Madam/ Dear Sir,

### **Mid- Career Leadership Development Programme (MCLDP)** **(December 29-31, 2025)**

Leadership is sometimes misunderstood as a mystical quality that some people possess, and others don't. While some people feel that leaders are natural born, it is now well accepted that leadership skills can certainly be learnt. With enough discipline, understanding and practice, anyone can become an effective leader within their business or organization. Leadership development is a process which helps enhance the capacity of individuals to perform in leadership roles within organizations. Leadership Development Programme expands the skills and confidence individuals need to build commitment and translate strategy into effective action. It aims to strengthen one's ability to achieve greater results in his/ her current role, while proactively developing the leadership skills needed for their next one, such as influence, communication, collaboration, self-awareness, learning agility, and resilience.

2. Keeping the above in mind, College of Agricultural Banking (CAB) has scheduled the captioned training programme (in campus) during December 29-31, 2025. We are sure that the programme will enable the participants to become aware of their leadership style and enhance their leadership effectiveness.
