INTRODUCTION

The Statistical Tables relating to Banks in India for the year 1953, which is the *twelfth* in the series since its publication was taken over by the Reserve Bank in 1941, covers the banks functioning in the Indian Union, whether registered in the Indian Union or outside. The presentation of the statistics is generally on the same lines as in previous issues. The tables have been divided into two parts—Summary and Detailed. The Summary Tables present a consolidated picture of the more important liabilities and assets of the several classes of banks. The details of the liabilities and assets of each individual bank are given in the Detailed Tables. Figures have been revised wherever more recent data were available.

The number of banks covered by the Tables is as follows—

Explanatory Notes to the Tables

The banks included in the Statistical Tables have been classified as follows :—

- (i) Reserve Bank of India,
- (ii) Indian banks comprising
 - (a) the Imperial Bank of India and other Indian scheduled banks,
 - (b) Indian non-scheduled banks, *i. e.*, Indian joint stock banks (including State-owned and State-controlled banks) other than those included in the Second Schedule to the Reserve Bank of India Act, and
 - (c) Indian co-operative banks registered under the laws of the States where they are situated, and
- (iii) Foreign banks comprising scheduled and non-scheduled banks whose registered offices are located outside the Indian Union.

Banks which carry on the business of banking in any State to which the Reserve Bank of India Act extends and which (a) have paid-up Capital and

reserves of an aggregate, real or exchangeable, value of not less than Rs. 5 lakhs, (b) are companies as defined in Section 2 (2) of the Indian Companies Act, 1913, or corporations or companies incorporated by or under any law in force in any place outside the Indian Union and (c) satisfy the Reserve Bank that their affairs are not being conducted in a manner detrimental to the interest of their depositors, are eligible for inclusion in the Second Schedule to the Reserve Bank of India Act, 1934, and when so included are known as scheduled banks.

The non-scheduled banks have been divided into four classes A2 banks or banks which have paid-up capital and reserves of Rs. 5 lakhs and above each, but which have not been included in the Second Schedule to the Reserve Bank of India Act ; B banks or banks having paid-up capital and reserves between Rs. 1 lakh and Rs. 5 lakhs each ; C banks or banks having paid-up capital and reserves between Rs. 50,000 and Rs. 1 lakh each ; and D banks or banks having paid-up capital and reserves of less than Rs. 50,000 each. Data relating to D banks are given only in the Summary Tables.

Prior to March 1949, any company which used as part of its name the word 'bank', 'banker' or 'banking' was deemed to be, according to the Indian Companies Act, 1913, as amended in 1942, a banking company, irrespective of whether or not banking was its principal business. Under the Banking Companies Act, 1949, the business which a banking company may transact has been defined and minimum paid-up capital and reserves, varying with the geographical coverage of a banking company, have been prescribed. The minimum paid-up capital and reserves required of a banking company having only one office, situated outside the city of Bombay or Calcutta, have been fixed at Rs. 50,000. A banking company is required to use as part of its name the word 'bank', 'banker' or 'banking', and a non-banking company is prohibited from using any of these words in its name. The provision with regard to the name came into force on March 16, 1951 and the limitation with regard to capital became applicable on March 16, 1952. The Banking Companies Act was extended to the whole of the Indian Union except the State of Jammu and Kashmir in March 1950 while the Banking Companies Rules were extended to these areas in November 1952.

Co-operative banks covered by this publication comprise State and Central co-operative banks, and registered non-agricultural (urban) co-operative credit societies, with limited liability, each having minimum paid-up capital and reserves of Rs. 1 lakh. They are sub-divided into two classes, namely, A banks or banks with capital and reserves of Rs. 5 lakhs and above each, and B banks or banks with capital and reserves ranging between Rs. 1 lakh and Rs. 5 lakhs each.

Table 1 :—*Liabilities and Assets of the Reserve Bank of India.* From August 15, 1947 to June 30, 1948 the Reserve Bank of India functioned as the central bank for the Indian Union as well as for Pakistan. The liabilities and assets relating to Pakistan for this period are given in brackets below the consolidated figures for the Indian Union and Pakistan. Notes in circulation since July 1, 1948 include India notes issued prior to Partition and held by the State Bank of Pakistan pending return to the Reserve Bank of India, and India notes returned from Pakistan and awaiting cancellation. Figures are given quinquennially upto 1945 and annually from 1946.

Table 2 :—*Liabilities and Assets of the Several Classes of Banks (Total Business).* Table 2 gives in a consolidated form the more important items of liabilities and assets of the Imperial Bank of India, other Indian joint stock banks, foreign banks and co-operative banks. For the year 1946 Indian banks include those banks which transferred their registered office from Pakistan to the Indian Union by December 31, 1947 and exclude those that transferred their registered offices from the Indian Union to Pakistan by the same date. Figures in respect of Indian banks relate to their total business and those in respect

of foreign banks to their business in the Indian Union. For 1946-1948, figures in respect of deposits, cash and loans and discounts of foreign banks have been compiled from data furnished by them or have been estimated on the basis of other available information. For subsequent years, such statistics are compiled from the balance sheets prepared under Section 29 (1) of the Banking Companies Act, 1949. Figures in respect of exchange banks are given in brackets below those for foreign scheduled banks. A column has been added to show net profit made during the year.

Table 3 :—*Consolidated Position (Weekly) of Scheduled Banks.* Table 3 is compiled from the weekly returns submitted by scheduled banks under Section 42 (2) of the Reserve Bank of India Act, 1934, and relates to their working in the Indian Union. The annual data are given on a quinquennial basis upto 1950.

Table 4 (i) :—*Liabilities and Assets of the Several Classes of Joint Stock Banks, 1952 and 1953.* Table 4(i) shows the details of liabilities and assets of joint stock banks as given in their balance sheets. For purposes of this table, scheduled banks have been sub-divided into (i) Imperial Bank of India, (ii) major Indian scheduled banks, each with deposits of Rs. 25 crores and above, (iii) other Indian scheduled banks and (iv) foreign scheduled banks; non-scheduled banks have been sub-divided, according to paid-up capital and reserves, into A2, B, C and D classes as set out in a previous paragraph, and foreign non-scheduled banks. In respect of cash balances, loans and advances and investments, this table contains fuller details than the Detailed Tables or Summary Tables 2 and 6 which have been compiled from returns in a specified form; as regards deposits, 'current and contingency accounts' have been grouped together in Table 4(i) while in the Detailed and Summary Tables 'contingency accounts' have been separated from 'current accounts' and have been grouped with 'other deposits' if they are in the nature of deposits or else with 'other liabilities'

Table (4) (ii) :—*Income, Expenditure and Distribution of Profit of the Several Classes of Joint Stock Banks, 1952 and 1953.* Table 4(ii) gives the details of income, expenditure and distribution of profit as given in the profit and loss account and the directors' report to the shareholders. Net profit shown in this table refers to profit prior to allocations for taxation and to reserves; in the case of banks whose accounts show such allocations necessary adjustments have been made in the figures. The data regarding income, expenditure and distribution of profit relate, in most cases, to the full twelve months. In a few cases where the date of the balance sheet was changed to December in accordance with Section 29 of the Banking Companies Act, the data for 1952 relate to less or more than twelve months. The figures in this table differ from those in Table 7(i), (ii) and (iii) which relate to the earnings and expenses of Indian scheduled banks, exchange banks and larger non-scheduled banks, and are compiled from data obtained on a special form.

Table 5 :—*Liabilities and Assets of Indian Joint Stock Banks relating to their Business in the Indian Union and Total Business.* Table 5 relates to joint stock banks registered in the Indian Union and gives separately statistics of their business in the Indian Union and their total business. Some banks could not submit returns for the years 1946 and 1947 due to the non-availability of the necessary records; certain other banks had suspended payments temporarily or were not functioning normally during these years. The data relating to these banks were derived from the overall figures in their balance sheets, which were available for these years, and the detailed figures contained in a return for the nearest available date.

Table 7 (i), (ii), (iii) and (iv) :—*Earnings and Expenses of Banks, 1949 to 1953.* Tables 7(i) and 7 (iii) relate, respectively, to the total business of the Indian scheduled banks, and non-scheduled banks each having paid-up

capital and reserves of Rs. 5 lakhs and above. Table 7 (ii) relates to the earnings and expenses of exchange banks in respect of their business in the Indian Union. Table 7 (iv) gives the ratios of the various items of earnings, expenses and net profit to total earnings and the ratio of the various items of allocations to net profit. The tables are compiled from special returns submitted by banks. Where the figures related to a period of less than twelve months, annual figures were compiled on the basis of available data. In the tables, earnings from bills purchased and discounted are shown separately from those on loans and advances from 1951.

Table 8 :—*Liabilities and Assets of Indian Co-operative Banks.* Table 8 relates to co-operative banks in the Indian Union and covers banks each having capital and reserves of Rs. 1 lakh and above. The data for this table were supplied by the Registrars of Co-operative Societies in the several States and relate to the co-operative years in the respective States upto 1949-50. From 1950-51 the data are as at the end of June except for one State (Jammu and Kashmir) whose co-operative year continues to be as at September 15. Where the total of the balance sheet was not available, the figure of total of assets or total of liabilities, whichever was higher, was taken.

Table 10 :—*Distribution of Banking Offices by Population in the Several States, 1953.* Table 10 gives the statistics of the number of banking offices in the several States of the Indian Union by reference to the population of the places of their location. The population figures were mostly obtained from the Regional Census Commissioners and in a few cases from banks themselves ; wherever figures for 1951 were not available, 1941 Census figures have been given. Offices situated in places for which population figures were not available are treated as 'unclassified'.

Table 13 :—*Interest Allowed by Larger Scheduled Banks on Deposits during 1953.* The interest rates on deposits shown in this table relates to 14 scheduled banks, each with deposit liabilities of Rs. 10 crores and above on December 25, 1953.

Table 14 :—*Deposits of Selected Scheduled Banks at Various Rates of Interest during 1953.* The data relate to 13 selected scheduled banks and are as on the last Friday of the month. The deposit liabilities referred to in columns 15 and 16 of the table relate to net demand and time liabilities, excluding inter-bank borrowing, as reported in the weekly returns under Section 42(2) of the Reserve Bank of India Act, 1934.

Table 16 :—*Advances of Selected Scheduled Banks at Various Rates of Interest during 1953.* The data relate to 15 selected scheduled banks and are as on the last Friday of the month. Advances referred to in column 17 relate to loans and advances as reported in Form XIII under Section 27 (1) of the Banking Companies Act, 1949, and include money at call and short notice and due from banking companies, but exclude bills purchased and discounted.

Table 17 :- *Interest Charged and Paid by State and Central Co-operative Banks 1949-50 to 1952-53.* Interest rates range in the case of borrowings relates to all types of deposits, i.e., current account, savings deposits and fixed deposits as well as borrowings from banks. Similarly interest rates on lendings cover lendings to individuals as well as institutions against different types of security and on varying terms. Where single rates alone are given, they refer to the most usual rate of interest, i.e., the rate paid or charged for the largest portion of borrowings or lendings, as the case may be. The rates refer to the entire co-operative year, i.e., July to June of the year concerned.

Table 20 :—*Indian Joint Stock Banks which have gone into Liquidation or have Otherwise Ceased to Function.* Table 20 shows the number and capital of joint stock banks which went into voluntary liquidation, or were ordered to be liquidated, or otherwise ceased to function during the year. The data were furnished by the Registrars of Joint Stock Companies. For the years prior to 1948 the statistics relate to undivided India.

Table 22 :—*Velocity of Circulation of Deposit Money.* Figures upto 1941 relate to India and Burma, those from 1942 to 1948 to undivided India and thereafter to the Indian Union. Demand liabilities relate to the average of weekly demand liabilities of scheduled banks as reported under Section 42(2) of the Reserve Bank of India Act. Figures of cheque clearances relate to the cheques cleared by scheduled banks, State co-operative banks and a few non-scheduled banks. Monthly ratios are expressed at annual rates. Figures are given quinquennially upto 1945, annually from 1946 to 1953 and monthly for 1953.

Tables 24, 25 and 26 :—*Detailed Tables.* Tables 24(ii), 24(iv), 25 and 26 are compiled from a special return based on the balance sheet for each individual bank. Tables 25 and 26 relate to the total business of Indian banks including business outside the Indian Union. Tables 24(ii) and 24(iv) relate to the business of foreign banks' offices in the Indian Union as shown in their balance sheets in terms of Section 29(1) of the Banking Companies Act, 1949. Information available with us shows that the balance of profit or loss given outside the brackets in column 11 of Table 24(ii) is net of profits transferred to the Head Office by the Exchange Banks.

In Table 25, banks with paid-up capital and reserves of less than Rs. 50,000 are excluded. The name of the town in which the registered office of the bank is located is shown after the name of the bank in column 2. Net profit earned during the year is shown in brackets by the side of the balance of profit or loss in column 14. The number of offices of banks outside the Indian Union is shown in brackets by the side of the number of offices in the Indian Union in column 24.

In Table 26, the date of Registration alongside the name of each co-operative bank and the place of its Head Office has been added from this year in column 2.

The number of Indian scheduled banks at the end of December 1953 was 74 but one bank, viz. the Dinajpore Bank has not been included in Table 25 as data from the bank were not available. Three A2 banks, seven B banks and three C banks which were included in the 1952 publication have also not been included for similar reason. Banks which have gone into liquidation or which otherwise ceased to be banking companies during 1953 have also been excluded from the table.

Appendices :-—Appendix I gives the names of banks operating in towns of the Indian Union. Banks other than scheduled banks and State co-operative banks are shown in italics. Non-scheduled banks with paid-up capital and reserves below Rs. 50,000, and banks which did not furnish the required data for 1952 and 1953, are excluded. Population figures are shown in brackets against each town. These figures are mainly from the 1951 Census obtained from Regional Commissioners and in a few cases from State Governments or banks concerned. Where data for 1951 Census were not available figures were taken from the 1941 Census Report. In yet other cases figures were supplied by the (former) Provincial or State Governments or banks and relate to years subsequent to 1941. The information in respect of scheduled banks has been brought up to March 31, 1954. The branches which were closed

x

after the date of the balance sheet are indicated with an asterisk. The old names of places are shown in brackets by the side of the new.

Considerable assistance has been received from the Registrars of Joint Stock Companies, the Registrars of Co-operative Societies and from banks in compiling this publication and the Reserve Bank of India thanks them for their co-operation.

* Information regarding offices of scheduled banks is as at March 31, 1954, wherever available, while that regarding non-scheduled banks and co-operative banks is as on the date of the latest balance sheet or return. Non-scheduled banks with capital and reserves below Rs. 50,000 are omitted from this Appendix. Non-scheduled banks which have not sent the required statistics for 1952 and 1953 have also been omitted.

Note—Names of towns and of states, the latter within brackets, are printed in bold types. Banks other than Scheduled Banks and Provincial Co-operative Banks are shown in italics. R. O.=Registered Office; H.O.=Head Office; C. O.=Central Office; B.=Branch; S.B.=Sub-Branch; S.O.=Sub-Office; P.O.=Pay Office; S.P.O.=Sub-Pay Office; T.P.O.=Treasury Pay Office. Where the Central Office, Head Office and Registered Office are at one place, they are shown as Registered Office only. Number given against a bank indicates the number of its offices in the town. Population figures are according to the 1951 Census, as supplied by the Census Commissioners and banks; where 1951 figures were not available population figures according to 1941 Census have been taken and are indicated by an asterisk (**).

† Office closed since the date of the balance sheet.
