INTRODUCTION

The Statistical Tables relating to Banks in India for the year 1965 is the twenty-fourth in the series since the publication was taken over by the Reserve Bank in 1941 and covers banks functioning in India, whether registered in India or abroad. Data are presented generally on the same lines as in previous issues. The Summary Tables give the more important items of liabilities and assets of the several

classes of banks while particulars regarding individual banks are given in the detailed tables. The figures for years prior to 1965 have been revised in some cases following receipt of further information from the banks since the publication of the 1964 issue of the Tables.

2. Number of banks covered by the Tables is as follows:—

	1961	1962	1963	1964	1965
I. Indian Commercial Banks					
(i) Scheduled ..	67	66	65	60	61
(ii) Non-Scheduled	210	196	173	80	33
Total of (i) & (ii)	277	262	238	140	94
II. Foreign Commercial Banks	15	14	14	15	15
Total of I & II	292	276	252	155	109

For 1965 all the commercial banks functioning at the end of the year have been covered in the Tables. For earlier years, however, the coverage extends to banks functioning as banking companies as at the end of December which submitted the returns on Form 4(A) or balance sheets. The decline in the number of Indian non-scheduled commercial banks covered in 1965 is explained by the fact that during the year 9 banks were amalgamated with other banks, the business of 3 banks was taken over by subsidiaries of the State Bank of India, 21 banks ceased to transact banking business due to the transfer of their assets and liabilities to other banking companies, 5 banks were notified as non-banking companies and 9 banks were refused licenses.*

3. Till the 1964 edition, the Tables included data in respect of State co-operative banks, central co-operative banks and banking unions and industrial co-operative banks with paid-up

capital and reserves of Rs. 1 lakh and over, in the summary table on liabilities and assets of the several classes of banks; and the classification of liabilities, investments and loans of co-operative banks was also published in two additional tables (Tables Nos. 4, 8(i) and 8(ii) in the 1964 edition). Since data in respect of co-operative banking institutions are separately published in considerable detail in the 'Statistical Statements relating to Co-operative Movement in India' issued annually by the Bank's Agricultural Credit Department, it has been decided to exclude from the Tables, beginning with the present 1965 edition, the coverage of co-operative banks' data. Offices of co-operative banks, including those of urban co-operative banks with capital and reserves of Rs. 1 lakh and over, would, however, continue to be listed in Appendix I of the Tables, and covered in the tables showing distribution of banking offices by population and States.

* In tables 9 to 15, however, banks which had ceased to function but which were still submitting returns under the Banking Regulation Act 1949, have been covered.

4. The following classification of banks has been adopted in the Tables :

- (i) The Reserve Bank of India ;
- (ii) Indian commercial banks comprising.
 - (a) Scheduled banks ;*
 - (b) Non-scheduled banks, i.e. banks other than those included in the Second Schedule to the Reserve Bank of India Act, 1934.
- (iii) Foreign banks, i.e. banks whose registered offices are located outside India; and
- (iv) State and central co-operative banks, Urban co-operative banks, banking unions and industrial co-operative banks with capital and reserves of Rs. 1 lakh and over, registered under the laws of the States where they are situated.

Banks which carry on the business of banking in India and which (a) have paid-up capital and reserves of an aggregate real or exchangeable value of not less than Rs. 5 lakhs, (b) are either companies as defined in Section 3 of the Companies Act, 1956, or corporations or companies incorporated by or under any law in force in any place outside India or institutions notified by the Central Government on this behalf, and (c) satisfy the Reserve Bank of India that their affairs are not being conducted in a manner detrimental to the interests of their depositors, are eligible for inclusion in the Second Schedule to the Reserve Bank of India Act, 1934, and when so included are known as 'scheduled banks'. The scheduled banks are further classified in the Tables into (a) Indian scheduled banks, i.e. banks having their registered offices in India, and (b)

foreign scheduled banks, i.e. banks having their registered offices outside India.

As their number has been considerably reduced following amalgamation with or transfer of liabilities and assets to other banks, the classification of non-scheduled commercial banks into A2, B, C and D banks, based on their paid-up capital and reserves has been discontinued and all non-scheduled commercial banks have been treated as one group from the year 1964.

5. A significant addition to the statistical material provided in the Tables is made in the 1965 edition by presentation, of the data collected under some of the surveys conducted by the Economic Department. These relate to ownership of deposits, investments, and bank advances of scheduled commercial banks, and are given in tables 8(i), (ii) and (iii). The information published is as at the end of March 1963, 1964 and 1965.

6. ~~The usual table on banks~~ included in and excluded from the Second Schedule to the Reserve Bank of India Act, 1934 is not given in the present edition because no bank was included in or excluded from the Schedule during 1965.

7. Throughout this publication the term 'commercial bank/s' is used to indicate banking institutions which are not co-operative banks.

EXPLANATORY NOTES TO THE TABLES

8. Table 1—*Liabilities and Assets of The Reserve Bank of India, 1961 to 1965* : The figures are based on the weekly Statements of Affairs of the Issue and Banking Departments pertaining to the last Friday of the calendar year.

9. Table 2—*Consolidated Position of Scheduled Commercial Banks, 1965,*

* In a number of tables, data for the State Bank of India and other Indian scheduled commercial banks are given separately.

(Weekly): The data are compiled from the weekly returns submitted by scheduled commercial banks under section 42(2) of the Reserve Bank of India Act, 1934, and relate to their business in the Indian Union.

10. Table 3(i)—*Liabilities and Assets of the Several Classes of Commercial Banks, 1964 and 1965*: The data relate to the total world business of Indian banks and the Indian business of foreign banks, and are drawn from their balance sheets. These are presented separately for (i) the State Bank of India, (ii) banks* which are subsidiaries of the State Bank of India, (iii) other Indian scheduled commercial banks, (iv) foreign scheduled commercial banks and (v) non-scheduled commercial banks. The figures of assets and liabilities given in this table may not tally with those given in the detailed tables or summary tables 4 and 6 which have been compiled from a special return submitted by the banks (Form 4A). Further, deposits in 'current' and 'contingency' accounts have been grouped together in table 3(i), while in tables 4, 5, 6, 33(ii) and 34 'contingency accounts' have been separated from 'current accounts' on the basis of information obtained from the special return and have been included under 'other deposits', if they are in the nature of deposits, or else with 'other liabilities'. Besides, provident fund deposits, staff security deposits, *chit* and *Kuri* deposits included under 'other deposits' in table 3(i) have been treated as 'other liabilities' in tables 4, 33(ii) and 34.

11. Table 3(ii)—*Income, Expenditure and Distribution of Profit of the Several Classes of Commercial Banks, 1964 and 1965*: Figures under different heads are presented as given in the profit and loss accounts and the directors' reports to the shareholders of the respective banks. These figures are

not strictly comparable among themselves because of the diversity of treatment of provision for taxation and bonus paid to staff in the annual accounts prepared and published by the banks. Some banks treat provision for taxation as an appropriation of the balance of profit, while others charge the tax provision to the profit and loss account or disclose their income after deducting the provision for taxation. The amount of bonus paid to staff is included by some banks under 'Expenditure' while many others show it as an appropriation out of net profits.

12. Table 4—*Liabilities and Assets of the Several Classes of Commercial Banks, (Total Business) 1961 to 1965*: This table presents in a consolidated form the more important items of liabilities and assets from the data for individual banks given in table Nos. 33(ii) and 34. Figures in respect of Indian banks relate to their total business and of foreign banks to their business in India. Reserves of commercial banks shown in this table for 1964 and 1965 differ from those given in table 3(i), in that the figures in table 4 do not include provisions made for specific purposes such as investment depreciation fund, sinking fund, reserve for bad and doubtful debts, reserves on account of accrued interest, taxation, pension, provident fund, gratuity, etc., and funds set aside for charity. For the sake of uniformity and clarity these provisions have been treated as 'other liabilities' for purposes of tables 4, 6, 33(ii) and 34.

As explained in paragraph 11, different banks follow different methods of arriving at the amount of profit made during the year. In this table and in table 6, unlike in table 3(ii), the figures of profit made during the year are given on a uniform basis for all banks, after deducting the provisions made for taxation, gratuity and bonus to staff, during the year. In detailed

* (1) The State Bank of Bikaner and Jaipur, (2) The State Bank of Hyderabad, (3) The State Bank of Indore, (4) The State Bank of Mysore, (5) The State Bank of Patiala, (6) The State Bank of Saurashtra and (7) The State Bank of Travancore.

tables 33(ii) and 34, these figures are likewise shown on an uniform basis, in addition to the profit or loss as disclosed by the banks in the balance sheets.

13. Table 5—*Liabilities and Assets of Indian Commercial Banks relating to their Business in the Indian Union, 1961 to 1965* : The data are collected through a special return (Form 4A) referred to above, while those given in table 4 relate to the total business of the banks.

14. Tables 7(i) and (ii)—*Earnings and Expenses of Commercial Banks, 1961 to 1965* : These tables are compiled from a special return (Form 4B) submitted by banks. The data cover (i) Indian scheduled commercial banks, (ii) non-scheduled commercial banks with paid-up capital and reserves of Rs. 5 lakhs and above upto 1964 and all non-scheduled commercial banks in 1965 and (iii) foreign scheduled banks in respect of their business in the Indian Union. The earnings from investments are inclusive of taxes paid at source which have been included in item XIV(a)—provision for taxes on profits. The balance of profit or loss has been arrived at before providing for taxation, gratuity and bonus to staff, uniformly in the case of all banks, and is therefore, higher in case of many banks than the figures shown in tables 3(ii) and 4.

15. Tables 8(i), 8(ii) and 8(iii)—*Ownership of Deposits, Analysis of Investments and Purposewise Distribution of Advances of Scheduled Commercial Banks, March 1963 to March 1965* : The data on ownership of deposits, investments and bank advances presented in the tables relate to the position as at the end of March, for the three years 1963 to 1965. These are based on the Surveys conducted in the Banking Division of the Economic Department of the Bank on the basis of special returns (Form Nos. 1, 2 and 3) called for from the scheduled commercial banks only.

16. Tables 9 to 15—*Liabilities and Assets in India of Commercial Banking*

Companies : These tables are based on the monthly returns on Form XII (Form XIII upto June 1965) submitted by banks under Section 27 of the Banking Regulation Act, 1949. Table 9 presents the main liabilities and assets in India of scheduled commercial banks and non-scheduled commercial banks as on the last Friday of the years 1961 to 1965, and table 10 as on the last Friday of each month in 1965. Scheduled commercial banks are classified into four groups by the size of their deposits for the presentation of annual data only. Tables 11 to 15 are frequency distribution tables based on data contained in table 9.

17. Table 16—*Distribution by State of Offices, Deposits and Bank Credit in India of Scheduled Commercial Banks, 1964 and 1965* : The table is based on the data obtained from the returns on Form 4A which relate to the last day of the calendar year. The population figures are derived by adjusting for annual increase at the compound rate of growth for the period 1951-61, the data reported in the 'Census of India, 1961—Final Population Figures', so as to arrive at more realistic per capita figures of deposits, bank credit and population per office.

18. Table 18—*Money Rates, 1965* : The data are compiled by the Department of Statistics on the basis of weekly returns received by them from the local head offices of selected scheduled commercial banks, giving the rates at which the different types of deposits are accepted by them during the report week and the corresponding amounts of deposits. The rates given in the table are the weighted average rates for the month exclusive of brokerage, the weights being proportional to the deposits accepted at each rate during the period.

19. Table 19—*Deposits of Scheduled Commercial Banks at Various Rates of Interest, 1962-65* : The data are based on the half-yearly returns submitted by

all the commercial banks to the Deposit Insurance Corporation and relate only to deposits which are assessable for the purpose of deposit insurance premia. For purposes of this table, banks are classified into (i) Indian commercial banks which are members of the Inter-Bank Agreement on Maximum Rates of Interest on Deposits and the State Bank of India, subdivided into five groups according to the size of their deposits, (ii) foreign commercial banks, and (iii) Commercial banks which are not signatories to the Inter-Bank Agreement.

20. Table 20—*Advances of Selected Scheduled Commercial Banks at Various Rates of Interest, 1965* : The data relate to 20 selected scheduled commercial banks and are as on the last Friday of each quarter. Advances shown against item 13 relate to total loans and advances as reported in Form XII (Form XIII upto June 1965) and exclude 'money at call and short notice', 'due from banking companies' and 'bills purchased and discounted'.

21. Table 22—*Offices of Scheduled and Non-Scheduled Commercial Banks, 1961-65* : The number of offices, as on December 31, are given separately for various classes of commercial banks, viz., the State Bank of India, banks which are subsidiaries of the State Bank, other Indian scheduled commercial banks, foreign banks and non-scheduled commercial banks.

22. Table 24—*Distribution by Population of Offices of the Several Classes of Banks as at the end of 1965* : This table gives the number of offices of commercial and co-operative banks in places classified by the size of population. While the information about offices of commercial banks is drawn from their returns on Form 4A, that relating to co-operative banks was received from the Registrars of Co-operative Societies of the various States. Data in respect of commercial banks are as at the end of December 31, 1965

while those relating to co-operative banks are as on June 30, 1965. The population figures in this table are based on the 'Census of India 1961—Final Population Figures', published by the Census Commissioner of India and the data supplied by the Superintendents of Census Operations in various States. Figures of average population per office relate only to places served by banking offices and are arrived at by dividing the population of the places with banking offices, by the total number of banking offices in those places. In addition, the average population per banking office for the Indian Union as a whole is also worked out on the basis of the country's estimated population in 1965 and is indicated in the footnote to the table.

23. Tables 25(i) and (ii)—*Distribution by Population of offices of Commercial and Co-operative Banks in Several States, 1965* : Table 25(i) shows the number of offices of commercial banks, other than offices performing purely administrative functions and temporary or seasonal offices, in the different States of the Indian Union. Banks which have not sent the required statistics for 1964 and 1965 as well as those in liquidation or which have been refused licences during 1965 under Section 22 of the Banking Regulation Act, 1949, have been excluded. Table 25(ii) gives similar data in respect of offices of co-operative banks. Population figures in these tables are based on the 'Census of India, 1961—Final Population Figures', published by the Census Commissioner of India and the data supplied by the Superintendents of Census Operations in various States. Offices situated in places for which population figures were not available are included under 'unclassified'.

24. Table 26—*Regional Distribution of Offices Opened or Closed in India by Commercial Banking Companies, 1965* : This table gives the number of commercial banking offices opened and

closed in the various States and Union Territories and the net change in the number of offices during the year as well as the number of offices as on December 31.

25. Table 27—*Distribution by Population Groups of Offices Opened or Closed by Commercial Banking Companies, 1965*: This table gives the number of commercial banking offices opened and closed and the net change in the number of offices during the year as well as the number of offices in existence as on December 31, 1965 according to different population groups for the same categories of banks as in table 26. Population figures are based on the 1961 Census.

26. Table 28—*Liabilities and Assets in Foreign Countries of Indian Commercial Banks, 1964 and 1965*: The data are compiled from the monthly returns submitted by the banks. As the offices of Indian banks in Pakistan were taken over by the Pakistan Custodian of Enemy Property in September, 1965, no returns have been received in respect of them. The table, therefore, does not give figures relating to the business of Indian banks in Pakistan. The cash-ratio is the ratio of cash and balances with the Central Bank of the country (or balances with other banks in current account in countries where there is no Central Bank) to total deposits in that country.

27. Table 31(i) and 31(ii)—*Commercial Banks which have Amalgamated, Transferred their Liabilities and Assets to Other Banks, Gone into Liquidation or were Classified as Non-banking Companies or Struck off the Register, 1961-65*: Table 31(i) shows the number (with their capital and deposits) of banks which have amalgamated with others either voluntarily or compulsorily under the Banking Regulation Act, 1949, banks which have transferred their liabilities and assets to other banks under the Indian Companies Act, 1956, and banks whose business was acquired by the State Bank

of India, and its subsidiaries under the State Bank of India Act, 1955 and the State Bank of India (Subsidiary Banks) Act, 1959. Table 31(ii) covers banks which have gone into voluntary and compulsory liquidation, banks which have been classified as non-banking companies under section 36A(2) of the Banking Regulation Act, 1949 and Banks which were struck off the register under the Companies Act, 1956. The data on paid-up capital and deposits are as on the date of amalgamation, transfer of liabilities and assets, liquidation, classification as non-banking companies, as the case may be, or as on the nearest available date, and as such, relate to different dates on which the events occurred. The banks which have already been included in table 31(i) are not included again in table 31(ii), in order to avoid double counting of banks which first transferred their liabilities and assets to other banks and subsequently went into liquidation or converted themselves into non-banking companies.

28. Table 32—*Unclaimed Deposits held by Commercial Banking Companies, 1960-64*: The data relate to deposit accounts in India which have not been operated upon for 10 years or more as on December 31 every year, as reported by banks on Form XI under Section 26 of the Banking Regulation Act, 1949. The data for earlier years were published in the Bank's Annual Reports on Trend and Progress of Banking in India.

29. Tables 33 and 34—*Liabilities and Assets of Foreign and Indian Commercial Banks, 1964 and 1965*: Tables 33(ii) and 34 are compiled from the special returns on Form 4A submitted by the banks. Table 33(i) relates to total business of foreign banks based on their global balance sheets, while Table 33(ii) relates to their business in India as reported in the special return mentioned above. Table 34 relates to the total business of Indian banks (including business outside India). In

these tables, profit or loss made during the year is exclusive of provision for tax, gratuity and bonus to staff. The date of registration or incorporation is shown below the name of each bank. In Table 34, the name of the town in which the registered office of the bank is located is shown after the name of the bank in column 2. The number of offices of banks outside India is shown in brackets alongside the number of offices in India under column 25.

EXPLANATORY NOTES TO THE APPENDICES

30. Appendix I—*Banks and their Branches, Sub-offices and Pay offices in the Indian Union*: This gives the names of banks operating at various places in India. Banks other than scheduled banks and State Co-operative banks are shown in italics. In respect of banks which did not furnish data for 1965, those for 1964 have been used. Commercial and co-operative banks which did not furnish the required data both for 1964 and 1965 are excluded. The name of the district and State in which the place is situated is shown against each place, the former being indicated in italics. Population figures are also given against each place and are based on the 'Census of India, 1961—Final Population Fi-

gures', published by the Census Commissioner of India and the population data supplied by the Superintendents of the Census Operations in the various States. Offices of co-operative banks reported by the Registrars of co-operative societies as functioning on June 30, 1965 are listed, while the information on non-scheduled commercial banks relates to December 31, 1965 and that on scheduled commercial banks has been brought upto March 31, 1966. Offices opened or closed in 1966 are indicated by asterisks.

31. Appendix II—*Deposits and Bank Credit in Centres having offices of more than two commercial Banks*: This gives deposits, and advances and bills purchased and discounted in centres having offices of more than two commercial banks. Figures in respect of co-operative banks are excluded. The data have been taken from the special return submitted by banks.

32. Considerable assistance has been received from banks, Registrars of Companies and Co-operative Societies, the Registrar-General and Superintendents of Census Operations and the Director-General, Posts and Telegraphs in compiling this publication and the Reserve Bank of India thanks them for their co-operation.
