The Chairman
All Regional Rural Banks

Dear Sir,

Adherence to National Building Code (NBC) specifications necessary for lending Institutions

Bureau of Indian Standards (BIS) has formulated a comprehensive building Code namely National Building Code (NBC) of India 2005, providing guidelines for regulating the building construction activities across the country. The Code contains all the important aspects relevant to safe and orderly building development such as administrative regulations, development control rules and general building requirements; fire safety requirements; stipulations regarding materials, structural design and construction (including safety); and building and plumbing services.

2. Adherence to NBC will be advisable in view of the importance of safety of buildings especially against natural disasters. The Boards of RRBs may consider this aspect for incorporation in their loan policies.

3. Further information regarding the NBC can be accessed from the website of Bureau of Indian Standards (www.bis.org.in).

4. Please acknowledge receipt to our concerned Regional Office.

Yours faithfully,

(G.Srinivasan)
