Technical Bids of applicants will be evaluated based on the eligibility criteria as mentioned earlier, after scrutinizing all the relevant documents as sought from the bidders and as per methodology given below:

(i) Bidders must note that a two-stage procedure will be adopted in evaluating the bids with the technical evaluation being completed prior to opening of financial bids.

(ii) Quality, competence and reliability of the firm is of paramount importance along with parameters mentioned at (g) below in this tender. The decision of appointment would be made as under:

a) The appointment methodology consists of two-stage process – technical and financial evaluation – with separate evaluation for the two stages and a qualifying criterion in the technical evaluation. The CA firms securing 60 or more marks (out of 100) in the Technical bid (as per parameters specified and scoring scale), will be eligible for the next stage of financial evaluation. (Detailed in [Annex-1](#))

b) The Bank shall notify those bidders whose proposals do not meet the minimum qualifying marks or were considered non-responsive to the tender conditions. The Bank shall simultaneously notify the bidders who have secured the minimum qualifying marks as mentioned at (a) above, indicating the date and time set for the next part i.e. opening of the financial bids. The notification will be sent by valid e-mail id as given by the tenderer.

c) The financial bids shall be opened online in the presence of the bidders representatives who choose to attend (only one representative per bidder). The name of the bidder, the quality score and the offered prices shall be read aloud and recorded when the financial bids are opened.

d) The maximum marks that can be secured under financial evaluation will be 100.

e) The second stage will be the opening of the financial bids of the firms that have qualified in the technical evaluation. It has been decided that instead of specific points for L1 to L5 bidders, the following formula may be used to normalise the scores considering L1 as base. Some examples under different scenarios under the revised method for financial evaluation are provided in [Annex-2](#) for reference.

$$\text{Score under the financial evaluation}_{(x)} = \frac{\text{Lowest Financial Bid Amount (L1)}}{\text{Financial Bid Amount}_{(x)}}$$

f) The final evaluation will be done by combining the marks secured in the technical and financial evaluation in the ratio of **70:30** with the bidder obtaining the highest total marks becoming eligible for appointment.

g) In the event of tie after final evaluation, the tie may be resolved by evaluating the firm based on four parameters of technical evaluation viz. (1) Experience of the CA firms in bank audits (2) Experience of the firm (3) Full time FCA Partners and (4) Average Turnover, with these parameters being sequentially considered e.g., if there is a tie between firm 'A' and 'B' after final evaluation then the points obtained under 'experience in bank audits' parameter may be considered for deciding the successful bidder. In the event of tie under the above parameter also, the points obtained under the subsequent parameter i.e., experience of the firm may be considered and so on.
