INTRODUCTION

The *Statistical Tables relating to Banks* for the year 1959 is the *eighteenth* in the series since the publication was taken over by the Reserve Bank in 1941 and covers banks functioning in the Indian Union, whether registered in the Indian Union or outside. The presentation of data is generally on the same lines as in previous issues except that data relating to co-operative banks which had been discontinued in the publication for 1958, have been reintroduced in this publication. The statistics relating to assets and liabilities as well as earnings and expenses of commercial banks are compiled from special returns furnished by them, unless otherwise indicated. The tables have been divided into two parts—summary and detailed. The summary tables present the more important liabilities and assets of several classes of banks. Particulars regarding the liabilities and assets of individual banks are given in the detailed tables. Figures for the earlier years have also been revised in some cases.

2. The number of banks covered by the Tables is as follows :—

EXPLANATORY NOTES TO THE TABLES

3. The banks included in the Statistical Tables have been classified as follows :

- (i) Reserve Bank of India
- (ii) Indian Commercial Banks comprising :
 - (a) The State Bank of India and other Indian scheduled banks ;
 - (b) Indian non-scheduled banks, *i.e.*, Indian commercial banks (including State-owned and State-controlled banks) other than those included in the Second Schedule to the Reserve Bank of India Act, 1934;
 - (c) State and Central Co-operative Banks;
- (iii) Foreign banks whose registered offices are located outside the Indian Union.

Banks which carry on the business of banking in India and which (a) have paid-up capital and reserves of an aggregate, real or exchangeable, value of not less than Rs. 5 lakhs, (b) are either companies as defined in Section 3 of the Companies Act, 1956, or corporations or companies incorporated by or under any law in force in any place outside India or institutions notified by the Central Government in this behalf, and (c) satisfy the Reserve Bank that their affairs are not being conducted in a manner detrimental to the interests

of their depositors, are eligible for inclusion in the Second Schedule to the Reserve Bank of India Act, 1934, and when so included are known as 'scheduled banks.' The scheduled banks are further classified into (a) Indian scheduled banks (Class A1), *i.e.*, banks having their registered offices in the Indian Union and (b) foreign scheduled banks, *i.e.*, banks having their registered offices outside the Indian Union.

4. The non-scheduled banks have been classified into four classes ; A2 banks, which have paid-up capital and reserves of Rs. 5 lakhs and above but which have not been included in the Second Schedule to the Reserve Bank of India Act, 1934 ; B banks, having paid-up capital and reserves between Rs. 1 lakh and Rs. 5 lakhs each ; C banks, having paid-up capital and reserves between Rs. 50,000 and Rs. 1 lakh ; and D banks, having paid-up capital and reserves of less than Rs. 50,000. Data relating to D banks are given in the summary tables only.

5. Prior to March 1949, any company which used as part of its name the word 'bank', 'banker' or 'banking' was deemed to be, according to the Indian Companies Act, 1913, as amended in 1942, a banking company, irrespective of whether or not banking was its principal business. Under the Banking Companies Act, 1949, however, a 'banking company' has been defined as a company carrying on the business of banking in India and 'banking' has also been defined. Further, the business which a banking company may transact in addition to banking has also been stated precisely and minimum paid-up capital and reserves, varying with the geographical coverage of a banking company, have been prescribed. A banking company is required to use as part of its name the word 'bank', 'banker' or 'banking', and a non-banking company is prohibited from using any of these words in its name. The provision with regard to the name came into force on March 16, 1951, while the stipulation with regard to capital became applicable to existing banking companies on March 16, 1952. The Banking Companies Act, 1949 was extended to the whole of the Indian Union, except the State of Jammu and Kashmir, in March 1950 while the Banking Companies Rules were extended to these areas in November 1952. With effect from November 1, 1956 the Banking Companies Act, 1949 as well as the Banking Companies Rules were extended to the State of Jammu and Kashmir.

6. Data in respect of the assets and liabilities (which relate to the co-operative-year July-June) are given in respect of State and central co-operative banks in the summary tables, but those relating to offices cover State, central as well as urban co-operative banks and banking unions each with capital and reserves of not less than Rs. 1 lakh, with the exception of offices of urban banks in Madhya Pradesh. In tables 13 and 14 and in Appendix I, data relating to offices of co-operative banks are given as on June 30, 1959.

7. Table 1 : *Liabilities and Assets of the Reserve Bank of India.* From August 15, 1947 to June 30, 1948 the Reserve Bank of India functioned as the central bank for the Indian Union as well as for Pakistan. The liabilities and assets relating to Pakistan for this period are given in brackets below the consolidated figures for the Indian Union and Pakistan. Notes in circulation since July 1, 1948 include India notes issued prior to Partition and held by the State Bank of Pakistan pending return to the Reserve Bank of India, and India notes returned from Pakistan, and awaiting cancellation. Figures are given quinquennially upto 1945 and annually thereafter.

8. Table 2: *Liabilities and Assets of the Several Classes of Banks (Total Business).* This table combined the more important items of liabilities and assets of the State Bank of India, other Indian commercial banks, foreign banks and State and central co-operative banks. Figures in respect of Indian banks relate to their total business and those of the foreign banks to their business in the Indian Union.

9. Table 3: *Consolidated Position (Weekly) of Scheduled Banks.* The data are compiled from the weekly returns submitted by scheduled banks under Section 42(2) of the Reserve Bank of India Act, 1934, and relate to their working in the Indian Union.

10. Table 4(i) : *Liabilities and Assets of the Several Classes of Commercial Banks, 1958 and 1959.* This table gives the details of liabilities and assets of commercial banks as given in their balance sheets. For purposes of this table, scheduled banks have been sub-divided into (i) State Bank of India, (ii) other major Indian scheduled banks,* (iii) other Indian scheduled banks, and (iv) foreign banks. Non-scheduled banks have been sub-divided, according to paid-up capital and reserves, into A2, B, C and D classes as set out in paragraph 4. This table contains fuller details than the detailed tables or summary tables 2 and 6 which have been compiled from returns in a special form ; as regards deposits, 'current and contingency accounts' have been grouped together in table 4(i), while in the detailed and summary tables 'contingency accounts' have been separated from 'current accounts' and have been grouped with 'other deposits' if they are in the nature of deposits or else with 'other liabilities.' Besides, provident fund deposits, staff security deposits, chit and kuri deposits included under 'other deposits' in table (4)(i) have been treated as 'other liabilities' in the detailed and summary tables since 1955. Figures of reserves shown in this table also differ from those shown in tables 2, 6 and 12, as all provisions (*i.e.* amounts written off or retained by way of providing for depreciation, renewals or diminution in value of assets or retained by way of providing for any known liability of which the amount cannot be determined with substantial accuracy such as investment depreciation fund, reserves for bad and doubtful debts, reserve for accrued interest, reserve for taxation, charity fund, pension reserve, provident funds, building and development funds, etc.) are treated as 'other liabilities' for purposes of all tables except for table 4(i).

11. Table 4 (ii) : *Income, Expenditure and Distribution of Profit of the Several Classes of Commercial Banks, 1958 and 1959.* This table gives the details of income, expenditure and distribution of profit as given in the profit and loss account and the directors' report to the shareholders. Profit shown in this table refers to profit prior to allocations for taxation, reserves, etc. ; in the case of banks which show the figures after making such allocations, necessary adjustments have been made. The figures in this table, however, differ from those in table 7 (i), (ii) and (iii) which are obtained on a special form covering the earnings and expenses of scheduled (Indian and foreign) and larger non-scheduled banks and which relate to gross figures prior to provision for bad and doubtful debts, bonus to staff and taxes.

12. Table 5 : *Liabilities and Assets of Indian Commercial Banks relating to their Business in the Indian Union and Total Business.* The table relates to commercial banks registered in the Indian Union and gives separate statistics of their business in the Indian Union and their total business.

13. Table 7(i), (ii), (iii), and (iv) : *Earnings and Expenses of Banks, 1955 to 1959.* Tables 7(i) and 7(iii) relate, respectively, to the total earnings and expenses of the Indian scheduled banks and non-scheduled banks each having paid-up capital and reserves of Rs. 5 lakhs and above. Table 7(ii) relates to the earnings and expenses of foreign scheduled banks in respect of their business in the Indian Union. Table 7(iv) gives the ratios of the various items of earnings, expenses and net profit to current operating earnings and the ratios of the various items of allocation to net profit. As stated earlier, the tables are compiled from special returns submitted by banks. In the interest of uniformity and greater clarity, a few changes have been made in the presentation of data. Thus, from 1956 onwards, special figures of banks'

* Viz., (1) Allahabad Bank, (2) Bank of Baroda, (3) Bank of India, (4) Central Bank of India, (5) Indian Bank, (6) Punjab National Bank, (7) United Bank of India, and (8) United Commercial Bank

earnings from letters of credit, bills for collection, T.Ts. and D.Ds. are available. Because of this additional information, figures of a few banks in respect of items 1(a), 1(b) and 1(e) in Table 7(i) and items 1(a) and 1(e) in table 7(ii) are not strictly comparable with the figures for the previous years. Further, in the year 1959, earnings from investments are inclusive of taxes paid at source which have been included in the item XIII(a)—provision for taxes on profits. In view of this, figures in respect of earnings on investments and consequently of net profit for the year 1959, are not strictly comparable with the figures for the previous years.

14. Table 10 : *Average Rates of Interest on Deposits, Advances and Bills of Scheduled Banks, 1958 and 1959.* This table gives the average rates of interest paid on deposits as well as earned on advances and bills. These rates are worked out from the returns submitted by banks under the half-yearly Surveys of Interest Rates. Data have been shown separately for two groups of banks classified according to the size of their deposits—(1) those with deposits of Rs. 25 crores and above and (2) those with deposits of less than Rs. 25 crores.

15. Table 13 : *Distribution of Banking Offices by Population in the Several States, 1959.* This table gives the statistics of the number of banking offices, including temporary or seasonal offices, in the several States of the Indian Union. Offices of banks which have not sent the required statistics for 1958 and 1959 as well as those in liquidation or refused licences under Section 22 of the Banking Companies Act, 1949, in 1959 have been excluded. The population figures were mostly obtained from the 1951 Census and in a few cases from the Regional Census Commissioners and banks themselves. Offices situated in places for which population figures were not available are included under 'unclassified.'

16. Table 16 : *Advances of Selected Scheduled Banks at Various Rates of Interest, 1959.* The data relate to 15 selected scheduled banks and are as on the last Friday of the quarter. Advances shown against item 9 relate to loans and advances as reported on Form XIII under Section 27(1) of the Banking Companies Act, 1949 and include 'money at call and short notice' and 'due from banking companies' but exclude 'bills purchased and discounted'.

17. Table 17 : *Liabilities and Assets in Foreign Countries of Indian Banks.* The data are compiled from the monthly returns submitted by these banks. The figures shown in this table are somewhat different from those given in table 5 as the figures in this table are as on the last Friday of December, while those in table 5 are compiled from special returns based on balance sheets as at the end of December. The cash ratio is the ratio of cash and balances with the central bank (or balances with other banks in current account in countries where there is no central bank) to total deposits.

18. Table 18 : *Velocity of Circulation of Deposit Money of Scheduled Banks.* Figures in this table are compiled from the returns submitted by the offices of scheduled banks operating at places having a population of one lakh and above in the Indian Union for the Survey of Debits to Deposit Accounts. The method of computation of the rate of turnover of current deposits has been changed for the years 1958 and 1959, as explained in the foot note to the table.

19. Table 23 : *Indian Commercial Banks which have gone into Liquidation or have otherwise Ceased To Function.* This table shows the number, capital and deposits of commercial banks which went into voluntary liquidation, or were ordered to be liquidated, or otherwise ceased to function during the year. The data were furnished by the Registrars of Companies. For the years prior to 1948, the statistics relate to undivided India.

20. Tables 25 and 26: *Detailed Tables.* Tables 25(ii) and 26 are compiled from a special return based on the balance sheet for each individual bank as stated earlier. Table 26 relates to the total business of Indian banks

(including business outside the Indian Union). The date of registration or incorporation is shown below the name of each bank. Table 25(ii) relates to the business of foreign banks in the Indian Union. The balance of profit or loss given outside the brackets in column 11 is balance of profit or loss as shown in the balance sheet ; figures shown inside the brackets represent profit (including provision for taxes) or loss made during the year.

21. In Table 26, banks with paid-up capital and reserves of less than Rs. 50,000 are excluded. The name of the town in which the registered office of the bank is located is shown after the name of the bank in column 2. Profit earned during the year as shown in the profit and loss account is shown in brackets in column 13 by the side of the balance of profit or loss as shown in the balance sheet. The number of offices of banks outside the Indian Union is shown in brackets by the side of the number of offices in the Indian Union under column 24.

22. Banks which have gone into liquidation or which otherwise ceased to be banking companies during 1959 or which did not submit returns have been excluded from the summary tables.

23. *Appendices* : Appendix I gives the names of banks operating in the various towns of the Indian Union. Offices of co-operative banks as reported by the Registrars of Co-operative Societies are also included. Banks other than scheduled banks and State co-operative banks are shown in italics. Non-scheduled banks with paid-up capital and reserves below Rs. 50,000 and banks which did not furnish the required data for 1958 and 1959 are excluded. Population figures are shown in brackets against each town. The information in respect of scheduled banks has been brought up to March 31, 1960. The branches which were closed after the date of the balance sheet are indicated by an asterisk. Where places have been renamed, the old names are shown in brackets. The name of the State in which the place is situated is shown in brackets.

24. Considerable assistance has been received from banks and the Registrars of Companies and of Co-operative Societies in compiling this publication and the Reserve Bank of India thanks them for their co-operation.

* Places with population of one lakh and over.

† Include credit balances in cash credit accounts.

Note—The method of computation of the rate of turnover of current deposits in the above statement has been changed from this year. Hitherto it was calculated by dividing the debits to current deposit accounts and to cash credit and overdraft accounts during the year by monthly average of current deposits. The cash credit and overdraft limits sanctioned were not taken into account although their debits were included in the total debits. Turnover of current deposits is now calculated by dividing debits to current account during the year by the monthly average of current deposits. An additional item on the overall rate of turnover (columns 17 and 18) in respect of current accounts and cash credit and overdraft limits has also been introduced from this year. The overall rate of turnover is arrived at by dividing debits to current account and cash credits and overdrafts by the average outstanding of current account and effective cash credits and overdraft limits. Debits to cash credit and overdraft accounts figures under columns (11) and (12) are separately available from the beginning of 1958 only and as such the figures shown in columns (7) and (8) for the period 1958 and 1959 are not comparable with the figures for earlier years.

* Information regarding offices of scheduled banks is as at March 31, 1960, wherever available, while that regarding non-scheduled banks and co-operative banks is as on the date of the latest balance sheet or return. Non-scheduled banks with capital and reserves below Rs. 50,000 are omitted from this Appendix. Non-scheduled banks which have not sent the required statistics for 1958 and 1959 as well as those in liquidation or refused licence under Section 22 of the Banking Companies Act, 1949, in 1959 have also been omitted. In respect of co-operative banks, offices of (i) State Co-operative Banks, (ii) Central Co-operative Banks and (iii) Urban Co-operative Banks and Banking Unions with capital and reserves of over Rs. 1 lakh, as reported by the Registrars of Co-operative Societies are included. Offices of Urban Co-operative Banks and Banking Unions in Madhya Pradesh are not included owing to non-receipt of data from the Madhya Pradesh Registrar. The name of the state is based on the information furnished by the banks.

Note—Names of towns and of states, the latter within brackets, are printed in bold type. Banks other than Scheduled Banks and State Co-operative Banks are shown in italics. R.O.=Registered Office; H.O.=Head Office; C.O.=Central Office; B.=Branch; S.B.=Sub-Branch; S.O.=Sub-Office; P.O.=Pay Office; S.P.O.=Sub-Pay Office; T.P.O.=Treasury Pay Office; CH. O.=Cash Office; Cantt.=Cantonment; Munc.=Municipal; Dist.=District. Where the Central Office, Head Office and Registered Office are at one place, they are shown as Registered Office only. Number given against a bank indicates the number of its offices in the town. Population figures are according to the 1951 Census, as supplied by the Census Commissioners and banks; where 1951 figures were not available, population figures according to 1941 Census have been taken and are indicated by an asterisk (*). Wherever population figures of Cantonment areas are available, they are indicated separately.

† Office closed since the date of the balance sheet.

‡ Registered, Central, Head or Branch Offices which are not transacting banking business.
