Background

Based on the recommendations of the Expert Panel on Cyber Security and Information Technology Examination (Chairperson: Smt. Meena Hemchandra), the Reserve Bank had issued guidelines to banks on [June 2, 2016](#) mandating cyber security preparedness for addressing cyber risks. While banks have taken several steps to strengthen their defences, the diverse and ingenious nature of cyber-attacks necessitates an ongoing review of the cyber security landscape and emerging threats. Therefore, the [Statement on Developmental and Regulatory Policies](#), issued along with the [Sixth Bi-monthly Monetary Policy Statement, 2016-17 announced on February 8, 2017](#), had proposed constitution of an inter-disciplinary Standing Committee on Cyber Security.
