PREFATORY NOTE

The publication of the 'Statistical Tables relating to Banks in India' was taken over by the Reserve Bank of India from the Government of India in 1941 and the first issue covering the two years 1939 and 1940 was published by the Bank in July 1941. The present issue is the second of this series and relates to the calendar year 1941.

2. A few more changes have been made in the present issue with a view to increasing its usefulness. In the first place, branches of co-operative banks have been shown in Appendix I. Secondly, more details of the banking companies which went into liquidation have been given in table 12. Thirdly, banking developments during the year have been treated at somewhat greater length than in the previous year. An account of the monetary position in India during the year will be found in the Bank's Reports on Currency and Finance for the years 1940-41 and 1941-42.

3. **Explanatory Note on the Tables.**—As usual the tables have been divided into two parts, summary and general. The summary tables contain in a consolidated form the more important items of the liabilities and assets of the several classes of banks while the general tables give details of the liabilities and assets of each individual bank. For the purpose of these tables, the banks have been classified into (1) The Reserve Bank of India, (2) the scheduled banks and the Burma scheduled banks comprising (a) the Imperial Bank of India (b) the Exchange Banks, that is to say, banks whose head offices are located outside India or Burma and (c) other scheduled banks and Burma scheduled banks, (3) non-scheduled banks or joint stock banks in India and Burma other than those included in the second schedule to the Reserve Bank of India Act or the India and Burma (Burma Monetary Arrangements) Order and (4) the co-operative banks in British India, Burma and certain Indian States registered under the respective laws relating to co-operative societies in force in them.

4. **Reserve Bank of India (Table 1).**—Table No. 1 shows the liabilities and the assets of the Reserve Bank of India at the end of each year. The statements are divided into two parts, A and B. 'A' relates to the affairs of the Bank's Issue Department while 'B' relates to those of its Banking Department.

5. **Scheduled Banks (Tables 2, 3, 4, 5, 6, 9 and 10).**—Banks which carry on the business of banking in British India and which (a) have paid-up capital and reserves of an aggregate realizable value of not less than five lakhs of rupees, and (b) are companies as defined in clause (2) of section 2 of the Indian Companies Act, 1913, or corporations or companies incorporated by or under any law in force in any place outside British India, are included in the second schedule to the Reserve Bank Act and are known thereafter as scheduled banks. Banks fulfilling similar conditions in Burma are included in the second schedule to the India and Burma (Burma Monetary Arrangements) Order and are known thereafter as Burma Scheduled Banks.

(a) **Imperial Bank of India (Tables 2 and 10).**—Table No. 2 shows the more important items of the liabilities and assets of the Imperial Bank of India since its inception in 1921 (by the amalgamation of the Presidency Banks *viz.* the Bank of Bombay, the Bank of Bengal and the Bank of Madras) while further details of its liabilities and assets are given in table No. 10.

(b) **Exchange Banks (Tables 3 and 9).**—Summary table No. 3 shows in a consolidated form the capital, deposits and cash of the Exchange Banks working in India and Burma. At the end of 1941, there were 17 Exchange Banks working in India and Burma as against 20 a year before. Owing to war delays the latest

balance sheets of 7 banks have not been received and therefore their previous years' figures have been taken for the purpose of table No. 3. Table No. 9 gives an analysis of the various items of liabilities and assets of these banks.

(c) **Other Scheduled Banks (Tables 4 and 10).**—Table No. 4 (class A1) shows in a consolidated form the more important items of the liabilities and assets of these banks while details of each bank are shown in table No. 10.

6. Non-Scheduled Banks (Tables 4 and 10).—These banks have been divided into four classes, (a) banks which have paid-up capital and reserves of Rs. 5 lakhs or over but which have not been included in the second schedule to the Reserve Bank Act, including a number of banks registered and working in Indian States and having no branches in British India and therefore ineligible for inclusion in the second schedule, (b) banks having paid-up capital and reserves between Rs. 1 lakh and 5 lakhs, (c) banks having paid-up capital and reserves between Rs. 50,000 and Rs.1 lakh and (d) banks having paid-up capital and reserves of less than Rs.50,000. Table No. 4 shows the consolidated position of the various classes of these banks while table No. 10 shows details of their liabilities and assets. For the purpose of these tables, only those companies working in British India which have been classified as banking companies under section 277F and which therefore submit returns under section 277L of that Act and those registered and working in Burma and Indian States have been taken into account. At the end of 1941 there were in British India and the more important Indian States 19 non-scheduled banks having paid-up capital and reserves of Rs.5 lakhs and over, 125 non-scheduled banks with capital and reserves between Rs.1 lakh and 5 lakhs, 124 non-scheduled banks with capital and reserves between Rs. 50,000 and 1 lakh and about 656 non-scheduled banks with paid-up capital and reserves below Rs. 50,000. Table No. 5 gives consolidated figures in respect of 332 small banks whose balance sheets are available for the year 1940, while table No. 6 (ii) shows the demand and time liabilities and cash statements of non-scheduled banks working in British India only and submitting returns under section 277L of the Indian Companies Act.

7. Co-operative Banks (Tables 7 and 11).—Table No. 7 shows in a consolidated form the more important items of liabilities and assets of the co-operative banks while table No. 11 shows details regarding each bank. These statistics relate to Provincial and Central Co-operative Banks and registered non-agricultural (urban) co-operative credit societies with limited liability and having capital and reserves of at least one lakh of rupees. These banks are sub-divided into two classes, namely, A those with paid-up capital and reserves of Rs.5 lakhs and over and B those with paid-up capital and reserves between Rs.1 lakh and 5 lakhs. Statistics in respect of Burma banks for 1940-41 are not available. At the end of the co-operative year 1941, there were 42 banks in class A and 279 in class B.

8. Bank Rates (Table No. 8).—Table No. 8 shows the Reserve Bank of India rate, Bank of England rate and the Federal Reserve Bank of New York rate. During the year 1941 these rates remained unchanged at 3%, 2% and 1%, respectively.

9. Bank Failures (Table No. 12).—A list of the joint stock banks that went into liquidation or were wound up or otherwise ceased to work during 1941, as reported by the Registrars of joint stock companies, is given in table No. 12. Banks which went into liquidation in 1940 but were reported only in 1941 have also been shown and the total figures for 1940 have been revised accordingly. The total number of banks which went into liquidation or otherwise ceased to work in 1941 amounted to 58 with a paid-up capital of 7.36 lakhs as compared with 95 banks with a paid-up capital of Rs.10.99 lakhs in 1940.

10. Clearing House Returns (Tables No. 13 and 13(a) and Appendix III).—The total amount of cheques cleared through the various clearing houses in India is shown in table No. 13 while the number of cheques cleared is shown in

table No. 13(a). The total amount of cheques cleared through the clearing houses during 1941 amounted to Rs.26,83 crores as compared with Rs.22,52 crores in 1940, while the total number of cheques cleared amounted to 182 lakhs as against 169 lakhs.

11. Appendices.—The names of banks operating in the principal towns of India are given in Appendix I while statistics in respect of the number of offices of each bank are given under the appropriate columns against each bank in tables No. 9 and 10. Names of smaller banks with capital and reserves below Rs. 50,000 have been omitted from the appendix. As there were a number of changes in the location of branches since December 1941, information in respect of the branches of scheduled banks has been corrected upto 31st March 1942. Appendix II shows the names of the members and the sub-members of the various clearing houses in India.

In Appendix IV are given the names of non-scheduled banks and indigenous bankers included in the approved list under Appendix III of the Reserve Bank's scheme of remittance facilities introduced in October 1940, while the rates of remittances under the scheme are reproduced in Appendix V.

12. Banking Developments—Second Schedule to the Reserve Bank of India Act.—During the year under review three more banks were included in the second schedule while the Japanese banks already included in the schedule were excluded after the outbreak of war with Japan, so that the total number of scheduled banks remained unchanged at 62.

A reference was made in the last year's issue of this publication to the Government's decision to interpret the words "aggregate value of paid-up capital and reserves" occurring in section 42(6) of the Reserve Bank Act to mean the real or the exchangeable value of the paid-up capital and reserves and not the book value as shown in the balance sheet. The interpretation of the word 'value' was extended during the year to banks already included in the second schedule and Government issued notices to some of them to allow the Reserve Bank to inspect their books and accounts with a view to testing their eligibility for retention in the schedule.

13. Deposits.—The table below shows the rise in the deposits of the various classes of banks in India during the last three years as compared with the pre-war year 1938.

	(In lakhs of Rupees)				Percentage rise as com- pared with 1938
	1938 (Pre-war)	1939	1940	1941	
Imperial Bank of India	81,51	87,84	96,03	108,92	34
Exchange Banks (In India & Burma)	67,20	74,08	85,33	106,73	59
Other Scheduled Banks	91,87	93,74	106,10	129,04	40
Non-Scheduled Banks with Capital and Reserves over Rs. 1 lakh	14,94	16,26	18,92	20,05	34
Co-operative Banks	35,23	38,78	39,09	38,18	8
Total	290,75	310,70	345,47	402,92	39
Post Office Savings Deposits and Cash Certificates, Defence Savings Certificates and Defence Savings Bank Deposits	140,28	133,80	109,66	102,26	—27
Grand Total	431,03	444,50	455,13	505,18	17

It will be observed that the total deposits of banks rose by 39% from Rs.291 crores in 1938 to Rs.403 crores in 1941. Deposits with Post Office in Savings Deposit Accounts and Cash Certificates, however, declined by 27% from Rs.140 crores in 1938 to Rs.102 crores in 1941.

14. Distribution of Assets—Cash.—The proportion of cash and balances with banks to deposits of the various classes of Indian joint stock and co-operative banks during the past 4 years is shown in the following table.

	1938 (Pre-war)	%	1939	%	(In lakhs of Rupees)		1941	%
					1940	%		
Imperial Bank of India ..	8,99	11.0	11,09	12.6	24,83	25.9	15,27	14.0
Other Indian Scheduled Banks	13,44	14.6	16,12	17.2	25,02	23.6	24,21	18.8
Non-Scheduled Banks with Capital and Reserves over Rs. 1 lakh	1,85	12.4	1,98	12.2	3,48	18.4	4,16	20.7
Total	24,28	12.9	29,19	14.8	53,33	24.1	43,64	16.9
Co-operative Banks	2,13	6.0	2,33	6.0	2,28	5.8	3,83	10.0

The decline in the cash ratio at the end of 1941 in the case of joint stock banks is to be attributed partly to a rise in their investments in Government and other gilt-edged securities and partly to a rise in their advances.

15. Loans.—The accompanying table shows the proportion of loans to deposits of the various classes of Indian joint stock and co-operative banks during the past four years.

	1938 (Pre-war)	%	1939	%	(In lakhs of Rupees)		1941	%
					1940	%		
Imperial Bank of India	38,30	47.0	48,28	55.0	32,31	33.6	38,88	35.7
Other Indian Scheduled Banks	48,85	53.2	52,58	56.1	48,95	46.1	62,76	48.6
Non-Scheduled Banks with Capital and Reserves over Rs. 1 lakh	11,10	74.3	14,13	86.9	13,63	72.0	14,58	72.7
Total	98,25	52.2	114,99	58.1	94,89	42.9	116,22	45.0
Co-operative Banks	29,00	82.3	32,79	84.6	33,54	85.8	31,93	83.6

Loans and advances after showing a rise in the first upswing in economic conditions following the outbreak of war declined in 1940 but recovered again during the year under review. The proportion of loans to deposits of co-operative banks was noticeably higher than that of commercial banks.

16. Investments.—The following table shows the proportion of investments in Government and other gilt-edged securities and shares of joint stock companies to deposits held by the various classes of Indian joint stock banks during the past 4 years.

	1938 (Pre-war)	%	1939	%	(In lakhs of Rupees)		1941	%
					1940	%		
Imperial Bank of India	43,72	53.6	38,02	43.3	48,57	50.6	64,39	59.1
Other Scheduled Banks	39,63	43.1	36,51	38.9	42,45	40.0	58,52	45.4
Non-Scheduled Banks with Capital and Reserves over Rs. 1 lakh	3,41	22.8	4,59	28.2	4,83	25.5	5,80	28.9
Total	86,76	46.1	79,12	40.0	95,85	43.4	128,71	49.9

The ratio of investments in Government and other securities to deposits showed a fall in 1939 from 46.1% to 40% on account of the increased demand for loans and advances but rose to 43.4% in 1940. In 1941 the ratio increased further to 49.9% mainly at the expense of cash which declined from 24.1% to 16.9%.

17. Branch Banking.—The number of offices of the several classes of banks are shown in the following table :—

	1938	1939	1940	1941
Imperial Bank of India	358	381	390	401
Other Scheduled Banks	677	798	860	954
Exchange Banks	93	99	101	99
Total Scheduled Banks	1,128	1,278	1,351	1,454
Non-Scheduled Banks with capital and reserves over Rs. 1 lakh	—	477	572	717

18. Banking Legislation.—In the last year's issue of this publication, mention was made of the Reserve Bank's proposals for a Bank Act which were circulated by Government to elicit public opinion. In view, however, of the lack of unanimity of opinion in the country on the subject which the replies received brought to light, and the pre-occupation of the war, Government decided that the question of undertaking comprehensive legislation should be held over for the time being. At the instance of the Reserve Bank they decided, however, to consider certain interim measures in order to improve the administration of Part XA of the Indian Companies Act and certain proposals in this behalf were under consideration at the end of 1941.

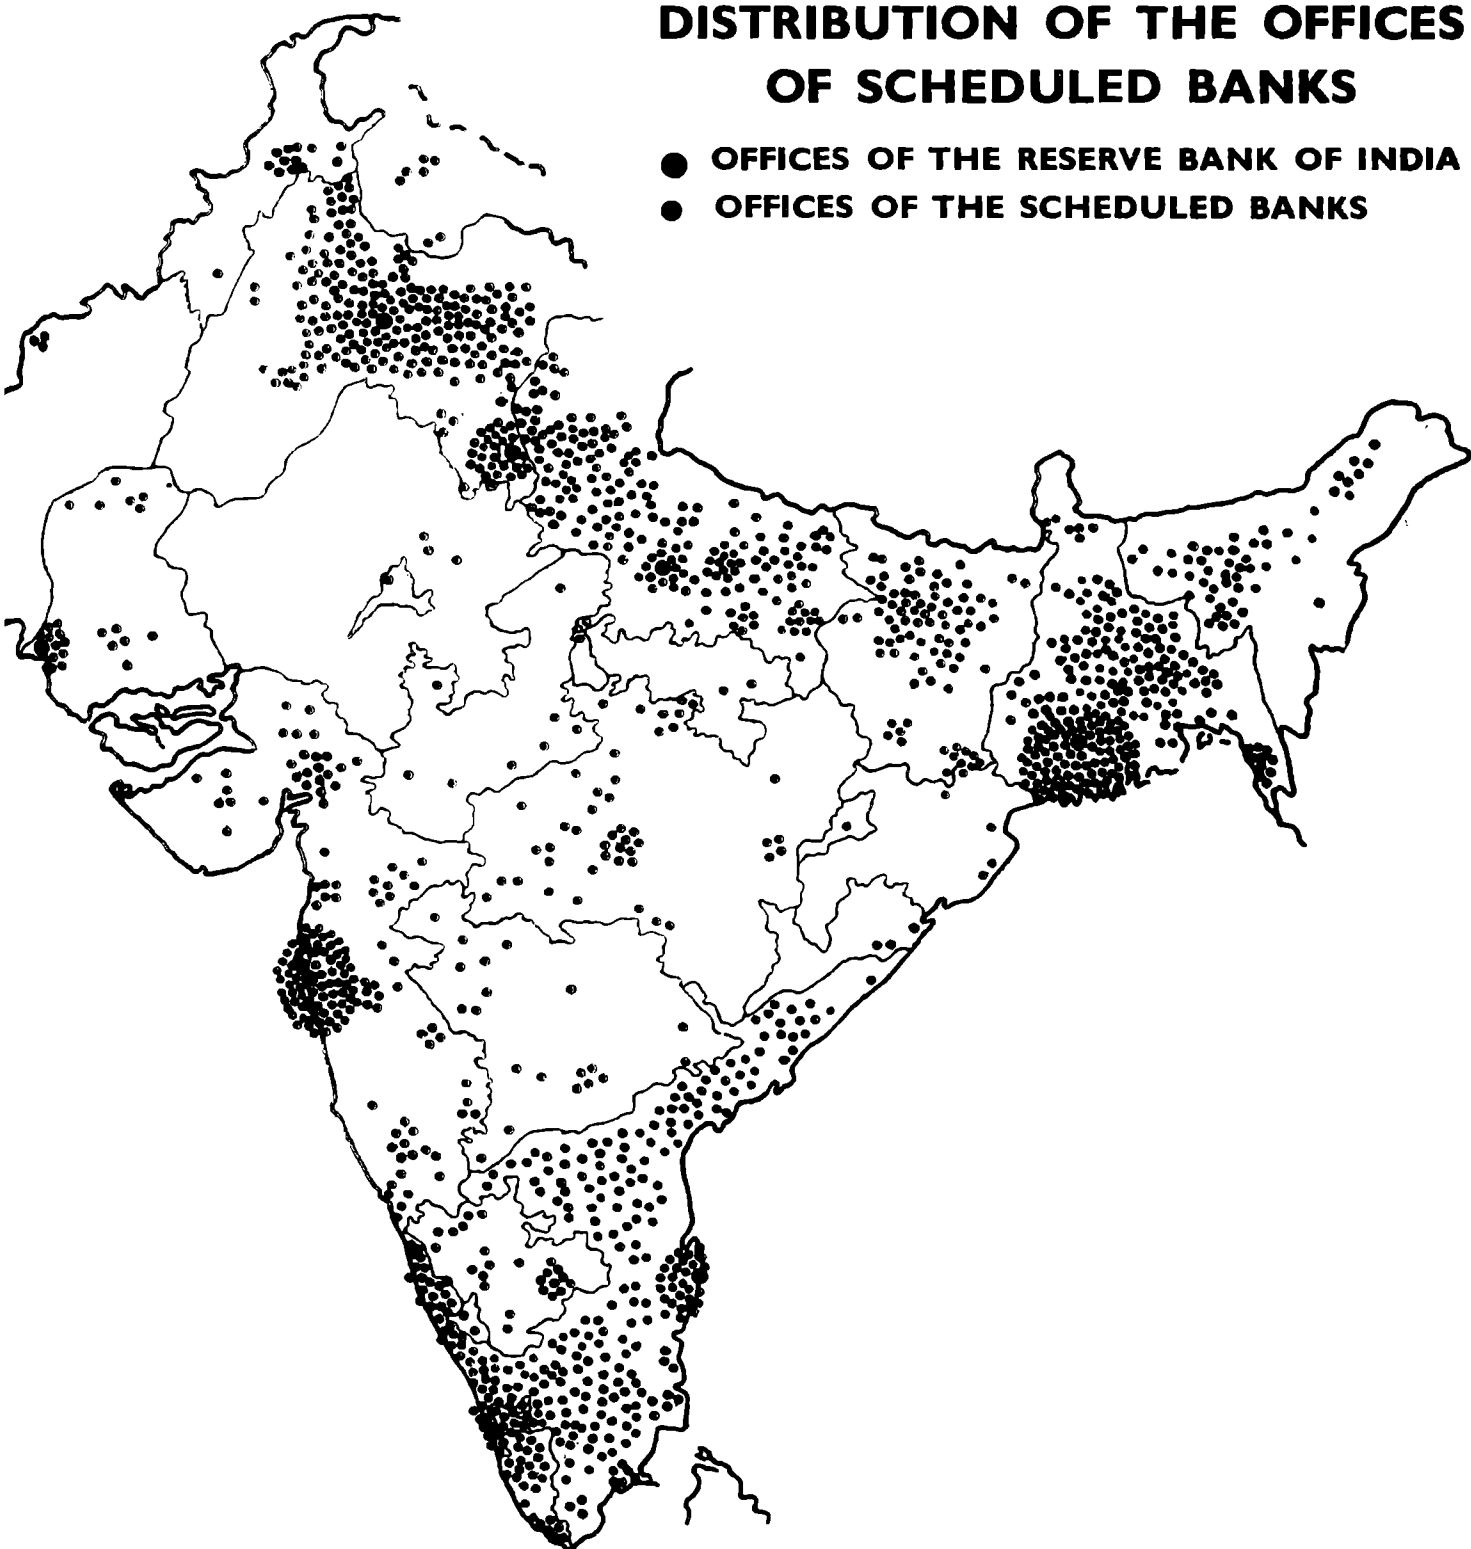

In compiling the publication, great assistance has been received from the Registrars of Joint Stock Companies, Registrars of Co-operative Societies and Banks.
