PREFATORY NOTE

The publication of the Statistical Tables relating to Banks in India was taken over by the Reserve Bank of India from the Government of India in 1941, and the first issue covering the two years 1939 and 1940 was published in July 1941. The second issue related to the year 1941 and was published in July 1942, but no publication was issued in 1943 owing to shortage of paper. In view, however, of a strong demand for the publication from the banks and the general public, it has been decided to resume publication. The present publication covers the two calendar years 1942 and 1943.

A few minor changes have been introduced in this issue. In the first place, for obvious reasons, statistics relating to banks in Burma for the years 1942 and 1943 are not available. Secondly, in table 10, the net profit or loss made during the year has been shown in brackets alongside the balance of profit as the latter figures do not, in many cases, give a true idea of the profits made by banks.

2. Explanatory Note on the Tables.—Following the pattern of the previous issues, the tables have been divided into two parts, summary and general. The summary tables contain in a consolidated form the more important items of the liabilities and assets of the several classes of banks while the general tables give details of the liabilities and assets of each individual bank. For the purpose of these tables, the banks have been classified into (i) the Reserve Bank of India, (ii) the scheduled banks comprising (a) the Imperial Bank of India, (b) the Exchange Banks, that is to say, banks whose head offices are located outside India and (c) other scheduled banks, (iii) non-scheduled banks or joint stock banks in India other than those included in the Second Schedule to the Reserve Bank of India Act, and (iv) the co-operative banks in British India and certain Indian States registered under the laws relating to co-operative societies.

(i) **Reserve Bank of India (Table 1).**—Table No. 1 shows the liabilities and assets of the Reserve Bank of India at the end of each year. The statements are divided into two parts, A and B. 'A' relates to the affairs of the Bank's Issue Department while 'B' relates to those of its Banking Department.

(ii) **Scheduled Banks (Tables 2, 3, 4, 5, 6, 9 & 10).**—These tables deal with the banks included in the Second Schedule to the Reserve Bank Act.

(a) **Imperial Bank of India (Tables 2 and 10).**—Table No. 2 shows the more important items of the liabilities and assets of the Imperial Bank of India since its incorporation in 1921 while further details of its liabilities and assets are given in table No. 10.

(b) **Exchange Banks (Tables 3 and 9).**—Summary table No. 3 shows in a consolidated form the capital, deposits and cash of the Exchange Banks working in India while table No. 9 gives an analysis of the various items of their liabilities and assets.

(c) **Other Scheduled Banks (Tables 4 and 10).**—Table No. 4 (class A₁) shows in a consolidated form the more important items of the liabilities and assets of these banks while details of each bank are shown in table No. 10.

(iii) **Non-Scheduled Banks (Tables 4 and 10).**—These banks have been divided into four classes, (a) banks which have paid-up capital and reserves of Rs. 5 lakhs or over including a number of banks registered and working in Indian States and having no branches in British India, (b) banks having paid-up capital and reserves between Rs. 1 lakh and Rs. 5 lakhs, (c) banks having paid-up capital and reserves between Rs. 50,000 and Rs. 1 lakh and (d) banks having paid-up capital and reserves of less than Rs. 50,000. Table No. 4 shows the consolidated position of the various classes of these banks, while table No. 10 shows the details of their liabilities and assets except of banks which have paid-up capital and reserves

below Rs. 50,000. For the purpose of these tables only those companies working in British India which have been classified as banking companies under Section 277F of the Indian Companies Act and which therefore submit returns under Section 277L of that Act and those registered and working in Indian States have been taken into account. At the end of 1943 there were in British India and the more important Indian States 35 non-scheduled banks having paid-up capital and reserves of Rs. 5 lakhs and over, 152 non-scheduled banks with capital and reserves between Rs. 1 lakh and Rs. 5 lakhs, 141 non-scheduled banks with capital and reserves between Rs. 50,000 and Rs. 1 lakh and about 200 non-scheduled banks with paid-up capital and reserves below Rs. 50,000. Consolidated figures in respect of 133 banks having paid-up capital and reserves below Rs. 50,000 whose balance sheets are available for the year 1942 are given in table No. 4. Table No. 6 (ii) shows the demand and time liabilities and cash reserves of all non-scheduled banks working in British India and submitting returns under Section 277L of the Indian Companies Act.

(iv) **Co-operative Banks (Tables 7 and 11).**—Table No. 7 shows in a consolidated form the more important items of liabilities and assets of the co-operative banks while table No. 11 shows details regarding each bank. These statistics relate to Provincial and Central Co-operative Banks and registered non-agricultural (urban) co-operative credit societies with limited liability and having capital and reserves of at least one lakh of rupees. These banks are sub-divided into two classes, namely, A those with paid-up capital and reserves of Rs. 5 lakhs and over, and B those with paid-up capital and reserves between Rs. 1 lakh and Rs. 5 lakhs. At the end of the “co-operative” year 1942-43 there were 42 banks in class A and 295 in class B.

(v) **Bank Rates (Table No. 8).**—Table No. 8 shows the Reserve Bank of India rate, the Bank of England rate and the Federal Reserve Bank of New York rate. While the rates of the Bank of England and the Reserve Bank of India remained unchanged at 2 per cent. and 3 per cent. respectively during 1942 and 1943, the Federal Reserve Bank of New York reduced its rate from 1 per cent. to $\frac{1}{2}$ per cent. from the 31st October 1942.

(vi) **Bank Liquidations (Tables 12 and 12A).**—Lists of joint stock banks that went into liquidation or were wound up or otherwise ceased to work during 1942 and 1943 as reported by the Registrars of Joint Stock Companies are given in tables No. 12 and 12A. The totals for 1939, 1940 and 1941 have been revised by incorporating the figures of certain banks which actually went into liquidation in 1941 or earlier but which were reported only in 1942 or later. The number of banks which went into liquidation or ceased to work in 1943 was 50 with a paid-up capital of Rs. 6.28 lakhs, as compared with 48 banks with a paid-up capital of Rs. 11.97 lakhs in 1942, and 75 banks with a paid-up capital of Rs. 9.65 lakhs in 1941.

(vii) **Clearing House Returns (Tables 13 and 13A).**—The total amount of cheques cleared through the various clearing houses in India is shown in table No. 13 while the number of cheques cleared is shown in table No. 13A. The amount of cheques cleared through the clearing houses during 1943 amounted to Rs. 4,229 crores as compared with Rs. 2,714 crores in 1942 and Rs. 2,215 crores in 1939 while the number of cheques cleared amounted to 165 lakhs as against 154 lakhs in 1942 and 157 lakhs in 1939.

(viii) **Appendices.**—The names of banks operating in the principal towns of India are given in Appendix I while statistics in respect of the number of offices of each bank are given in the appropriate columns in tables 9 and 10. Names of smaller banks with capital and reserves below Rs. 50,000 have been omitted. As there were a number of changes in the location of branches after the 31st December 1943, information in respect of the branches of scheduled banks has been corrected upto the 31st March 1944. Appendix II gives, as far as possible, the names of London agents and correspondents of banks working in India and Appendix III the names of the members and sub-members of the various clearing houses in India.

In Appendix IV are given the names of non-scheduled banks and indigenous bankers included in the approved list for concession rates of remittances under the Reserve Bank's scheme of remittance facilities introduced in October 1940, while the rates of remittances under the scheme are reproduced in Appendix V.

3. Banking Developments.—The outstanding features of banking development during the two years under review were the unprecedented rise in bank deposits as a result of the expansion of currency, the opening of a large number of new banks, the extension of branch banking by existing banks, and the growth in the paid-up capital, investments and the advances of banks in general. These developments are briefly summarised below.

(a) **Second Schedule to the Reserve Bank of India Act.**—During the years under review 16 new banks were included in the Second Schedule while one bank was excluded, raising the total number of scheduled banks, excluding the three Burma scheduled banks, to 74 at the end of 1943.

(b) **New Floatations.**—The period under report was characterised by the floatation of fifty new banks, of which ten were included in the Second Schedule.

(c) **Control of Capital Issues.**—With a view to conserving capital resources for purposes connected with the prosecution of the war, the Government of India promulgated, in May 1943, Rule 94(A) of the Defence of India Rules, prohibiting the issue of new capital without the previous sanction of Government.

(d) **Capital and Reserves.**—The accompanying table shows the rise in the paid-up capital and reserves of the various classes of Indian joint stock banks as shown in their balance sheets during the period under review as compared with the pre-war year 1938 :—

		(In lakhs of Rupees)

(f) **Cash in hand and with banks.**—The following table shows the proportion of cash and balances with banks to deposits of the various classes of banks during the past three years as compared with the pre-war year 1938 :—

(In lakhs of Rupees.)								
	1938		1941	%	1942		1943	
Imperial Bank of India	8,99	11.0	15,27	14.0	23,00	14.1	53,36	24.9
Other Indian Scheduled Banks	13,44	14.6	24,21	18.8	43,77	23.1	76,57	23.9
Non-Scheduled Banks with capital and reserves over Rs. 1 lakh	1,85	12.4	4,16	20.7	8,12	28.0	13,05	32.4
Total	24,28	12.9	43,64	16.9	74,89	19.6	1,42,98	24.9
Co-operative Banks	2,13	6.0	3,82	10.0	4,95	11.2	6,33	13.2

It will be observed that cash balances of joint stock banks were higher in 1943 at 24.9 per cent. of their deposits as compared with 16.9 per cent. in 1941 and 12.9 per cent. in 1938.

(g) **Investments.**—The ratios of the investments of banks in Government and other securities to their deposits during the past three years as compared to the pre-war year 1938 are given below :—

(In lakhs of Rupees.)								
	1938	%	1941	%	1942	%	1943	%
Imperial Bank of India	43,72	53.6	64,39	59.1	116,41	71.2	130,20	60.7
Other Scheduled Banks	39,63	43.1	58,52	45.4	101,77	53.7	164,25	51.4
Non-Scheduled Banks with capital and reserves of Rs. 1 lakh and over	3,41	22.8	5,80	28.9	8,32	28.7	10,04	24.9
Total	86,76	46.1	128,71	49.9	226,50	59.3	304,49	53.0

The ratio of investments to deposits has however fallen in spite of the increase in the total of investments, from 59.3 per cent. in 1942 to 53 per cent. in 1943 mainly owing to the sharp increase in deposits.

(h) **Immovable Property.**—It is observed that a number of banks have disposed of a part of the immovable property owned by them taking advantage of the present abnormal rise in prices. The following table shows the immovable property held by the various classes of banks in 1941, 1942 and 1943 in relation to deposits :—

(In lakhs of Rupees.)							
	1941	%	1942	%	1943	%	
Imperial Bank of India	1,64	1.5	1,59	0.97	1,55	0.72	
Other Scheduled Banks	5,73	4.4	5,22	2.8	4,87	1.5	
Non-Scheduled Banks with capital and reserves of over Rs. 1 lakh	76	3.8	82	2.8	1,13	2.8	
Total	8,13	3.2	7,63	2.0	7,55	1.3	

(i) **Loans and Advances.**—The proportion of advances to deposits of the various classes of banks during the past three years as compared with 1938 is given below :—

	(In lakhs of Rupees.)							
	1938	%	1941	%	1942	%	1943	%
Imperial Bank of India	38,30	47.0	38,88	35.7	33,79	20.7	40,60	18.9
Other Indian Scheduled Banks	48,85	53.2	62,76	48.6	60,68	32.0	107,33	33.6
Non-Scheduled Banks with capital and reserves over Rs. 1 lakh	11,10	74.3	14,58	72.7	17,56	60.5	22,45	55.8
Total	98,25	52.2	116,22	45.0	112,03	29.3	170,38	29.7
Co-operative Banks	29,00	82.3	31,93	83.6	32,04	72.8	30,71	64.0

In relation to deposits, the ratio of loans and advances shows a sharp fall from 52.2 per cent. in 1938 to 29.3 per cent. in 1942. In 1943, the ratio has slightly improved to 29.7 per cent.

(j) **Branch Banking.**—The rapid increase in the number of offices of the several classes of banks is illustrated by the following table :—

	1938	1941	1942	1943
Imperial Bank of India	358	401	392	398
Other Scheduled Banks	677	954	974	1,400
Exchange Banks	93	99	84	84
Total Scheduled Banks	1,128	1,454	1,450	1,882
Non-Scheduled Banks with capital and reserves of Rs. 1 lakh and over		717	898	1,161

From the location of branches of banks given in Appendix I, it will be seen that banks have been steadily expanding their branches and opening new offices not only at places where banking facilities exist already but also at a few places which were not previously served by a scheduled bank or a non-scheduled bank having capital and reserves above Rs. 50,000.

4. Banking Legislation.—A reference was made in the last issue of this publication to certain interim proposals for banking legislation which the Government of India had decided to introduce to improve the administration of Part XA of the Indian Companies Act. Section 277F of the Companies Act has been amended by the insertion of a proviso to the effect that any company which uses as part of its name the word “bank,” “banker” or “banking” shall be deemed to be a banking company irrespective of whether the business of accepting deposits of money on current account or otherwise subject to withdrawal by cheque, draft or order is or is not its principal business. The amending bill which embodied this amendment received the assent of the Governor-General on the 1st October 1942.

Under a notification issued by the Government of India on the 16th January 1937, banks were permitted to omit from their balance sheets bad and doubtful debts for which provision had been made to the satisfaction of the auditors. In a revision application filed recently in the Bombay High Court, the Full Bench of the Court held that this notification was *ultra vires* as it contravened Section 151 of the Indian Companies Act. This well-recognised practice followed in India and other countries by banks in preparing their balance sheets was given statutory validity by an amendment to the Companies Act passed in November 1943.

In order to remove the undesirable features noticed in the capital structure and management of banking companies floated since the outbreak of the war, the Reserve Bank of India made certain proposals for legislation to the Government of India. These proposals were embodied in the Indian Companies (Amendment) Act, 1944, which received the assent of the Governor-General on the 7th March 1944. A bank is under this Act prohibited from employing a managing agent or any other person whose remuneration or part of whose remuneration takes the form of a commission or a share in the profits of the company or any person having a contract with the company for its management for a period exceeding five years at a time. The following further restrictions on a banking company incorporated after the 15th January 1937 have been imposed :—

(a) Its subscribed capital should not be less than half the authorised capital and the paid-up capital not less than half the subscribed capital.

(b) The capital of the company should consist of ordinary shares only or ordinary and such preference shares as were issued before the commencement of the Indian Companies (Amendment) Act, 1944, and

(c) The voting rights of all shareholders should be strictly in proportion to the contribution made by the shareholders to the paid-up capital.

In view of the recent trends observed in the development of Indian banking, the Reserve Bank have recently reviewed their original proposals for legislation made in 1939 and have submitted to Government a revised draft of a comprehensive Bank Act with a request to proceed with the necessary legislation as early as convenient.

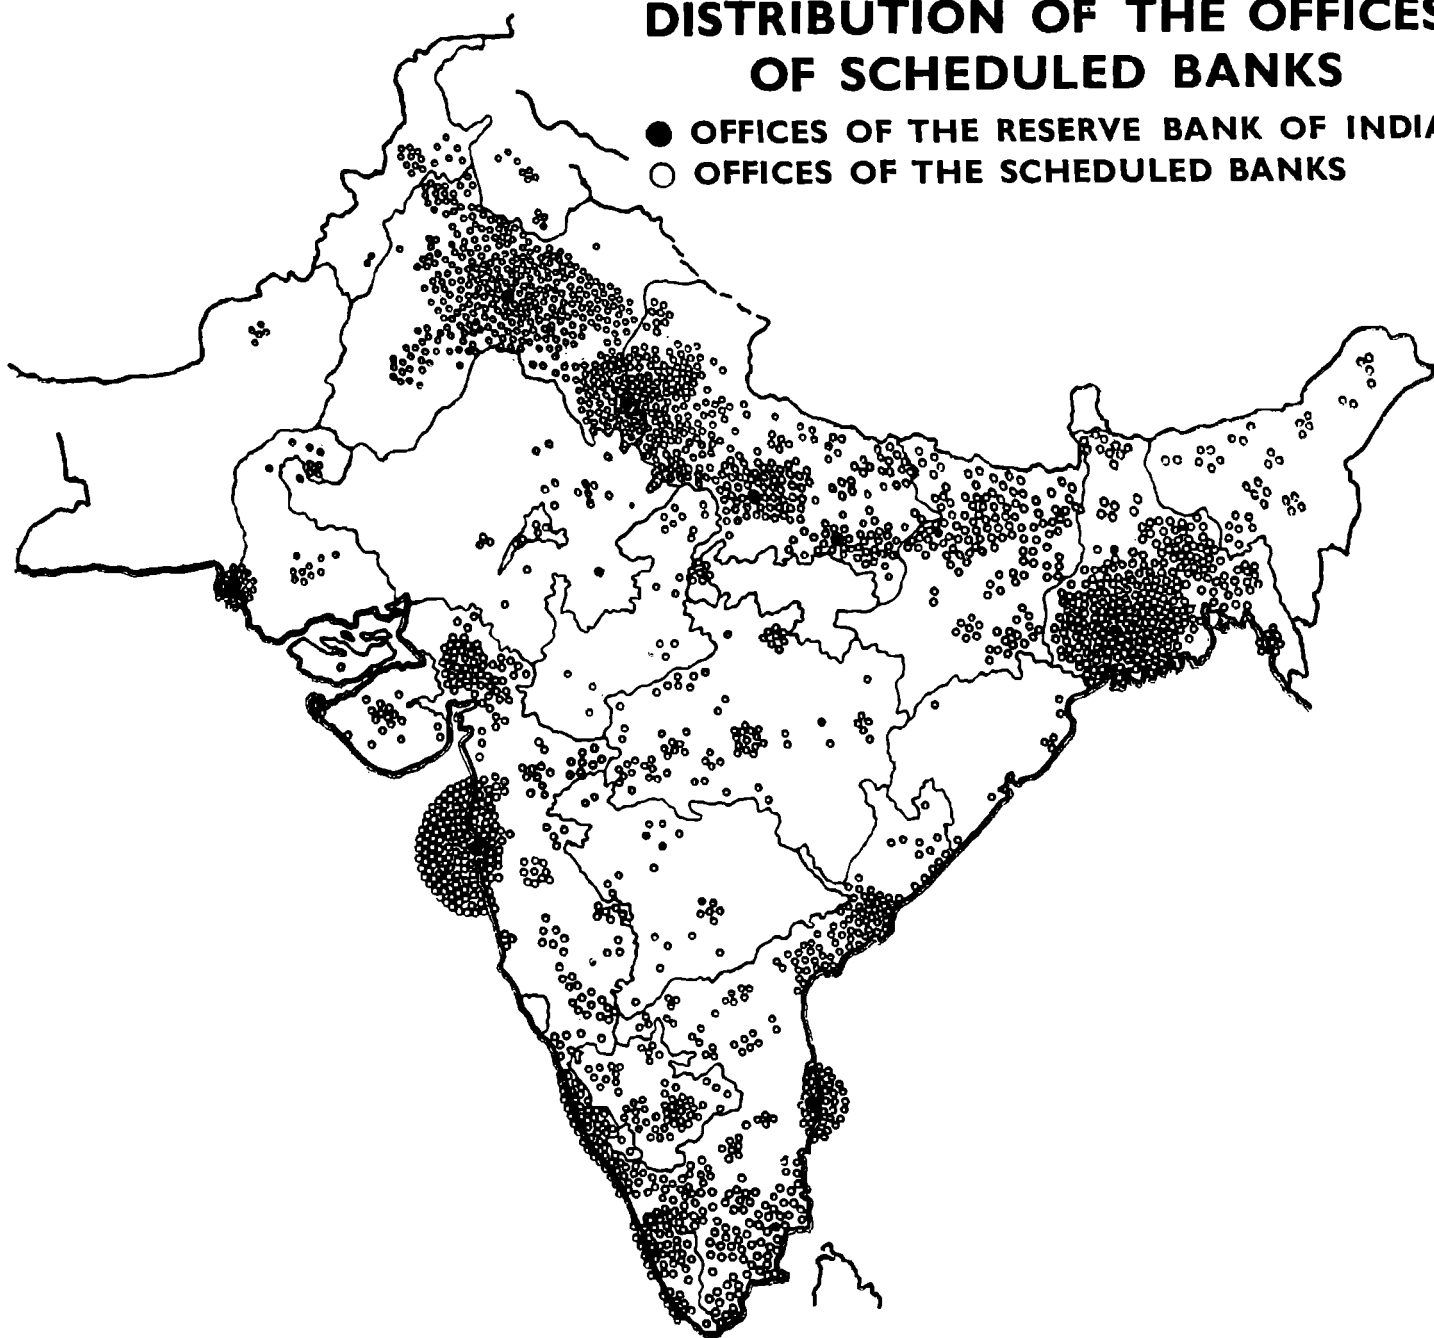

5. Great assistance has been received in compiling this publication from the Registrars of Joint Stock Companies, Registrars of Co-operative Societies and Banks, and the Reserve Bank takes this opportunity of thanking them for their ungrudging help.
