PREFATORY NOTE

The publication of the Statistical Tables relating to Banks in India and Burma was taken over by the Reserve Bank of India from the Government of India in 1941 and the first issue covering the two years 1939 and 1940 was published in July 1941. There have been two more issues subsequently in the years 1942 and 1944, the former covering the year 1941 and the latter the years 1942 and 1943. On account of paper scarcity the publication of the issue for 1944 was suspended and is being resumed now, the present issue covering the working of banks during the years 1944 and 1945.

Barring a few minor changes the compilation and presentation of statistics are on the same lines as in the former issues. It has not been possible to incorporate statistics relating to banks in Burma for the years 1944 and 1945. In Summary Table No. 1 statistics up to 30th June 1946 have, however, been given. In Table No. 2 the offices of the Imperial Bank of India include their Burma offices which were temporarily closed but were in fact removed elsewhere. In Table No. 3 where balance sheets of Exchange Banks were not available for the years 1944 and/or 1945, available figures of the preceding year have been taken for the purpose of consolidation and are subject to revision. So also where balance sheets for 1942 or 1943 have now become available, figures have been revised. In Table No. 4 where a balance sheet for the year 1945 was not available, figures for the preceding year have been taken for the purpose of consolidation and are subject to revision. The number of offices shown in Table No. 9 includes Burma offices temporarily closed.

2. Explanatory Note on the Tables.—The tables in this issue have been divided as usual into two parts—Summary and General. The summary tables contain in a consolidated form the more important items of the liabilities and assets of the several classes of banks while the general tables give details of the liabilities and assets of each individual bank. For the purpose of these tables, the banks have been classified as follows: (i) the Reserve Bank of India, (ii) the scheduled banks comprising: (a) the Imperial Bank of India, (b) the Exchange Banks, *i.e.*, banks whose head offices are located outside India and Burma and (c) other scheduled banks, (iii) non-scheduled banks or joint stock banks in India other than those included in the Second Schedule to the Reserve Bank of India Act and (iv) the co-operative banks in British India and certain Indian States registered under their respective laws relating to co-operative societies.

(i) **Reserve Bank of India (Table 1).**—Table No. 1 shows the liabilities and assets of the Reserve Bank of India at the end of each balance sheet year. The Table is divided into two parts, A and B. 'A' relates to the affairs of the Bank's Issue Department while 'B' relates to those of its Banking Department.

(ii) **Scheduled Banks (Tables 2, 3, 4, 5, 6, 9 & 10).**—Banks which carry on the business of banking in British India and which (a) have paid-up capital and reserves of an aggregate real or exchangeable value of not less than Rs. 5 lakhs and (b) are companies as defined in clause (2) of Section 2 of the Indian Companies Act, 1913, or corporations or companies incorporated by or under any law in force in any place outside British India, are included in the Second Schedule to the Reserve Bank of India Act and are known thereafter as scheduled banks. Banks fulfilling similar conditions in Burma are included in the Second Schedule to the India and Burma (Burma Monetary Arrangements) Order and are known thereafter as Burma Scheduled Banks. These tables give statistics of the affairs of the scheduled banks in India only.

(a) **Imperial Bank of India (Tables 2 and 10).**—Table No. 2 shows the more important items of the liabilities and assets of the Imperial Bank of India since its incorporation in 1921 while further details of its liabilities and assets are given in Table No. 10.

(b) **Exchange Banks (Tables 3 and 9).**—Table No. 3 shows in a consolidated form the capital, deposits and cash of the Exchange Banks. Owing to difficulties created by the war, balance sheets of some banks have not been available. In such cases balance sheet figures of the preceding year have been taken for the purpose of consolidation. Table No. 9 shows details regarding the liabilities and assets of these banks.

(c) **Other Scheduled Banks (Tables 4 and 10).**—Table No. 4 (Class A1) shows in a consolidated form the more important items of the liabilities and assets of these banks while details of each bank are given in Table No. 10.

(iii) **Non-Scheduled Banks (Tables 4 and 10).**—These banks have been divided into four classes: (a) banks which have paid-up capital and reserves of Rs.5 lakhs or over but which have not been included in the Second Schedule to the Reserve Bank of India Act, including a number of banks registered and working in Indian States and having no branches in British India, (b) banks having paid-up capital and reserves between Rs.1 lakh and Rs.5 lakhs, (c) banks having paid-up capital and reserves between Rs.50,000 and Rs.1 lakh and (d) banks having paid-up capital and reserves of less than Rs. 50,000. Table No. 4 shows the consolidated position of banks in these classes while Table No. 10 shows the details of their liabilities and assets except of those which have paid-up capital and reserves below Rs.50,000. For the purpose of these tables only the companies working in British India which have been classified as banking companies under Section 277F and which therefore submit returns under Section 277L of that Act and those registered and working in Indian States have been taken into account. As a result of the amendment to the Indian Companies Act in 1942, which provides that any company which uses as part of its name the word 'bank', 'banker' or 'banking' shall be deemed to be a banking company irrespective of whether the business of accepting deposits of money on current account or otherwise subject to withdrawal by cheque, draft or order is or is not its principal business, a number of companies in class (d) above declared themselves as non-banking companies though the exact number of such companies is not known. At the end of 1945, there were in British India and the more important Indian States as far as particulars are available 68 non-scheduled banks having paid-up capital and reserves of Rs. 5 lakhs and over, 174 non-scheduled banks with capital and reserves between Rs.1 lakh and Rs.5 lakhs, 114 non-scheduled banks with capital and reserves between Rs.50,000 and Rs.1 lakh and 244 non-scheduled banks with paid-up capital and reserves below Rs.50,000. Consolidated figures of 244 banks in class (d) for which balance sheets are available for the years 1944 and/or 1945 are given in Table No. 4. Table No. 6 (ii) shows the demand and time liabilities and cash reserves of all the non-scheduled banks working in British India only and submitting cash reserve returns under Section 277L of the Indian Companies Act.

(iv) **Co-operative Banks (Tables 7 and 11).**—Table No. 7 shows in a consolidated form the more important items of liabilities and assets of the co-operative banks while Table No. 11 shows details of each bank. These statistics relate to Provincial and Central Co-operative Banks and registered non-agricultural (urban) co-operative credit societies with limited liability and having paid-up capital and reserves of at least Rs.1 lakh. These banks are subdivided into two classes, viz., A—those with paid-up capital and reserves of Rs.5 lakhs and over and B—those with paid-up capital and reserves between Rs.1 lakh and Rs.5 lakhs. At the end of the "co-operative" year 1944-45 there were 50 banks in class A and 313 in class B.

(v) **Bank Rates (Table 8).**—Table No. 8 shows the average bank rates of the Reserve Bank of India, the Bank of England and the Federal Reserve Bank of New York. These rates remained steady during 1944 and 1945 at 3 per cent., 2 per cent. and 1 per cent. respectively.

(vi) **Bank Liquidations (Tables 12 and 12A).**—Joint stock banks which went into liquidation or were wound up or otherwise ceased to work during 1944 and 1945 as reported by the Registrars of Joint Stock Companies are shown in Tables No. 12 and 12A. The number of banks which went into liquidation or otherwise ceased to work was 22 with a reported paid-up capital of Rs. 5·32 lakhs in 1944 and 24 with a reported paid-up capital of Rs. 4·81 lakhs in 1945, as compared with 50 banks with a paid-up capital of Rs. 6·28 lakhs in 1943.

(vii) **Clearing House Returns (Tables 13 and 13A).**—The total amount of cheques cleared through the various clearing houses in India is shown in Table No. 13 while the number of cheques cleared is shown in Table No. 13A. The amount of cheques cleared through the clearing houses during 1945 amounted to Rs. 6,273 crores as compared with Rs. 5,402 crores in 1944 and Rs. 4,229 crores in 1943 while the respective numbers of cheques cleared amounted to 220 lakhs, 192 lakhs and 165 lakhs.

(viii) **Appendices.**—The names of banks operating in the principal towns of India are given in Appendix I while statistics in respect of the number of offices of each bank are given under the appropriate columns in Tables 9 and 10. Names of smaller banks with capital and reserves below Rs. 50,000 have been omitted. Information in respect of the branches of scheduled banks has been as far as possible corrected up to the 31st March 1946. Appendix II gives, as far as information is available, the names of London agents and correspondents of the banks working in India. Appendix III gives the names of the members and sub-members of the various clearing houses in India. Appendix IV gives the names of non-scheduled banks and indigenous bankers included in the approved list entitled to concessional rates for remittances under the Reserve Bank's scheme of remittance facilities introduced in October 1940. Finally, in Appendix V are given the rates for remittances under this scheme.

3. Banking Developments.—The war-time expansion of currency, particularly during 1944 and 1945, was one of the factors which contributed to the expansion of banking activity in India, resulting in the flotation of new banks, extension of branch banking, and growth of deposits, investments and advances. Some of the outstanding developments are briefly summarised below.

(a) **Second Schedule to the Reserve Bank of India Act.**—During the years under review 18 new banks were included in the Second Schedule thereby raising the total number of scheduled banks, excluding the three Burma scheduled banks, to 91 at the end of 1945.

(b) **New Flotations.**—The period under report witnessed the flotation of 48 new banks.

(c) **Control of Capital Issues.**—With a view to conserve the country's capital resources and to facilitate the successful prosecution of the War, the Government of India promulgated in May 1943 Rule 94(A) of the Defence of India Rules prohibiting the issue of new capital without the previous sanction of Government. The number of applications for additional or fresh issue of capital received from the existing or proposed banks during 1944 and 1945 is given below :

	1944	1945
Total number of applications from existing banks	220	235
Total number of applications from proposed banks	49	42
	269	277

(d) **Capital and Reserves.**—The accompanying table shows the rise in the paid-up capital and reserves of the various classes of Indian joint stock banks as shown in their balance sheets during the last three years as compared with the pre-war year 1938 :—

(f) **Cash in hand and with banks.**—The following table shows the proportion of cash and balances with banks to deposits of the various classes of banks during the past three years as compared with the pre-war year 1938 :—

					(In lakhs of Rupees)			
					1938	%	1943	%
					1944	%	1945	%
Imperial Bank of India	..	..	8,99	11.0	53,36	24.9	28,31	11.9
Other Indian Scheduled Banks	..	..	13,44	14.6	74,25	22.9	89,65	20.6
Non-Scheduled Banks with capital and reserves over Rs. 1 lakh	..	..	1,85	12.4	13,05	32.4	23,64	35.7
Total					24,28	12.9	141,60	19.1
Co-operative Banks	..	..	2,13	6.0	6,33	13.2	5,34	10.1

It will be observed that cash balances of joint stock banks after increasing in 1943 to 24.3 per cent. of their deposits as compared with 12.9 per cent. in 1938, declined to 19.1 per cent. in 1944 but thereafter improved slightly to 20.0 per cent. in 1945.

(g) **Investments.**—The ratio of investments of the various classes of banks in Government and other securities to their deposits during the past three years as compared with the pre-war year 1938 is given below :—

					(In lakhs of Rupees)				
	1938	%	1943	%	1944	%	1945	%	
Imperial Bank of India ..	43,72	53.6	130,20	60.7	148,63	62.5	154,18	59.4	
Other Indian Scheduled Banks	39,63	43.1	167,02	51.5	231,41	53.2	278,52	51.5	
Non-Scheduled Banks with capital and reserves of Rs.1 lakh and over ..	3,41	22.8	10,04	25.0	16,56	25.0	27,66	30.0	
Total ..	86,76	46.1	307,26	53.0	396,60	53.6	460,36	51.6	

The ratio of investments to deposits which has been rising during the previous years has fallen, in spite of an absolute increase in the total of investments, from 53.6 per cent. in 1944 to 51.6 per cent. in 1945 owing to a relatively higher rise in deposits.

(h) **Immovable Property.**—The following table shows the immovable property held by the various classes of banks in the last three years in relation to deposits :—

				(In lakhs of Rupees)					
				1943	%	1944	%	1945	%
Imperial Bank of India	..	..	..	1,55	0.72	1,52	0.63	1,48	0.57
Other Indian Scheduled Banks	..	..	..	4,94	1.52	3,74	0.86	3,78	0.70
Non-Scheduled Banks with capital and reserves of over Rs.1 lakh	..	..	..	1,13	2.80	1,34	2.02	1,48	1.61
Total			..	7,62	1.32	6,60	0.89	6,74	0.76

(i) **Loans and Advances including Bills Discounted and Purchased.**—The proportion of total advances to deposits of the various classes of banks during the past three years as compared with 1938 is given below :—

		(In lakhs of Rupees)							
		1938	%	1943	%	1944	%	1945	%
Imperial Bank of India	..	38,30	47.0	40,60	18.9	70,23	29.5	72,97	28.1
Other Indian Scheduled Banks		48,85	53.2	108,93	33.6	157,68	36.2	220,91	40.8
Non-Scheduled Banks with capital and reserves of over Rs.1 lakh		11,10	74.3	22,45	55.8	33,53	50.6	43,75	47.5
Total		98,25	52.2	171,98	29.7	261,44	35.4	337,63	37.8
Co-operative Banks		29,00	82.3	30,71	64.0	30,83	58.4	33,67	58.1

In relation to deposits, the ratio of loans and advances showed a sharp fall from 52.2 per cent. in 1938 to 29.7 per cent. in 1943 but improved thereafter to 35.4 per cent. in 1944 and 37.8 per cent. in 1945.

(j) **Branch Banking.**—The increase in the number of offices of the several classes of banks is indicated in the following table. It shows that branches of the Scheduled and Non-Scheduled Banks have increased rapidly. The reduction by two in the number of the offices of the Exchange Banks is due to the closure of branches of the Bank of China in Kalimpong and New Delhi.

	1938	1943	1944	1945
Imperial Bank of India	358	404	426	433
Other Indian Scheduled Banks	677	1,400	1,976	2,419
Exchange Banks	93	84	83	81
Total Scheduled Banks	1,128	1,888	2,485	2,933
Non-Scheduled Banks with capital and reserves of Rs.1 lakh and over	..	1,161	1,654	1,934

Information concerning the location of branches of banks given in Appendix I, indicates that banks have been steadily expanding their branches and opening new offices not only at places where banking facilities already exist but also in places which were not previously served by a scheduled bank or a non-scheduled bank having capital and reserves above Rs.50,000.

4. Banking Legislation.—It was mentioned in the last issue of this publication that in view of the recent trends observed in the development of Indian banking, the Reserve Bank reviewed their original proposals for legislation made in 1939 and submitted to Government a revised draft of a comprehensive Bank Act with a request to proceed with the necessary legislation as early as convenient. Accordingly Government introduced a Banking Companies Bill, 1945, in the Legislative Assembly on the 16th November 1944. A motion for reference of the Bill to a Select Committee was adopted by the Assembly on the 11th April 1945. The Committee was scheduled to meet in October 1945, but owing to the dissolution of the Assembly, the proposed meeting of the Committee was cancelled and the Bill lapsed. Hence a revised Bill was introduced in the Budget Session of the new Assembly on the 15th March 1946 and a motion to refer the Bill to a Select Committee was approved by the House on the 11th April 1946. Opportunity has been taken to incorporate in this revised Bill such changes as were considered necessary in the light of opinions and criticisms received from the public on the circulation of the original Bill and more recent developments in Indian banking.

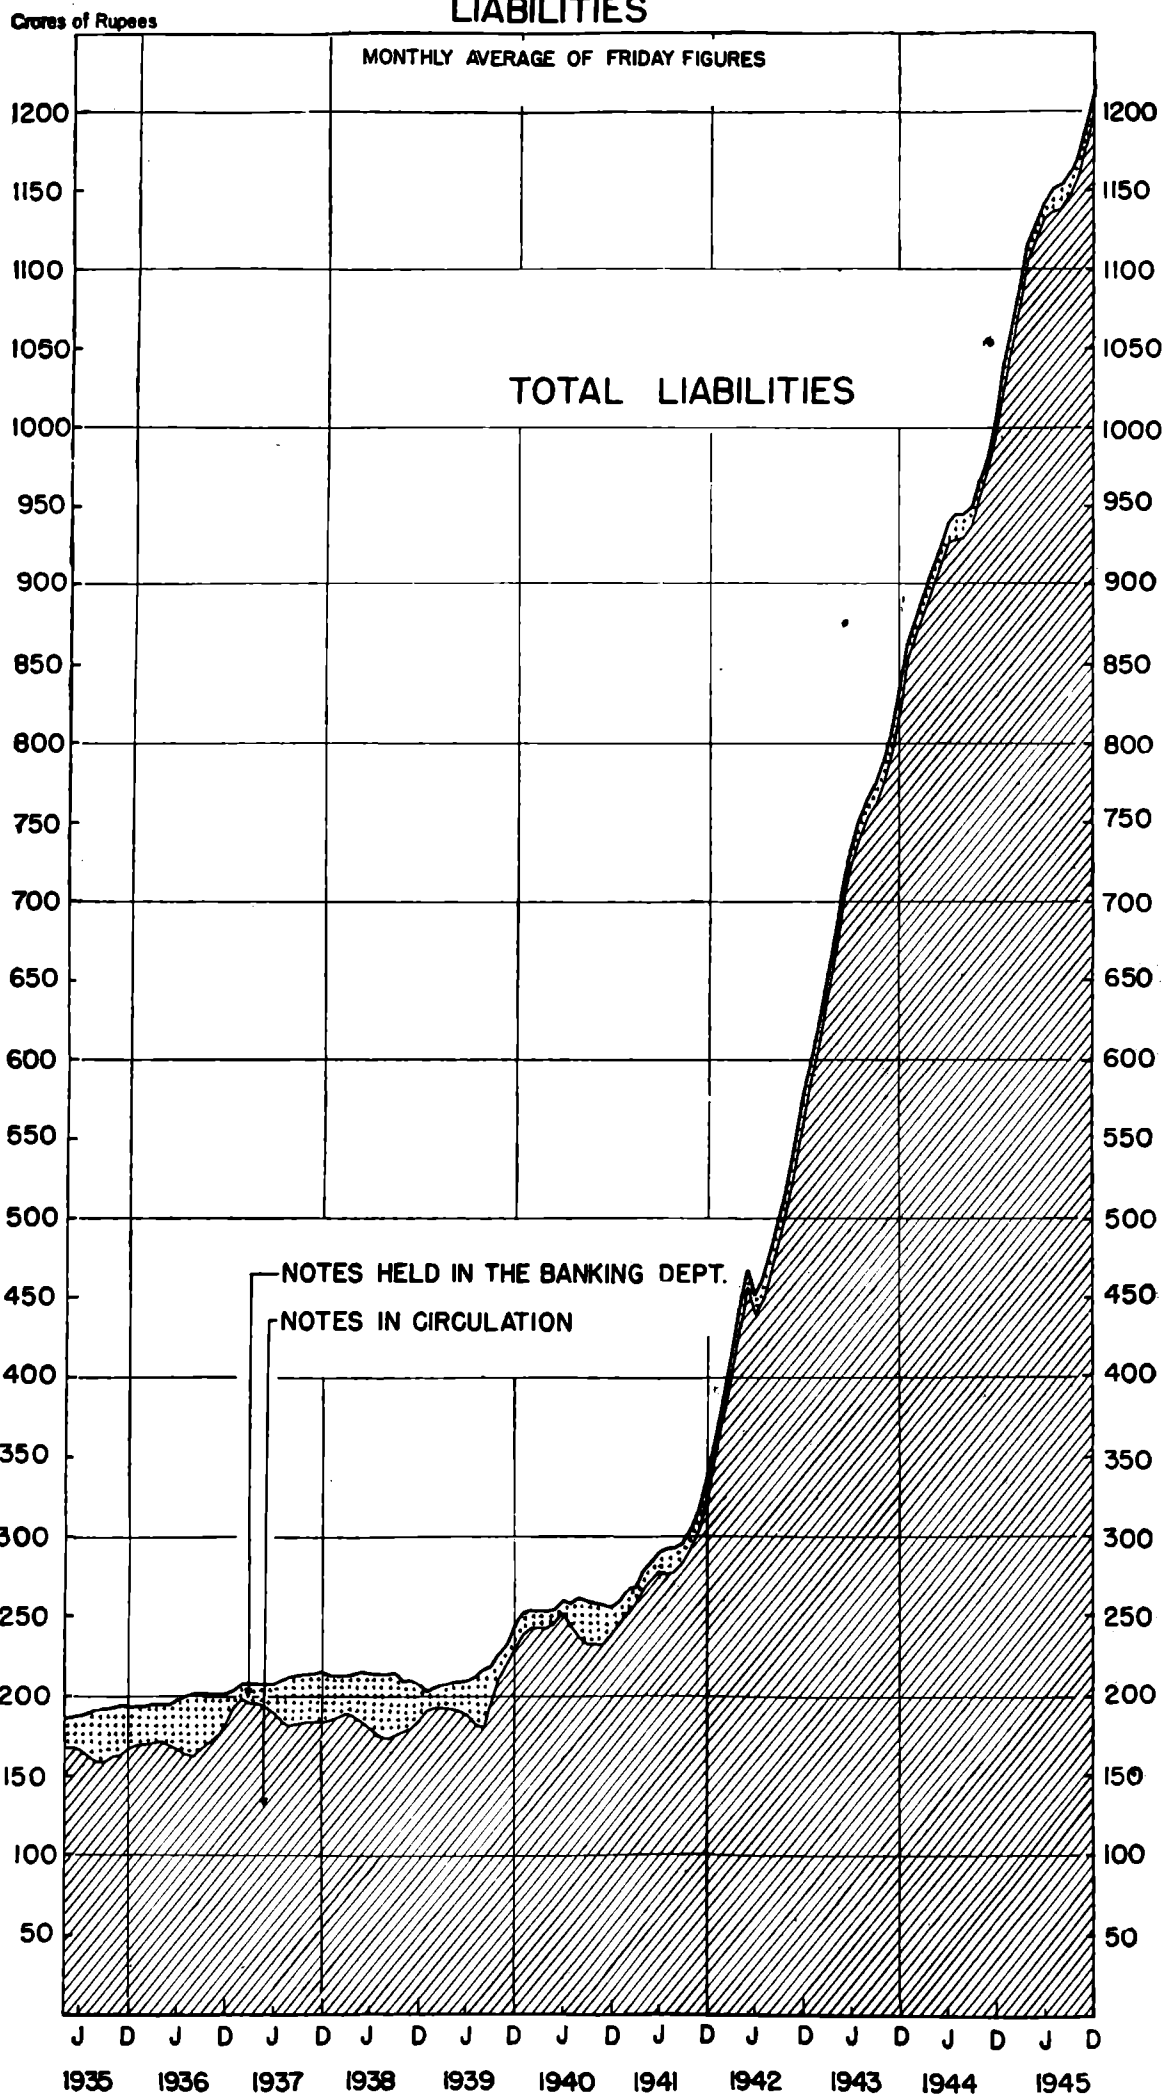

Pending the enactment of the Banking Companies Bill 1946, and in view of the urgency of controlling the unplanned expansion of branches of banks, the Government of India decided to give immediate effect to Clause 18 (6) of the Bill and accordingly introduced in the Central Assembly the Banking Companies (Restriction of Branches) Bill 1946 on the 4th November 1946. This Bill received the consent of both Houses of the Legislature and came into force with effect from the 22nd November 1946. It provides that no banking company shall open a new branch or change the location of any existing branch without obtaining prior sanction in writing from the Reserve Bank of India, which, before giving permission to any banking company in this regard, may take into consideration its financial condition and history, the general character of its management, the adequacy of its capital structure and earning prospects as also the advantage to the public following the opening of the branch. For this purpose it vests in the Reserve Bank of India power to arrange for the inspection with prior approval of the Central Government of the books, accounts and other documents of a banking company by any competent person authorised on its behalf by the Reserve Bank of India.

5. Great assistance has been received from the Registrars of Joint Stock Companies, Registrars of Co-operative Societies and Banks, in compiling this publication and the Reserve Bank takes this opportunity of thanking them for their co-operation.
