No terms and conditions or any other information/ enclosure shall be appearing in the quotation. Any information and enclosure other than prices against the items appearing in quotation shall not be considered for evaluation.
3. E- tenders will be opened on the same day at 15.00 hrs Tenderers are advised to upload their bid on MSTC website (<https://www.mstcecommerce.com/eprocn/index.jsp>) However, if they desire to submit additional information, they may do so on their own letter head/paper. Each page of the forms shall be signed and uploaded along with technical documents. Each copy of the tender shall be clearly marked as "original" and "duplicate" as the case may be. All the information called for shall be complete in all respects. Information furnished on sheets other than those supplied may not be considered. However, the firms can upload only the relevant catalogues/leaflets/brochures of the manufacturers of the material offered. Incomplete tenders or tenders not complying with the requirement are liable for rejection. Each of the tender documents should be signed by the person or persons submitting the tender and is taken at his/their having acquainted himself/themselves with the General Conditions of Contract, Specifications, Special Conditions, etc. as laid down. Any tender with any of the documents not so signed will be rejected.
4. The Quotations shall be valid for acceptance by the Bank for a period of 90 days from the date of opening of Quotations and shall be extended by such period as may be mutually agreed to.
5. Rates should be quoted both in figures and in words in columns Specified and validity of the rates will be extended mutually. Allied civil work like cutting of flooring, puncturing walls etc. to complete the work will be done by the successful tenderer rate of which should be included in the item rate only. Firm has to make the punctured wall / flooring good as per original by using cement mortar at both the sides. Before quoting the rates, tenderer should inspect site and get acquainted with work.

6. The Reserve Bank of India does not bind itself to accept the lowest or any tender and reserves to itself to accept or reject any or all the tenders, either in whole or in part, without assigning any reason for doing so.
7. If on check there are differences between the rates given by the contractor in words and figures or in the amount worked out by him, the following procedure shall be followed.
 - i. When there is a difference between the rates in figures and in words, the rates which corresponds to the amounts worked out by the contractor, shall be taken as correct.
 - ii. When the amount of an item is not worked out by the contractor or it does not correspond with the rate written either in figures or in words, then the rate quoted by the contractors in words shall be taken as correct.
 - iii. When the rate quoted by the contractor in figures and in words tallies but the amount is not worked out correctly, the rate quoted by the contractor shall be taken as correct and not the amount
8. The work done shall be guaranteed against all types of defects for a period of one year from the date of handing over and defect(s) found within this period shall be rectified.
9. The Contractor shall not assign the Contract. He shall not sublet any portion of the Contract except with the written consent of the Bank. In case of breach of these conditions, the bank may serve a notice in writing on the contractor rescinding the Contract whereupon the security deposit shall stand forfeited to the Bank, without prejudice to his other remedies against the contractor.
10. The Contractor shall carry out all the work strictly in accordance with Drawings, details and instructions and Bank's Engineer. If in the opinion of the Bank's Engineer changes have to be made in the design and with the prior approval in writing of the Employer, they desire the Contractor to carry out the same, the contractor shall carry out the same without any extra charge. The Bank's decision in such cases shall be final and shall not be open to arbitration.
11. A Schedule of probable quantities in respect of each work and specifications accompany these special conditions. The Schedule of probable quantities is liable to alteration by omissions, deductions or addition at the discretion of the Consultant. Each tender should contain not only the rates but also the value of each item of work entered in a separate column and all the items should be totalled in order to show the aggregate value of the entire tender.
12. The tenderer must obtain for himself, on his own responsibility and at his own expenses, all the information which may be necessary for the purpose for making

a tender and for entering into a contract and must examine the Drawings and must inspect the site of the work and acquaint himself with all local conditions, means of access to work, nature of work and all matters appertaining thereto.

13. Firm should visit the site to get acquaint themselves with the site conditions before submitting their quotation.
14. The rates quoted in the tender shall include all charges for supply, installation (assembly), testing, packing, handling and transport for all supplies. The rates shall include storage, watch and ward, necessary insurance, temporary, lighting at night, tools and tackles, labour and other services for erection and works.
15. The rates shall also be firm and shall not be subject to exchange variations, labour condition, fluctuations in railway freights or any conditions whatsoever. Tenderers must include in their rates sales tax, excise duty, customs duty, octroi, service tax and any other tax and duty or other levy levied by the Central Government or any State Government or local authority, if applicable. No claim in respect of sales tax, sales tax on works contract, excise duty, customs duty, octroi or other tax, duty or levy whether existing or future shall be entertained by the Employer. The Bank will not issue B/G forms or any kind of form for obtaining concessions in taxes/duties etc.
16. The work shall be carried out in such a manner that there shall be minimum disruption of electrical supply to Bank's residential premises. A programme shall be drawn in consultation with the consultant and Banks engineer for this purpose.
17. The Contractor should note that unless otherwise stated, the tender is strictly on item rate basis and his attention is drawn to the fact that rates for each and every item should be correct, workable and self-supporting. The quantities in the Schedule of Quantities approximately indicate the total extent of work but may vary to any extent and may even be omitted thus altering the aggregate value of the contract. No claim shall be entertained on this account.
18. Time allowed for carrying out the work as mentioned in the Memorandum shall be strictly observed by the Contractor and it shall be reckoned from the 14th day after written order to commence the work is issued. The work shall throughout the stipulated period of the contract, be proceeded with all due diligence. If the contractor fails to complete the work within the specified period, he shall be liable to pay liquidated damages @ 0.25% per week and maximum 10% of the contract value for delayed period. The tenderer shall before commence work, prepare a detailed work programme which shall be approved by the Employer.

19. The successful tenderer is bound to carry out any items of work necessary for the completion of the job even though these items are not included in the quantities and rates. The Employer will issue schedule of instructions in respect of such additional items and their quantities in writing.
20. The Contractor must bear in mind that all the work shall be carried out strictly in accordance with the specifications and also in compliance of the requirement of the legal public authorities and to the requirements of the local electricity authority and CEI and no deviation on any account will be permitted.
21. The successful tenderer should make with his own arrangements to obtain all materials required for the work.
22. The tenderer shall submit along with his tender, a list mentioning the names of manufacturers of equipment which he proposes to use in the work if his tender is accepted. Samples of all such equipment quoted for all illustrations with descriptive literature on the same shall accompany the tender. The samples and the literature so submitted by the successful tenderer shall be retained.
23. The Contractor shall strictly comply with the provision of safety code annexed hereto.
24. Following terms of payment shall be applicable.
