INTRODUCTION

The *Statistical Tables relating to Commercial Banks* for the year 1958 which is the *Seventeenth* in the series since the publication was taken over by the Reserve Bank in 1941, covers banks functioning in the Indian Union, whether registered in the Indian Union or outside. The presentation of the statistics is generally on the same lines as in previous issues except that data relating to co-operative banks have been excluded from this publication. These will appear in the *Statistical Statements relating to Co-operative Movement in India* published by our Agricultural Credit Department, the latest issue of which relating to 1957-58 was recently published. The tables have been divided into two parts—Summary and Detailed. The Summary Tables present the more important liabilities and assets of several classes of banks. Particulars regarding the liabilities and assets of individual banks are given in the Detailed Tables. Figures for the earlier years have also been revised in some cases. Banks with their registered offices outside the Indian Union but having their offices in the Indian Union are styled in this publication as foreign banks. Figures in respect of foreign banks given in the Summary Tables relate to the banks hitherto known as exchange banks and two banks incorporated in Pakistan.

2. The number of banks covered by the Tables is as follows:—

(The variations in the number of banks are due to revised classification, closure, liquidation and conversion of banks into non-banking companies).

EXPLANATORY NOTES TO THE TABLES

3. The banks included in the *Statistical Tables* have been classified as follows:—

- (i) Reserve Bank of India
- (ii) Indian Banks comprising:
 - (a) The State Bank of India and other Indian scheduled banks;
 - (b) Indian non-scheduled banks, *i.e.*, Indian joint stock banks (including State-owned and State-controlled banks) other than those included in the Second Schedule to the Reserve Bank of India Act; and
- (iii) Foreign banks whose registered offices are located outside the Indian Union.

Banks which carry on the business of banking in India and which (a) have paid-up capital and reserves of an aggregate, real or exchangeable, value

of not less than Rs. 5 lakhs, (b) are either companies as defined in Section 3 of the Companies Act, 1956, or corporations or companies incorporated by or under any law in force in any place outside India or institutions notified by the Central Government in this behalf, and (c) satisfy the Reserve Bank that their affairs are not being conducted in a manner detrimental to the interests of their depositors, are eligible for inclusion in the Second Schedule to the Reserve Bank of India Act, 1934, and when so included are known as *scheduled* banks. The scheduled banks are further classified into (a) Indian scheduled banks (Class A1), *i.e.*, banks having their registered offices in the Indian Union and (b) foreign scheduled banks, *i.e.*, banks having their registered offices outside the Indian Union.

4. The non-scheduled banks have been classified into four classes; A2 banks, which have paid-up capital and reserves of Rs. 5 lakhs and above but which have not been included in the Second Schedule to the Reserve Bank of India Act; B banks, having paid-up capital and reserves between Rs. 1 lakh and Rs. 5 lakhs each; C banks, having paid-up capital and reserves between Rs. 50,000 and Rs. 1 lakh; and D banks, having paid-up capital and reserves of less than Rs. 50,000. Data relating to D banks are given in the Summary Tables only.

5. Prior to March 1949, any company which used as part of its name the word 'bank', 'banker' or 'banking' was deemed to be, according to the Indian Companies Act, 1913, as amended in 1942, a banking company, irrespective of whether or not banking was its principal business. Under the Banking Companies Act, 1949, however, a 'banking company' has been defined as a company carrying on the business of banking in India and 'banking' also has been defined. Further, the business which a banking company may transact in addition to banking has also been stated precisely and minimum paid-up capital and reserves, varying with the geographical coverage of a banking company, have been prescribed. A banking company is required to use as part of its name the word 'bank,' 'banker' or 'banking,' and a non-banking company is prohibited from using any of these words in its name. The provision with regard to the name came into force on March 16, 1951, while the stipulation with regard to capital became applicable to existing banking companies on March 16, 1952. The Banking Companies Act was extended to the whole of the Indian Union, except the State of Jammu and Kashmir, in March 1950 while the Banking Companies Rules were extended to these areas in November 1952. With effect from November 1, 1956 the Banking Companies Act, 1949 as well as the Banking Companies Rules were extended to the State of Jammu and Kashmir.

6. Table 1:—*Liabilities and Assets of the Reserve Bank of India (Total Business).* From August 15, 1947 to June 30, 1948 the Reserve Bank of India functioned as the central bank for the Indian Union as well as for Pakistan. The liabilities and assets relating to Pakistan for this period are given in brackets below the consolidated figures for the Indian Union and Pakistan. Notes in circulation since July 1, 1948 include India notes issued prior to Partition and held by the State Bank of Pakistan pending return to the Reserve Bank of India, and India notes returned from Pakistan, and awaiting cancellation. Figures are given quinquennially upto 1945 and annually thereafter.

7. Table 2:—*Liabilities and Assets of the Several Classes of Banks (Total Business).* This table combines the more important items of liabilities and assets of the State Bank of India, other Indian joint stock banks and foreign banks. Figures in respect of Indian banks relate to their total business and those of the foreign banks to their business in the Indian Union. The statistics pertaining to foreign banks are compiled from the balance sheets prepared under Section 29 (1) of the Banking Companies Act, 1949.

8. Table 3:—*Consolidated Position (Weekly) of Scheduled Banks.* The data are compiled from the weekly returns submitted by scheduled banks under

Section 42 (2) of the Reserve Bank of India Act, 1934, and relate to their working in the Indian Union. The annual data are given on a quinquennial basis upto 1950 and annually thereafter.

9. Table 4(i):—*Liabilities and Assets of the Several Classes of Joint Stock Banks, 1957 and 1958.* This table gives the details of liabilities and assets of joint stock banks as given in their balance sheets. For purposes of this table scheduled banks have been sub-divided into (i) State Bank of India, (ii) other major Indian scheduled banks,* (iii) other Indian scheduled banks, and (iv) foreign scheduled banks. Non-scheduled banks have been sub-divided, according to paid-up capital and reserves, into A2, B, C and D classes as set out in paragraph 4. In respect of cash balances, loans and advances and investments, this table contains fuller details than the Detailed Tables or Summary Tables 2 and 6 which have been compiled from returns in a special form; as regards deposits, 'current and contingency accounts' have been grouped together in table 4(i) while in the Detailed and Summary Tables 'contingency accounts' have been separated from 'current accounts' and have been grouped with 'other deposits' if they are in the nature of deposits or else with 'other liabilities.' Besides, provident fund deposits, staff security deposits, chit and kuri deposits included under 'other deposits' in table (4) (i) have been treated as 'other liabilities' in the Detailed and Summary Tables since 1955.

10. Table 4 (ii):—*Income, Expenditure and Distribution of Profit of the Several Classes of Joint Stock Banks, 1957 and 1958.* This table gives the details of income, expenditure and distribution of profit as given in the profit and loss account and the directors' report to the shareholders. Profit shown in this table refers to profit prior to allocations for taxation, reserves, etc.; in the case of banks which show the figures after making such allocations, necessary adjustments have been made. The figures in this table, however, differ from those in table 7 (i), (ii) and (iii) which are obtained on a special form covering the earnings and expenses of scheduled (Indian and foreign) and larger non-scheduled banks and which relate to gross figures prior to provision for bad and doubtful debts, bonus to staff and taxes.

11. Table 5:—*Liabilities and Assets of Indian Joint Stock Banks relating to their Business in the Indian Union and Total Business.* The information relates to joint stock banks registered in the Indian Union and gives separate statistics of their business in the Indian Union and their total business. Some banks could not submit returns for the year 1947 due to the non-availability of the necessary records; certain other banks had suspended payments temporarily or were not functioning normally during that year. The data relating to these banks were derived from the overall figures in their balance sheets, which were available for the year, and the detailed figures contained in a return for the nearest available date.

12. Table 7(i), (ii), (iii) and (iv):—*Earnings and Expenses of Banks, 1954 to 1958.* Tables 7(i) and 7 (iii) relate, respectively, to the total earnings and expenses of the Indian scheduled banks and non-scheduled banks each having paid-up capital and reserves of Rs. 5 lakhs and above. Table 7 (ii) relates to the earnings and expenses of foreign scheduled banks in respect of their business in the Indian Union. This table, which hitherto included figures in respect of exchange banks only and excluded banks registered in Pakistan, now covers all scheduled banks registered outside India but having offices in India. Table 7 (iv) gives the ratios of the various items of earnings, expenses and net profit to current operating earnings and the ratios of the various items of allocation to net profit. As stated earlier, the tables are compiled from special returns submitted by banks. In the interest of uniformity and greater clarity, a few changes have been made in the presentation of data. Thus, from 1956

* Viz., (1) Allahabad Bank, (2) Bank of Baroda, (3) Bank of India, (4) Central Bank of India, (5) Indian Bank, (6) Punjab National Bank, (7) United Bank of India and (8) United Commercial Bank.

onwards, separate figures of banks' earnings from letters of credit, bills for collection, T. Ts and D. Ds are available. Because of this additional information, figures of a few banks in respect of items 1(a), 1(b) and 1(e) in Table 7(i) and items 1(a) and 1(e) in Table 7(ii) are not strictly comparable with the figures for the previous years.

13. Table 8:—*Usual Interest Rates Allowed by Major Indian and Foreign Scheduled Banks on Deposits during 1958.* This table presents the rates of interest paid on the largest portion of deposits by foreign and major Indian scheduled banks*. The rates are obtained from the surveys of interest rates on deposits and advances of all scheduled banks.

14. Table 10:—*Distribution of Banking Offices by Population in the Several States, 1958.* This table gives the statistics of the number of banking offices, including temporary or seasonal offices, in the several States of the Indian Union. Offices of banks which have not sent the required statistics for 1957 and 1958 as well as those in liquidation or refused licences under Section 22 of the Banking Companies Act, 1949, in 1958 have also been excluded. The population figures were mostly obtained from the 1951 Census and in a few cases from the Regional Census Commissioners and banks themselves; wherever figures for 1951 were not available, 1941 Census figures have been given. Offices situated in places for which population figures were not available are included under 'unclassified.'

15. Table 13:—*Advances of Selected Scheduled Banks at various rates of interest.* The data relate to 15 selected scheduled banks and are as on the last Friday of the quarter. Advances shown against item 9 relate to loans and advances as reported on Form XIII under Section 27 (1) of the Banking Companies Act, 1949 and include 'money at call and short notice' and 'due from banking companies' but exclude 'bills purchased and discounted'.

16. Table 14:—*Liabilities and assets in foreign countries of Indian Scheduled Banks.* The data are compiled from the monthly returns submitted by these banks. The figures shown in this table are somewhat different from those given in Table 5 as the figures in this table are as on the last Friday of December, while those in Table 5 are compiled from the Balance Sheets as at the end of December. The cash ratio is the ratio of cash and balances with the central bank (or balances with other banks in current account in countries where there is no central bank) to total deposits.

17. Table 15:—*Indian Joint Stock Banks which have gone into Liquidation or have otherwise Ceased to Function.* This table shows the number, capital and deposits of joint stock banks which went into voluntary liquidation, or were ordered to be liquidated, or otherwise ceased to function during the year. The data were furnished by the Registrars of Joint Stock Companies. For the years prior to 1948, the statistics relate to undivided India.

18. Table 16:—*Velocity of Circulation of Deposit Money.* Figures in this table are compiled from the returns submitted by all the offices of scheduled banks operating in the Indian Union under the Survey of Debits to Deposit Accounts. The data for 1955, 1956, 1957 and 1958, however, relate to scheduled bank offices in towns with a population of one lakh and over. The deposits given in this table relate to the average of current deposits as at the end of June and December upto 1946 and to the average of month-end figures thereafter. The velocity of circulation of deposit money is calculated by dividing the total of debits to current, overdraft and cash credit accounts for the twelve months by the average of current deposits in columns 3 and 4 as the case may be.

* *Viz.*, (1) Allahabad Bank, (2) Bank of Baroda, (3) Bank of India, (4) Central Bank of India, (5) Indian Bank, (6) Punjab National Bank, (7) State Bank of India, (8) United Bank of India and (9) United Commercial Bank.

19. Tables 22 and 23. *Detailed Tables:*—Tables 22 (ii) and 23 are compiled from a special return based on the balance sheet for each individual bank. Table 23 relates to the total business of Indian banks (including business outside the Indian Union). The date of registration or incorporation is shown below the name of each bank. Table 22 (ii) relates to the business of foreign banks in the Indian Union as shown in their balance sheets prepared in terms of Section 29 (1) of the Banking Companies Act, 1949. Figures in respect of the two Pakistani banks, which were hitherto shown in a separate table, are now shown along with the other foreign banks in Tables 22(i) and 22(ii). The balance of profit or loss given outside the brackets in column 11 of Table 22 (ii) is net of profits transferred to the Head Office by the foreign banks. Figures shown inside the brackets under column 11 of Table 22(ii) represent profit earned during the year as shown in the profit and loss account.

20. In Table 23, banks with paid-up capital and reserves of less than Rs. 50,000 are excluded. The name of the town in which the registered office of the bank is located is shown after the name of the bank in column 2. Profit earned during the year as shown in the profit and loss account is shown in brackets in column 13 by the side of the balance of profit or loss as shown in the balance sheet. The number of offices of banks outside the Indian Union is shown in brackets by the side of the number of offices in the Indian Union under column 24.

21. Banks which have gone into liquidation or which otherwise ceased to be banking companies during 1958 or which did not submit returns have been excluded from the tables.

22. *Appendices:*—Appendix I gives the names of banks operating in the various towns of the Indian Union. Banks other than scheduled banks are shown in italics. Non-scheduled banks with paid-up capital and reserves below Rs. 50,000 and banks which did not furnish the required data for 1957 and 1958 are excluded. Population figures are shown in brackets against each town. The information in respect of scheduled banks has been brought up to March 31, 1959. The branches which were closed after the date of the balance sheet are indicated by an asterisk. Where places have been renamed, the old names are shown in brackets. The name of the State in which the place is situated is shown in brackets.

23. Information in regard to the agents or correspondents abroad of Indian scheduled banks elsewhere than in London has been presented in Appendix IV.

24. Considerable assistance has been received from banks and the Registrars of Joint Stock Companies in compiling this publication and the Reserve Bank of India thanks them for their co-operation.
