The Reserve Bank of India has been conducting the survey on Foreign Collaborations in Indian Industry since 1965. The [14th round](#) of survey with 2021-22 and 2022-23 as the reference period has now been launched.

The survey collects information on the operations of the Indian companies having foreign technical collaborations in terms of performance indicators (e.g., production, exports, imports, cost of material) along with the crucial features of technology transfer agreements (*viz.*, nature, duration, mode of payment, export restriction, provision of exclusive rights, use of technology after expiry of the agreements).

The schedule of this survey is required to be filled by the Indian companies having technical collaborations with foreign companies.
