

Banking Services Covered in the Survey

Banking services include, acceptance of deposits and lending (core banking services), and the other financial services (para-banking services) like payment services, securities trading, asset management, financial advice, settlement and clearing service, etc. With the improvements in economic integration of financial markets and activities, the international trade in banking services has significantly increased.

The General Agreement on Trade in Services (GATS) of World Trade Organisation (WTO) framework envisages that the delivery of any commercial services can be through four different modes, viz., Mode 1 – Cross Border Service, Mode 2 – Consumption abroad, Mode 3 – Commercial presence and Mode 4 – movement of natural persons. In Mode 3, the bank has a commercial presence in the territory of the service importing country and the service is delivered therein. The commercial presence can be through various investment vehicles like representative offices, branches, subsidiaries, associates and correspondents.

A Technical Group on Statistics for International Trade in Banking Services (TG-SITBS) was set up by the Reserve Bank of India including members from Ministry of Finance, Ministry of Commerce and various departments of the Bank.

The TG-SITBS, after examining the different data sources available in the Reserve Bank, recommended collection of activity-wise international trade in banking services through annual surveys and suggested that initially the data may be collected on banking services from foreign banks operating in India and Indian banks having operations abroad. The TG-SITBS also recommended that a suitable questionnaire with explanatory notes should be prepared / framed in consultation with the banks and suggested conducting annual survey from the financial year 2006-07. Accordingly, a survey schedule was prepared after detailed discussions with the major Indian banks with overseas presence and foreign banks operating in India.

Banking services covered in this survey include financial auxiliary services such as (i) deposit account management services, (ii) credit related services, (iii) financial leasing services, (iv) trade finance related services, (v) payment and money transmission services, (vi) fund management services, (vii) financial consultancy and advisory services, (viii) underwriting services, (ix) clearing and settlement services, (x) derivative, stock, securities and foreign exchange trading services, and (xi) other financial services. While carrying out the banking business, banks cater to the financial services needs of the residents of the country of operation as well as non-residents of that country. Keeping this in view, the survey also collected the information with bifurcation of financial services rendered to residents and non-residents separately.
