Dear Sir,

MASTER CIRCULAR - LENDING TO PRIORITY SECTOR

The Reserve Bank of India has, from time to time, issued a number of guidelines/instructions/directives to banks on lending to Priority Sector. In order to enable the banks to have current instructions at one place, a Master Circular incorporating the existing guidelines/instructions/directives on the subject has been prepared and enclosed. This Master Circular consolidates all the circulars issued by Reserve Bank on the subject up to June 30, 2006 as indicated in the *Appendix*.

Please acknowledge receipt.

Yours faithfully,

(C. S. Murthy)
Chief General Manager-in-Charge

Encl: As above.

LENDING TO PRIORITY SECTOR

At a meeting of the National Credit Council held in July 1968, it was emphasised that commercial banks should increase their involvement in the financing of priority sectors, viz., agriculture and small scale industries. The description of the priority sectors was later formalised in 1972 on the basis of the report submitted by the Informal Study Group on Statistics relating to advances to the Priority Sectors constituted by the Reserve Bank in May 1971. On the basis of this report, the Reserve Bank prescribed a modified return for reporting priority sector advances and certain guidelines were issued in this connection indicating the scope of the items to be included under the various categories of priority sectors. Although initially there was no specific target fixed in respect of priority sector lending, in November 1974 the banks were advised to raise the share of these sectors in their aggregate advances to the level of 33 1/3 per cent by March 1979.

At a meeting of the Union Finance Minister with the Chief Executive Officers of public sector banks held in March 1980, it was agreed that banks should aim at raising the proportion of their advances to priority sectors to 40 percent by March 1985. Subsequently, on the basis of the recommendations of the Working Group on the Modalities of Implementation of Priority Sector Lending and the Twenty Point Economic Programme by Banks, all commercial banks were advised to achieve the target of priority sector lending at 40 percent of aggregate bank advances by 1985. Sub-targets were also specified for lending to agriculture and the weaker sections within the priority sector. Since then, there have been several changes in the scope of priority sector lending and the targets and sub-targets applicable to various bank groups.

At present, the priority sector broadly comprises the following:

- 1.2 Within the overall main lending target of 40 per cent of net bank credit, it should be ensured that:
- (i) 18 per cent of net bank credit goes to agricultural sector,
 - (ii) 10 per cent of net bank credit is given to the 'weaker sections' and
 - (iii) 1 per cent of previous year's total advances is given under the Differential Rate of Interest (DRI) scheme.

2 **SUB-TARGETS FOR ALL SCHEDULED COMMERCIAL BANKS EXCLUDING FOREIGN BANKS**

2.1 ***Direct/Indirect Agricultural Lending***

- (i) Taking into consideration the fact that ultimate objective of agricultural credit whether 'direct' or 'indirect' is to help the agricultural production, the lendings under the 'direct' and 'indirect' categories of agricultural advances will be clubbed for the purpose of computing performance of banks vis-à-vis the sub-target of 18 per cent.
- (ii) However, to ensure that the focus of the banks on the direct category of agricultural advances does not get diluted; the lendings under the indirect category **should not exceed one-fourth** of the agricultural sub-target of 18 per cent, i.e. 4.5 per cent of net bank credit.
- (iii) Advances under the 'indirect' category in excess of 4.5 per cent of net bank credit would not be reckoned in computing performance under the sub-target of 18 per cent. However, all agricultural advances under the categories 'direct' and 'indirect' will be reckoned in computing performance under the overall priority sector target of 40 per cent of the net bank credit.

2.2 ***Weaker Sections***

- (i) In order to ensure that more under-privileged sections in the priority sector are given proper attention in the matter of allocation of credit, it should be ensured that the advances to the weaker sections reach a level of **25 per cent** of priority sector advances or **10 per cent of net bank credit**.
- (ii) The weaker sections under priority sector shall include the following:
 - (a) Small and marginal farmers with land holding of 5 acres and less, and landless labourers, tenant farmers and share croppers.

- (ii) At least two third i.e. $66\frac{2}{3}$ per cent of DRI advances should be granted through rural and semi-urban branches.

- (b) 20 per cent of the total credit to small scale industry goes to SSI units with investment in plant and machinery between Rs. 5 lakh and Rs. 25 lakh; and
- (c) The remaining 40 per cent goes to other SSI units with investment exceeding Rs. 25 lakh.

3 TARGETS FOR FOREIGN BANKS

3.1.1 With a view to reducing the disparity between the domestic banks and the foreign banks operating in India in regard to their priority sector obligations the minimum lending to priority sector by the foreign banks shall be 32 per cent of their net credit.

3.1.2 However, keeping in view that the foreign banks have no rural branch network, the composition of priority sector advances in their case will include export credit provided by them.

3.1.3 Within the overall target of 32 per cent to be achieved by foreign banks, the advances to small scale industries sector should not be less than 10 per cent of the net bank credit and the export credit should not be less than 12 per cent of the net bank credit.

[The net bank credit should tally with the figures reported in the fortnightly return submitted under section 42(2) of the Reserve Bank of India Act, 1934. Outstanding deposits under the FCNR (B) and NRNR Schemes are excluded from net bank credit for computation of priority sector lending target/ sub-targets. However, as the NRNR scheme has been discontinued, the existing accounts under NRNR account scheme may be continued only up to the date of maturity as advised, vide circular DBOD. DIR. BC. 93/13.01.09/2001-02 dated April 29, 2002.]

9 percentage points and above
Bank Rate minus 3 percentage points

- 4.2** The shortfall in achieving the priority sector lending target and the sub-targets should be computed as on the last reporting Friday of March every year and made good by placing a deposit with SIDBI as stated above. The deposits should be placed before the end of April of that year.
- 4.3** In regard to the above, it is to be clarified that in the event of failure on the part of foreign banks to achieve any of the stipulated sub-targets in respect of advances to SSI sector and export credit, even if they achieve the overall target of 32 per cent, the shortfall should be made good by placing with SIDBI a deposit of an amount equivalent to the shortfall in each of the sub-targets. Also, in the event of failure on the part of banks to achieve one of the sub-targets or both the sub-targets, and also the overall target of 32 per cent, the shortfall in achieving the sub-targets and the overall target should be made good by placing with SIDBI a deposit of an amount equivalent to (i) aggregate shortfall in the sub-targets, or (ii) the shortfall in the overall target, whichever shortfall is higher. In case the shortfall is in achievement of the overall target only and not in the sub-targets, banks should make good the shortfall in achieving the overall target.
- 4.4** The outstanding balances of these deposits placed with SIDBI may be reckoned as part of their priority sector advances during the currency of the deposits, as indirect finance to SSI. The amount of deposits should, however, be shown separately in the returns on priority sector advances submitted to RBI.
- 5. CONTRIBUTION BY BANKS TO RURAL INFRASTRUCTURE DEVELOPMENT FUND (RIDF)**

- 5.1** Domestic scheduled commercial banks having shortfall in lending to priority sector / agriculture are allocated amounts for contribution to the Rural Infrastructure Development Fund (RIDF) established with NABARD. Details regarding operationalisation of the RIDF such as the amounts to be deposited by banks, interest rates on deposits, period of deposits etc., are decided every year after announcement in the Union Budget about setting up of RIDF. The contributions to be made by banks are communicated to the banks concerned separately.
- 5.2** Shortfall in lending to priority sector / agriculture is taken into account while making allocations to banks under RIDF, which amount has to be deposited with NABARD at stipulated rates of interest.

SECTION III

COMMON GUIDELINES FOR PRIORITY SECTOR ADVANCES

- 1** Banks should follow the following common guidelines prescribed by the Reserve Bank for **all categories of advances under the priority sector**.

2 PROCESSING OF APPLICATIONS

2.1 Completion of Application Forms

In areas covered by special schemes such as SGSY, the concerned project authorities like DRDAs, DICs, etc. should arrange for completion of application forms received from borrowers. In other areas, the bank staff should help the borrowers for this purpose.

2.2 Issue of Acknowledgement of Loan Applications

Banks should give acknowledgement for loan applications received from weaker sections. Towards this purpose, it may be ensured that these forms have perforated portion for acknowledgement to be completed and issued by the receiving branch. Each branch may affix on the main application form as well as the corresponding portion for acknowledgement, a running serial number. While using the existing stock of application forms till then, if an acknowledgement is separately given, care should be taken to ensure that the serial number given on the acknowledgement is also recorded on the main application.

2.3 Disposal of Applications

(i) All loan applications up to a credit limit of Rs. 25,000/- should be disposed of within a fortnight and those for over Rs. 25,000/-, within 8 to 9 weeks.

(ii) All loan applications for SSI up to a credit limit of Rs. 25,000/- should be disposed of within 2 weeks and those up to Rs. 5 lakh within 4 weeks, provided the loan applications are complete in all respects and are accompanied by a 'check list'.

2.4 Rejection of Proposals

Branch Managers may reject applications (except in respect of SC/ST) provided the cases of rejection are verified subsequently by the Divisional/Regional Managers. In the case of proposals from SC/ST, rejection should be at a level higher than that of Branch Manager.

2.5 Register of Rejected Applications

A register should be maintained at the branch, wherein the date of receipt, sanction/rejection/disbursement with reasons therefor, etc., should be recorded. The register should be made available to all inspecting agencies.

3 MODE OF DISBURSEMENT OF LOAN

With a view to providing farmers wider choice as also eliminating undesirable practices, banks may disburse all loans for agricultural purposes in cash which will facilitate dealer choice to borrowers and foster an environment of trust. However, banks may continue the practice of obtaining receipts from borrowers.

4 REPAYMENT SCHEDULE

4.1 Repayment programme should be fixed taking into account the sustenance requirements, surplus generating capacity, the break-even point, the life of the asset, etc., and not in an "ad hoc" manner. In respect of composite loan up to Rs. 50,000/- to artisans, village and cottage industries, repayment schedule may be fixed for term loan component only (subject to SIDBI's requirements being fulfilled).

4.2 In case of default on account of natural calamities like floods, drought, etc. crop loans may be converted into medium-term loans of 3 to 5 years and extension/re-phasing may be allowed in the case of term loans.

4.3 In the case of other borrowers affected by natural calamities, banks may convert drawings in excess of the value of security into a term loan repayable over a reasonable period of time and provide further working capital and extend/re-phase the instalments due under term loans.

5 RATES OF INTEREST

The rates of interest on various categories of priority sector advances will be as per RBI directives issued from time to time.

6 PENAL INTEREST

6.1.1 The issue of charging penal interests that should be levied for reasons such as default in repayment, non-submission of financial statements, etc. has been left to the Board of each bank. Banks have been advised to formulate policy for charging such penal interest with the approval of their Boards, to be governed by well accepted principles of transparency, fairness, incentive to service the debt and due regard to difficulties of customers.

6.1.2 No penal interest should be charged by banks for loans under priority sector up to Rs 25,000 as hitherto. However, banks will be free to levy penal interest for loans exceeding Rs 25,000, in terms of the above guidelines.

7. SERVICE CHARGES / INSPECTION CHARGES

7.1.1 No service charges/inspection charges should be levied on priority sector loans up to Rs. 25,000/-.

7.1.2 For loans above Rs. 25,000/- banks will be free to prescribe service charges with the prior approval of their Boards, in terms of circular No. [DBOD.Dir.BC.86/03.01.00/99-2000](#) dated September 7, 1999.

8. INSURANCE AGAINST FIRE AND OTHER RISKS

8.1 Banks may waive insurance of assets financed by bank credit in the following cases:

No.	Category	Type of Risk	Type of Assets
(a)	All categories of priority sector advances up to and inclusive of Rs. 10,000/-	Fire & other risks	Equipment and current assets
(b)	Advances to SSI sector up to and inclusive of Rs. 25,000/- by way of - <ul style="list-style-type: none"> • Composite loans to artisans, village and cottage industries • All term loans • Working capital where these are against non-hazardous goods 	Fire Fire Fire	Equipment and current assets Equipment Current Assets

8.2 Where, however, insurance of vehicle or machinery or other equipment/assets is compulsory under the provisions of any law or where such a requirement is stipulated in the refinance scheme of any refinancing agency or as part of a Government-sponsored programmes such as, IRDP (since replaced by SGSY), insurance should not be waived even if the relative credit facility does not exceed Rs. 10,000/- or Rs. 25,000/-, as the case may be.

9. PHOTOGRAPHS OF BORROWERS

While there is no objection to taking photographs of the borrowers for purposes of identification, banks themselves should make arrangements for the photographs and also bear the cost of photographs of borrowers falling in the category of Weaker Sections. It should also be ensured that the procedure does not involve any delay in loan disbursement.

10 DISCRETIONARY POWERS

All Branch Managers of banks should be vested with discretionary powers to sanction proposals from weaker sections without reference to any higher authority. If there are difficulties in extending such discretionary powers to all the Branch Managers, such powers should exist at least at the district level and arrangements be ensured that credit proposals on weaker sections are cleared promptly.

11 MACHINERY TO LOOK INTO COMPLAINTS

11.1. There should be a machinery at the regional offices to entertain complaints
1 from the borrowers if the branches do not follow these guidelines, and to verify periodically that these guidelines are scrupulously implemented by the branches.

11.1. The names and addresses of the officer with whom complaints can be
2 lodged should be displayed on the notice board of every branch.

12 AMENDMENTS

These guidelines are subject to any instructions that may be issued by the RBI from time to time.
