The number will be an alphanumeric field consisting of the following: four alphabets (to indicate name of bank), two digits for the year (02, 03, etc.), two digits for the quarter (01 for January – March quarter, etc.) and the final four digits being a distinctive running number for the fraud reported during the quarter.

<sup>2</sup> Name of the branch: In case the fraud relates to more than one branch, indicate the name of only one branch where the amount involved has been the highest and/or which is mainly involved in following up the fraud. The names of the other branches may be given in the brief history/modus operandi against item number 9.

The specific details, such as the period over which the fraud has occurred, may be given in the history/modus operandi.

<sup>8</sup> Date of detection: If a precise date is not available (as in the case of a fraud detected during the course of an inspection/audit or in the case of a fraud being reported such on the directions of the Reserve Bank), a notional date on which the same may be said to have been recognised as fraud may be indicated.
