A few international financial institutions were permitted to issue Rupee linked bonds in overseas markets, subject to certain conditions. In view of the interest shown by international investors for these bonds, the Reserve Bank on April 07, 2015 announced in its first Bi-monthly Monetary Policy Statement, 2015-16 its intention to expand the scope of issuance of these bonds by the international financial institutions as also to permit Indian corporates, eligible to raise external commercial borrowings (ECB), issue such bonds with an appropriate regulatory framework. Accordingly, the Reserve Bank has released the draft framework for issuance on issuance of Rupee linked Bonds overseas.
