RBI releases Handbook of Statistics on the Indian Economy 2024-25

Today, the Reserve Bank published its annual publication “[Handbook of Statistics on the Indian Economy, 2024-25 \(HBS\)](#)”. The 27th edition in the series offers detailed time-series data on the Indian economy. It includes 244 statistical tables on macroeconomic and financial data such as national income, prices, money, banking, markets, public finances, foreign trade, balance of payments, and select socio-economic indicators. This edition has been released earlier than the scheduled date.

The Handbook and several other RBI publications are available on the Reserve Bank's data portal, Database on Indian Economy (DBIE) (<https://data.rbi.org.in>).

In 2024-25, the Bank launched its dedicated mobile app RBIDATA, providing convenient access to over 11,000 macroeconomic and financial data series from the DBIE. In addition, 8,090 new data series are also being added to the app. Using this app, data and charts can be downloaded and shared by the users.

Users can provide feedback or comments on the publication through any of the following modes:
