Group (SWG) (1977)	Working Group on Money Supply (WGMS) (1998)	REMARKS
1	2	3	4
		S.I.2.2 Investments in long-term ² Government securities by the Banking System	
S.I.2.2 Government's Currency Liabilities to the Public adjusted for balances in treasuries			Government's currency liabilities to the Public were carved out as an independent source of money stock in October 1962.
S.II. Total Bank Credit to Private Sector (S.II.1+S.II.2)	S.II. Total Bank Credit to Commercial Sector (S.II.1+S.II.2)	S.II. Bank Credit to Commercial Sector (S.II.1+S.II.2)	The nomenclature "private sector" was changed into "commercial sector" in 1970, as bank credit included credit given to commercial/ manufacturing enterprises in the public sector too.
S.II.1 RBI Credit to Private Sector (S.II.1.1+S.II.1.2)	S.II.1 RBI Credit to Commercial Sector (S.II.1.1+S.II.1.2+S.II.1.3)	S.II.1 RBI Credit to Commercial Sector (S.II.1.1+S.II.1.2+S.II.1.3)	
S.II.1.1 RBI's investments in shares/bonds of financial institutions, ordinary debentures of co-operative sectors, Central Land Mortgage Bank (CLMB) debentures etc.	S.II.1.1 RBI's investments in shares/bonds of financial institutions, ordinary debentures of co-operative sectors, CLMB debentures etc.	S.II.1.1 RBI's investments in shares/bonds of financial institutions, ordinary debentures of co-operative sectors, CLMB debentures etc.	
S.II.1.2 Loans to financial institutions	S.II.1.2 Loans to financial institutions	S.II.1.2 Loans to financial institutions	On the establishment of National Bank for Agriculture and Rural Development (NABARD) on July 12, 1982, certain assets and liabilities of the RBI were transferred to NABARD, necessitating some reclassification of aggregates on the sources side of money stock since that date. The WGMS recommended the reclassification of the RBI's refinance to NABARD as credit to commercial sector rather than as claims on banks as had been the practice hitherto.
	S.II.1.3 Internal Bills (under Bills Rediscounting Scheme)	S.II.1.3 Internal Bills (under Bills Rediscounting Scheme)	With the introduction of the Bills Rediscounting Scheme, the commercial banks started discounting the internal bills with the RBI which have been included in the RBI credit to commercial sector since June 1971.
S.II.2 Other Banks' net credit to Private Sector (S.II.2.1+S.II.2.2-S.II.2.3-S.II.2.4-S.II.2.5)	S.II.2 Other Banks' credit to Commercial Sector (S.II.2.1+S.II.2.2)	S.II.2 Credit to the Commercial Sector by the Banking System (S.II.2.1+S.II.2.2+S.II.2.3+S.II.2.4)	
S.II.2.1 Bank Credit	S.II.2.1 Bank Credit	S.II.2.1 Bank Credit	Includes loans, cash credit and overdrafts and internal and foreign bills purchased and discounted.
S.II.2.2 Other Investments	S.II.2.2 Other Investments	S.II.2.2 Investments in other Approved Securities	
		S.II.2.3 Other Investments	Include investments in securities which are not approved for maintenance of statutory liquidity ratio (SLR) such as Commercial Papers, units of UTI and mutual funds and shares/debentures/

1	2	3	4
			bonds of the public and private non-bank sector.
S.II.2.3. Net inter-bank Liabilities			As data for central and primary co-operative banks were not included in money supply, the FWG had adjusted bank credit for net inter-bank liabilities. These were, however, treated as part of net non-monetary liabilities by the SWG on extension of full coverage to the co-operative sector.
S.II.2.4 Loans from financial institutions			The FWG had adjusted bank credit against loans from select financial institutions which received refinance from the RBI which had already been reckoned in the RBI credit to the commercial sector. The SWG did away with this adjustment as it was argued that these FIs had substantial access to sources of funds other than those from the RBI.
		S.II.2.4 Net lending to Primary Dealers	Banks' net lendings to PDs, net of their call borrowings from PDs, are part of net inter-bank assets under the present reporting format. However, as the banking sector in money supply excludes PDs, this item was included as part of credit from the banking system by the WGMS.
S.II.2.5 Time deposits held by Banks (including inter-bank time deposits held by state co-operative banks)			This adjustment was considered necessary since the FWG was concerned with M_1 . The presentation of data on bank credit to commercial sector on net basis was changed into gross basis in May 1974, as (i) time deposits are used not only for financing bank credit to commercial sector but also for lending to the Government and (ii) these are not owned by commercial enterprises who largely borrow from banks.
S.III Net Foreign Exchange Assets of the Banking Sector (S.III.1+S.III.2)	S.III Net Foreign Exchange Assets of the Banking Sector (S.III.1+S.III.2)	S.III Net Foreign Exchange Assets of the Banking Sector (S.III.1+S.III.2)	
S.III.1 Net Foreign Exchange Assets of the RBI (S.III.1.1+S.III.1.2+S.III.1.3-S.III.1.4-S.III.1.5)	S.III.1 Net Foreign Exchange Assets of the RBI (S.III.1.1+S.III.1.2+S.III.1.3-S.III.1.4-S.III.1.5)	S.III.1 Net Foreign Exchange Assets of the RBI (S.III.1.1+S.III.1.2-S.III.1.3+S.III.1.4)	
S.III.1.1 Gold Coin and Bullion	S.III.1.1 Gold Coin and Bullion	S.III.1.1 Gold Coin and Bullion	Inclusive of valuation of Gold following its revaluation close to international market price effective October 17, 1990. Such revaluation has a corresponding effect on Reserve Bank's net non-monetary liabilities (capital account)

ANNEX : MONEY STOCK MEASURES : EVOLUTION OF METHODOLOGY OF COMPILATION (Contd.)
