The Chairmen/Chief Executives of All Commercial Banks (excluding RRBs)

Dear Sir,

#### <u>Master Circular - Disclosure in Financial Statements - Notes to Accounts</u>

Please refer to the master circular DBOD.BP.BC.No.14/21.04.018/2007-08 dated July 2, 2007 consolidating all operative instructions issued to banks till June 30, 2007 on matters relating to disclosures in the 'Notes to Accounts'. The Master Circular has now been suitably updated by incorporating instructions issued upto June 30, 2008. The Master Circular has also been placed on the RBI web-site (http://www.rbi.org.in).

2. It may be noted that all relevant instructions on the above subject contained in the circulars listed in the Annex 2 have been consolidated. In addition, disclosure requirements contained in our circular DBOD.No.BP.BC.90/20.06.001/ 2006-07 dated April 27, 2007 on "Implementation of the New Capital Adequacy Framework" will be applicable.

Yours faithfully,

(Prashant Saran) Chief General Manager-in-Charge

#### 1. Introduction

The users of the financial statements need information about the financial position and performance of the bank in making economic decisions. They are interested in its liquidity and solvency and the risks related to the assets and liabilities recognised on its balance sheet and to it's off balance sheet items. In the interest of full and complete disclosure, some very useful information is better provided, or can only be provided, by notes to the financial statements. The use of notes and supplementary information provides the means to explain and document certain items, which are either presented in the financial statements or otherwise affect the financial position and performance of the reporting enterprise. Recently, a lot of attention has been paid to the issue of market discipline in the banking sector. Market discipline, however, works only if market participants have access to timely and reliable information, which enables them to assess banks' activities and the risks inherent in these activities. Enabling market discipline may have several benefits. Market discipline has been given due importance under Basel II by recognizing it as one of its three Pillars.

#### 2.1 Presentation

'Summary of Significant Accounting Policies' and 'Notes to Accounts' may be shown under Schedule 17 and Schedule 18 respectively, to maintain uniformity.

#### 2.2 Minimum Disclosures

At a minimum, the items listed in the circular should be disclosed in the 'Notes to Accounts'. Banks are also encouraged to make more comprehensive disclosures than the minimum required under the circular if they become significant and aid in the understanding of the financial position and performance of the bank. The disclosure listed is intended only to supplement, and not to replace, other disclosure requirements under relevant legislation or accounting and financial reporting standards. Where relevant, a bank should comply with such other disclosure requirements as applicable.

#### 2.3 Summary of Significant Accounting Policies

Banks should disclose the accounting policies regarding key areas of operations at one place (under Schedule 17) along with notes to accounts in their financial statements. A suggestive list includes - Basis of Accounting, Transactions involving foreign exchange, Investments – classification, valuation, etc, Advances and Provisions thereon, Fixed

Assets and Depreciation, Revenue Recognition, Employee Benefits, Provision for Taxation, Net Profit, etc, etc.

#### 2.4 Disclosure Requirements

In order to encourage market discipline, Reserve Bank has over the years developed a set of disclosure requirements which allow the market participants to assess key pieces of information on capital adequacy, risk exposures, risk assessment processes and key business parameters which provide a consistent and understandable disclosure framework that enhances comparability. Banks are also required to comply with the Accounting Standard 1 (AS I) on Disclosure of Accounting Policies issued by the Institute of Chartered Accountants of India (ICAI). The enhanced disclosures have been achieved through revision of Balance Sheet and Profit & Loss Account of banks and enlarging the scope of disclosures to be made in "Notes to Accounts". In addition to the 16 detailed prescribed schedules to the balance sheet, banks are required to furnish the following information in the "Notes to Accounts":

#### 3.1 Capital

Till such time, as banks move over to internal rating systems, banks may use the seven category classification followed by Export Credit Guarantee Corporation of India Ltd. (ECGC) for the purpose of classification and making provisions for country risk exposures. ECGC shall provide to banks, on request, quarterly updates of their country classifications and shall also inform all banks in case of any sudden major changes in country classification in the interim period.

## 3.7.4 Details of Single Borrower Limit (SGL), Group Borrower Limit (GBL) exceeded by the bank.

The bank should make appropriate disclosure in the 'Notes on account' to the annual financial statements in respect of the exposures where the bank had exceeded the prudential exposure limits during the year. The sanctioned limit or entire outstanding, whichever is high, shall be reckoned for arriving at exposure limit and for disclosure purpose.

#### 3.8 Miscellaneous

#### 3.8.1 Amount of Provisions made for Income-tax during the year;

#### 3.8.2 Disclosure of Penalties imposed by RBI

At present, Reserve Bank is empowered to impose penalties on a commercial bank under the provision of Section 46 (4) of the Banking Regulation Act, 1949, for contraventions of any of the provisions of the Act or non-compliance with any other requirements of the Banking Regulation Act, 1949; order, rule or condition specified by

Reserve Bank under the Act. Consistent with the international best practices in disclosure of penalties imposed by the regulator, it has been decided that the details of the levy of penalty on a bank in public domain will be in the interests of the investors and depositors. It has also been decided that strictures or directions on the basis of inspection reports or other adverse findings should be placed in the public domain. The penalty should also be disclosed in the "Notes on Accounts" to the Balance Sheet.

# 4. Disclosure Requirements as per Accounting Standards where RBI has issued guidelines in respect of disclosure items for 'Notes to Accounts:

# 4.1 Accounting Standard 5 – Net Profit or Loss for the period, prior period items and changes in accounting policies.

Since the format of the profit and loss account of banks prescribed in Form B under Third Schedule to the Banking Regulation Act 1949 does not specifically provide for disclosure of the impact of prior period items on the current year's profit and loss, such disclosures, wherever warranted, may be made in the Notes on Accounts to the balance sheet of banks.

#### 4.2 Accounting Standard 9 – Revenue Recognition

This Standard requires that in addition to the disclosures required by Accounting Standard 1 on 'Disclosure of Accounting Policies' (AS 1), an enterprise should also disclose the circumstances in which revenue recognition has been postponed pending the resolution of significant uncertainties.

#### 4.3 Accounting Standard 15 – Employee Benefits

Banks may disclose the change in accounting policy in the appropriate schedule relating to 'Significant changes in Accounting Policies' / 'Principal Accounting Policies'. The Board of Directors of a bank must disclose the accounting policies followed in respect of VRS expenditure. If VRS applications were accepted subsequent to the closure of the accounting year, the Board of Directors would be required to make a disclosure in the Board Report of that fact and of the likely impact of the VRS.

#### 4.4 Accounting Standard 17 – Segment Reporting

While complying with the Accounting Standard, banks are required to adopt the following:

a) The business segment should ordinarily be considered as the primary reporting format and geographical segment would be the secondary reporting format.

- b) The business segments will be 'Treasury', 'Corporate/Wholesale Banking', 'Retail Banking' and 'Other banking operations'.
- c) 'Domestic' and 'International' segments will be the geographic segments for disclosure.
- d) Banks may adopt their own methods, on a reasonable and consistent basis, for allocation of expenditure among the segments.

### 4.5 Accounting Standard 18 – Related Party Disclosures

This Standard is applied in reporting related party relationships and transactions between a reporting enterprise and its related parties. The illustrative disclosure format recommended by the ICAI as a part of General Clarification (GC) 2/2002 has been suitably modified to suit banks. The illustrative format of disclosure by banks for the AS 18 is furnished below.

### 4.6 Accounting Standard 21 – Consolidated Financial Statements (CFS)

As regards disclosures in the 'Notes on Accounts' to the Consolidated Financial Statements, banks may be guided by general clarifications issued by Institute of Chartered Accountants of India from time to time.

A parent company, presenting the CFS, should consolidate the financial statements of all subsidiaries - domestic as well as foreign, except those specifically permitted to be excluded under the AS-21. The reasons for not consolidating a subsidiary should be disclosed in the CFS. The responsibility of determining whether a particular entity should be included or not for consolidation would be that of the Management of the parent entity. In case, its Statutory Auditors are of the opinion that an entity, which ought to have been consolidated, has been omitted, they should incorporate their comments in this regard in the "Auditors Report".

#### 4.7 Accounting Standard 22 – Accounting for Taxes on Income

This Standard is applied in accounting for taxes on income. This includes the determination of the amount of the expense or saving related to taxes on income in respect of an accounting period and the disclosure of such an amount in the financial statements. Adoption of AS 22 may give rise to creation of either a deferred tax asset (DTA) or a deferred tax liability (DTL) in the books of accounts of banks and creation of DTA or DTL would give rise to certain issues which have a bearing on the computation of capital adequacy ratio and banks' ability to declare dividends. In this regard it is clarified as under:

 DTL created by debit to opening balance of Revenue Reserves on the first day of application of the Accounting Standards 22 or to Profit and Loss account for the current year should be included under item (vi) 'others (including provisions)' of Schedule 5 - 'Other Liabilities and Provisions' in the balance sheet. The balance in DTL account will not be eligible for inclusion in Tier I or Tier II capital for capital adequacy purpose as it is not an eligible item of capital.

- DTA created by credit to opening balance of Revenue Reserves on the first day
  of application of Accounting Standards 22 or to Profit and Loss account for the
  current year should be included under item (vi) 'others' of Schedule 11 'Other
  Assets' in the balance sheet.
- Creation of DTA results in an increase in Tier I capital of a bank without any tangible asset being added to the banks' balance sheet. Therefore, in terms of the extant instructions on capital adequacy, DTA, which is an intangible asset, should be deducted from Tier I Capital.

## 4.8 Accounting Standard 23 – Accounting for Investments in Associates in Consolidated Financial Statements

This Accounting Standard sets out principles and procedures for recognising, in the consolidated financial statements, the effects of the investments in associates on the financial position and operating results of a group. A bank may acquire more than 20% of voting power in the borrower entity in satisfaction of its advances and it may be able to demonstrate that it does not have the power to exercise significant influence since the rights exercised by it are protective in nature and not participative. In such a circumstance, such investment may not be treated as investment in associate under this Accounting Standard. Hence the test should not be merely the proportion of investment but the intention to acquire the power to exercise significant influence.

#### 4.9 Accounting Standard 24 – Discontinuing Operations

Merger/ closure of branches of banks by transferring the assets/ liabilities to the other branches of the same bank may not be deemed as a discontinuing operation and hence this Accounting Standard will not be applicable to merger / closure of branches of banks by transferring the assets/ liabilities to the other branches of the same bank.

Disclosures would be required under the Standard only when:

- a) discontinuing of the operation has resulted in shedding of liability and realisation of the assets by the bank or decision to discontinue an operation which will have the above effect has been finalised by the bank and
- b) the discontinued operation is substantial in its entirety.

#### 4.10 Accounting Standard 25 – Interim Financial Reporting

The half yearly review prescribed by RBI for public sector banks, in consultation with SEBI, vide circular DBS. ARS. No. BC 13/ 08.91.001/ 2000-01 dated 17<sup>th</sup> May 2001 is extended to all banks (both listed and unlisted) with a view to ensure uniformity in disclosures. Banks may adopt the format prescribed by the RBI for the purpose.

#### 4.11 Other Accounting Standards
