2. Rule 9(1A) of the Prevention of Money Laundering Rules, 2005 requires that every banking company, and financial institution, as the case may be, shall identify the beneficial owner and take all reasonable steps to verify his identity. The term "beneficial owner" has been defined as the natural person who ultimately owns or controls a client and/or the person on whose behalf the transaction is being conducted, and includes a person who exercises ultimate effective control over a juridical person. Government of India has since examined the issue and has specified the procedure for determination of Beneficial Ownership. The procedure as advised by the Government of India is as under:

- A. Where the client is a person other than an individual or trust, the banking company and financial institution, as the case may be, shall identify the beneficial owners of the client and take reasonable measures to verify the identity of such persons, through the following information:
- (i) The identity of the natural person, who, whether acting alone or together, or through one or more juridical person, exercises control through ownership or who ultimately has a controlling ownership interest.

Explanation: Controlling ownership interest means ownership of/entitlement to more than 25 percent of shares or capital or profits of the juridical person,
