

Career Opportunities at Reserve Bank Information Technology Pvt Ltd.

Reserve Bank Information Technology Private Limited (**ReBIT**), a wholly-owned subsidiary of the Reserve Bank of India (**RBI**), invites applications for various roles in Cyber Security, Systems Audit, Research and Innovation, Project Management and Administration. The last date for receipt of applications in the prescribed format is **07/02/2017**. For seeing complete details of the roles to be filled and for submitting the online application, please visit (<https://www.rebit.org.in>).

Reserve Bank Information Technology Pvt Ltd (ReBIT) has been set up by the [Reserve Bank of India](https://www.rbi.org.in) (RBI), to take care of the IT requirements, including the cyber security needs of the Reserve Bank and its regulated entities.

ReBIT will focus on IT and cyber security (including related research) of the financial sector and assist in IT systems audit and assessment of the RBI regulated entities; advise, implement and manage internal or system-wide IT projects (both the existing & the new) of the Reserve Bank as mutually decided between the Reserve Bank and ReBIT.

ReBIT will have the following four verticals to support its mission.

- **Cyber Security:** To enhance the trust and reliability of RBI's infrastructure for assurance and resilience. Some of the roles in this vertical are Security engineering, Security operations center and Incident response
- **Research and Innovation:** To empower Indian banking industry through creative technology solutions based on research, and by tapping the synergy among key stakeholders. Chief solution Architect, Cybercrime response, Research Analyst are some of key roles in this vertical
- **Systems Audit:** To support validation and enforcement of regulatory guidance on cyber security for the banking sector, through excellence in audit, analytics and forensics. We are looking at Senior VP to lead this vertical along with other openings of Server Auditor and Database auditor
- **Project Management:** To leverage lean and agile development capability for creating and operating reliable and empowering systems, and delivering delightful user experience. Few key roles in this vertical are Business Analyst, Enterprise Architect, IT PMO & IT Projects

ReBIT invites skilled and dedicated professionals to contribute to its mission. ReBIT offers the opportunity of working on exciting and important projects.

Visit <https://www.rebit.org.in> for more details

Applications submitted through the online form available on the ReBIT website (<https://www.rebit.org.in>) will only be considered. Submission through emails and other means are not entertained and will be summarily rejected.
