In exercise of the powers conferred by Section 45L of the Reserve Bank of India Act, 1934, the Reserve Bank of India being satisfied that it is necessary and expedient in the public interest and in the interest of financial sector policy so to do, hereby, issues the Directions hereinafter specified.

Chapter I - Preliminary

A. Short title and commencement

1. These Directions shall be called the Reserve Bank of India (All India Financial Institutions – Financial Statements: Presentation and Disclosures) Directions, 2025.
2. These Directions shall come into force with immediate effect.

B. Applicability

3. These Directions shall be applicable to All-India Financial Institutions (hereinafter collectively referred to as 'AIFIs' and individually as an 'AIFI') viz. Export Import Bank of India ('EXIM Bank'), National Bank for Agriculture and Rural Development ('NABARD'), Small Industries Development Bank of India ('SIDBI'), National Housing Bank ('NHB') and National Bank for Financing Infrastructure and Development ('NaBFID').

Chapter II - Format of the Balance sheet and Profit and Loss account and preparation of Consolidated Financial Statements

4. An AIFI shall ensure strict compliance with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2021, as amended from time to time, subject to Directions/Guidelines issued by the Reserve Bank of India. An AIFI shall, in respect of all business transacted by it, prepare a balance-sheet and profit and loss account as on the last working day of the year or the period, as the case may be, in the form and manner prescribed under the respective Acts governing its functioning.
5. In addition to solo level financial statements, the AIFI shall also prepare and disclose Consolidated Financial Statements (CFS).
6. The CFS shall be prepared in terms of 'Accounting Standard (AS) 21 - Consolidated Financial Statements' and other related accounting standards viz. 'AS 23 - Accounting for Investments in Associates in Consolidated Financial Statements' and 'AS 27- Financial Reporting of Interests in Joint Ventures'. For the purpose, the terms 'parent', 'subsidiary', 'associate', 'joint venture', 'control' and 'group' shall have the same meaning as ascribed to them in the applicable accounting standards.
7. A parent AIFI presenting CFS shall consolidate all subsidiaries - domestic as well as foreign, except those specifically permitted to be excluded under AS 21. The reasons for not consolidating a subsidiary shall be disclosed in CFS. The responsibility of determining whether a particular entity shall be included or not for consolidation would be that of the Management of the parent entity and the Statutory Auditors shall comment in this regard if they are of the opinion that an entity which ought to have been consolidated had been omitted.
8. CFS shall normally include consolidated balance sheet, consolidated statement of profit and loss, principal accounting policies and notes to accounts.
9. The financial statements used in the consolidation shall be drawn up as of the same reporting date as of standalone financial statements. If that is not possible, AS 21

allows adoption of six-month-old balance sheet of subsidiaries and prescribes that adjustments shall be made for the effects of significant transactions or other events that have occurred during the intervening period. In case the balance sheet dates of parent and subsidiaries are different, inter-group netting shall be done as on the balance sheet date of the parent entity. In the cases where the balance sheet date coincides with that of the AIFI, the AIFI shall publish its CFS without waiting for the audit of its subsidiaries by the Comptroller and Auditor General. However, the AIFI shall ensure completion of statutory audit of the accounts of such subsidiaries before consolidation with the parent's accounts.

10. The CFS shall be prepared using uniform accounting policies for like transactions and other events in similar circumstances. If it is not practicable to do so, that fact shall be disclosed together with the proportions of the items in the CFS to which the different accounting policies have been applied. For preparing the CFS using uniform accounting policies, the AIFI shall rely on a Statement of Adjustments for non-uniform accounting policies, furnished by the Statutory Auditors of the subsidiaries.
11. In cases where different entities in a group are governed by different accounting norms laid down by the concerned regulator for different businesses, for consolidation purposes, the AIFI shall use the rules and regulatory requirements applicable to the AIFI in respect of like transactions and other events in similar circumstances. In situations where regulatory norms have been prescribed by the Reserve Bank, the norms as applicable according to the accounting standards may be followed.
12. For valuation, the investments in associates (other than those specifically excluded under AS 23) shall be accounted for under the 'Equity Method' of accounting in accordance with AS 23.
13. The valuation of investments in subsidiaries which are not consolidated and associates which are excluded under AS 23, shall be as per the relevant valuation norms issued by the Reserve Bank. The valuation of investments in joint ventures

shall be accounted for under the 'proportionate consolidation' method as per AS 27. The AIFI may take into account the provisions of the accounting standards relating to the exclusion of subsidiaries, associates or joint ventures from consolidation under specific circumstances.

14. The solo level financial statements and the CFS shall be submitted to the Department of Supervision, Reserve Bank of India within one month from the publication of the AIFI's annual accounts.

Chapter III - Guidance on specific issues with respect to certain accounting standards

15. An AIFI shall be guided by following with respect to relevant issues in the application of certain Accounting Standards.

(1) Accounting Standard 9 - Revenue Recognition

- (i) Non-recognition of income by the AIFI in the case of non-performing advances and non-performing investments, in compliance with the regulatory prescriptions of the Reserve Bank, should not attract a qualification by the statutory auditors as this would be in conformity with provisions of the standard since it recognises postponement of recognition of revenue where collectability of the revenue is significantly uncertain.
- (ii) With respect to revenue recognition under the standard, an item of income shall not be considered material if it does not exceed one percent of the total income of the AIFI if the income is reckoned on a gross basis or one percent of the net profit (before taxes) if the income is reckoned net of costs.
- (iii) If any item of income is not considered to be material as per the above norms, it may be recognised when received.

(2) Accounting Standard 23 - Accounting for Investments in Associates in Consolidated Financial Statements

- (i) This Accounting Standard sets out principles and procedures for recognising, in the consolidated financial statements, the effects of the investments in associates on the financial position and operating results of a group.
- (ii) The Standard requires that an investment in an associate shall be accounted for in consolidated financial statements under the equity method subject to certain exceptions.
- (iii) The term associate is defined as an enterprise in which the investor has significant influence, and which is neither a subsidiary nor a joint venture of the investor.

- (iv) Significant influence is the power to participate in the financial and / or operating policy decisions of the investee but not control over those policies. Such an influence may be gained by share ownership, statute or agreement. As regards share ownership, if an investor holds, directly or indirectly through subsidiaries 20 percent or more of the voting power of the investee, it is presumed that the investor has significant influence, unless it can be clearly demonstrated that this is not the case. Conversely, if the investor holds, directly or indirectly through subsidiaries less than 20 percent of the voting power of the investee, it is presumed that the investor does not have significant influence, unless such influence can be clearly demonstrated. A substantial or majority ownership by another investor does not necessarily preclude an investor from having significant influence. The issue is whether conversion of debt into equity in an enterprise by an AIFI by virtue of which the AIFI holds more than 20 percent will result in an investor-associate relationship for the purpose of AS 23.
- (v) From the above it is clear that though an AIFI may acquire more than 20 percent of voting power in the borrower entity in satisfaction of its advances it may be able to demonstrate that it does not have the power to exercise significant influence since the rights exercised by it are protective in nature and not participative. In such a circumstance, such investment may not be treated as investment in associate under this Accounting Standard. Hence the test shall not be merely the proportion of investment but the intention to acquire the power to exercise significant influence.

(3) AS 27 - Financial Reporting of Interests in Joint Ventures

- (i) This standard is applied in accounting for interests in joint ventures and the reporting of joint venture assets, liabilities, income and expenses in the financial statements of ventures and investors, regardless of the structures or forms under which the joint venture activities take place.

- (ii) This standard identifies three broad types of joint ventures, namely, jointly controlled operations, jointly controlled assets and jointly controlled entities. In case of jointly controlled entities, where the AIFI is required to present consolidated financial statements, the investment in joint ventures shall be accounted for as per provisions of this standard.
- (iii) In respect of joint ventures in the form of joint controlled operations and jointly controlled assets, this accounting standard is applicable for both solo financial statements as well as consolidated financial statements.

(4) AS 26 – Intangible assets

- (i) This standard prescribes the accounting treatment for intangible assets that are not dealt with specifically in another accounting Standard. With respect to computer software which has been customised for the AIFI's use and is expected to be in use for some time, the detailed recognition and amortisation principle in respect of computer software prescribed in the standard adequately addresses these issues and may be followed by the AIFI.

(5) AS 28 – Impairment of assets

- (i) This standard prescribes the procedures that an enterprise applies to ensure that its assets are carried at no more than their recoverable amount. It is clarified that the standard shall not apply to investments, inventories and financial assets such as loans and advances and shall generally be applicable in so far as it relates to fixed assets.
- (ii) The standard shall generally apply to financial lease assets and assets acquired in settlement of claims only when the indications of impairment of the entity are evident.

(6) AS 11 - The Effects of Changes in Foreign Exchange Rates

AS 11 is applied in the context of the accounting for transactions in foreign currencies and in translating the financial statements of foreign operations. The

issues that arise in this context have been identified and an AIFI may be guided by the following while complying with the provisions of the standard.

(i) **Classification of Integral and Non-integral Foreign Operations**

Paragraph 17 of AS 11 states that the method used to translate the financial statements of a foreign operation depends on the way in which it is financed and operates in relation to the reporting enterprise. For this purpose, foreign operations are classified as either 'integral foreign operations' or 'non-integral foreign operations'. These classifications are for the limited purpose of compliance with the standard.

(ii) **Exchange rate for recording foreign currency transactions and translation of financial statements of non-integral foreign operation.**

Paragraph 10 of the standard allows, for practical reasons, the use of a rate that approximates the actual rate at the date of the transaction. The standard also states that if exchange rates fluctuate significantly, the use of average rate for a period is unreliable. Since the enterprises are required to record the transactions at the date of the occurrence thereof, the weekly average closing rate of the preceding week can be used for recording the transactions occurring in the relevant week, if the same approximates the actual rate at the date of the transaction. In view of the practical difficulties in applying the exchange rates at the dates of the transactions and since the standard allows the use of a rate that approximates the actual rate at the date of the transaction, the AIFI may use average rates as detailed below:

- (a) FEDAI publishes a weekly average closing rate at the end of each week and a quarterly average closing rate at the end of each quarter for various currencies.
- (b) Those foreign currency transactions, which are currently not being recorded in Indian Rupees at the date of the transaction or are being recorded using a notional exchange rate may now be recorded at the date of the transaction by using the weekly average closing rate of the preceding week, published by FEDAI, if the same approximates the actual rate at the date of the transaction.

- (c) Quarterly average closing rate, published by FEDAI at the end of each quarter, can be used for translating the income and expense items of non-integral foreign operations during the quarter.
- (d) If the weekly average closing rate of the preceding week does not approximate the actual rate at the date of the transaction, the closing rate at the date of the transaction shall be used. For this purpose, the weekly average closing rate of the preceding week would not be considered approximating the actual rate at the date of the transaction if the difference between (i) the weekly average closing rate of the preceding week and (ii) the exchange rate prevailing at the date of the transaction, is more than three and a half percent of (ii). In respect of non-integral foreign operations, if there are significant exchange fluctuations during the quarter, the income and expense items of non-integral foreign operations shall be translated by using the exchange rate at the date of the transaction instead of the quarterly average closing rate. For this purpose, the exchange rate fluctuation would be considered as significant, if the difference between the two rates is more than seven percent of the exchange rate prevailing at the date of the transaction.
- (e) The AIFI is encouraged to equip itself to record the foreign currency transactions of Indian branches / offices as well as integral foreign operations and translate the income as well as expense items of non-integral foreign operations at the exchange rate prevailing on the date of the transaction.

(iii) Closing rate

Paragraph 7 of the standard defines 'Closing rate' as the exchange rate at the balance sheet date. To ensure uniformity among AIFIs, closing rate to be applied for the purposes of AS 11 (revised 2003) for the relevant accounting period shall be the last closing spot rate of exchange announced by FEDAI for that accounting period.

(iv) Foreign Currency Translation Reserve (FCTR)

In the context of recognition of gains in profit and loss account from FCTR on repatriation of accumulated profits / retained earnings from overseas branch(es), it is clarified that the repatriation of accumulated profits shall not be considered as disposal or partial disposal of interest in non-integral foreign operations as per AS 11. Accordingly, an AIFI shall not recognise in the profit and loss account the proportionate exchange gains or losses held in the foreign currency translation reserve on repatriation of profits from overseas operations.

Chapter IV - Disclosure in Financial Statements - Notes to Accounts

16. An AIFI shall disclose the information specified in this chapter in the notes to accounts of the financial statements.

Explanation 1: These disclosures are intended only to supplement and not to replace the disclosure requirements under other laws, regulations or accounting and financial reporting standards.

Explanation 2: The disclosures set out in this Direction constitute only minima and the AIFI is encouraged to make additional disclosures as considered appropriate having regard to its specific operations.

A. General

17. The items listed in these Directions shall be disclosed in the 'Notes to Accounts' to both solo level financial statements and CFS. The AIFI shall make additional disclosures where material. Unless specifically indicated, the prudential items pertaining to subsidiaries shall be consolidated for the purpose of disclosure in the notes to accounts as shown in its books of accounts / financial statements / notes to accounts (without any adjustments to align them with the prudential norms applicable to the AIFI).

B. Presentation

18. A summary of 'Significant Accounting Policies' and 'Notes to Accounts' shall be shown separately.

C. Disclosure requirements

19. In addition to the detailed schedules to the balance sheet, an AIFI is required to furnish the following information in 'Notes to Accounts':

(5) **Disclosure of transfer of loan exposures**

Lender shall make appropriate disclosures in its financial statements, under 'Notes to Accounts', relating to the total amount of loans not in default / stressed loans transferred and acquired to / from other entities as prescribed below, on a quarterly basis:

- (i) In respect of loans not in default that are transferred or acquired, the disclosures shall cover, inter alia, aspects such as weighted average maturity, weighted average holding period, retention of beneficial economic interest, coverage of tangible security coverage, and rating-wise distribution of rated loans. Specifically, a transferor shall disclose all instances where it has agreed to replace loans transferred to transferee(s) or pay damages arising out of any representation or warranty. The disclosures shall also provide break-up of loans transferred / acquired through assignment / novation and loan participation.
- (ii) In the case of stressed loans transferred or acquired, the following disclosures should be made:

Details of stressed loans transferred during the year (to be made separately for loans classified as NPA and SMA)			
(all amounts in ₹ crore)	To ARCs	To permitted transferees	To other transferees (please specify)
No. of accounts			
Aggregate principal outstanding of loans transferred			
Weighted average residual tenor of the loans transferred			
Net book value of loans transferred (at the time of transfer)			
Aggregate consideration			

Additional consideration realised in respect of accounts transferred in earlier years			
Details of loans acquired during the year			
(all amounts in ₹ crore)	From SCBs, RRBs, Co-operative Banks, AIFIs, SFBs and NBFCs including Housing Finance Companies (HFCs)	From ARCs	
Aggregate principal outstanding of loans acquired			
Aggregate consideration paid			
Weighted average residual tenor of loans acquired			

The transferor(s) should also make appropriate disclosures with regard to the quantum of excess provisions reversed to the profit and loss account on account of sale of stressed loans. Also, the lender should disclose the distribution of the security receipts (SRs) held by it across the various categories of recovery ratings assigned to such SRs by the credit rating agencies.

Note - These disclosures are originally specified in the [Reserve Bank of India \(All India Financial Institutions – Transfer and Distribution of Credit Risk\) Directions, 2025](#) and have merely been reproduced here for ease of reference. In case of any conflict between these Directions and the [Reserve Bank of India \(All India Financial Institutions – Transfer and Distribution of Credit Risk\) Directions, 2025](#) on disclosure requirements, the latter will prevail. While making disclosures in audited annual financial statements, banks should invariably provide the figures for both the current and previous year to facilitate comparison.

(6) Operating Results

a) Particulars	Current year	Previous Year
(i) Interest Income as a percentage to Working Funds		
(ii) Non-interest income as a percentage to Working Funds [§]		
(iii) Operating Profit as a percentage to Working Funds [§]		
(iv) Return on Assets [@]		

(v) Return on Equity [#]		
(vi) Net Profit per employee (₹ in crore)

*Contract services etc. and not services like remittance facilities, locker facilities etc.

Note -

- Where there is only one entity in any category of related party, the AIFI need not disclose any details pertaining to that related party other than the relationship with that related party.
- Related parties for an AIFI are its parent, subsidiary (ies), associates/ joint ventures, Key Management Personnel (KMP) and relatives of KMP. KMP are the whole-time directors for an AIFI. Relatives of KMP would be on the lines indicated in Section 45 S of the R.B.I. Act, 1934.

- (c) The name and nature of related party relationship shall be disclosed, irrespective of whether there have been transactions, where control exists within the meaning of the Standard. Control would normally exist in case of parent-subsidiary relationship. The disclosures may be limited to aggregate for each of the above related party categories and would pertain to the year-end position as also the maximum position during the year.
- (d) The accounting standard exempts state-controlled enterprises from making any disclosures pertaining to their transactions with other related parties which are also state controlled enterprises. Thus, the AIFI need not disclose its transactions with its subsidiaries or other state-controlled entities. However, it will be required to disclose its transactions with other related parties.
- (e) Secrecy provisions: If in any of the above category of related parties there is only one related party entity, any disclosure would tantamount to infringement of the general secrecy laws or the specific provisions, if any, relating to secrecy set out in the relevant statutes governing functioning of the AIFI. In terms of AS 18, the disclosure requirements do not apply in circumstances when providing such disclosures would conflict with the reporting enterprise's duties of confidentiality as specifically required in terms of statute, by regulator or similar competent authority. Further, in case a statute or regulator governing an enterprise prohibits the enterprise from disclosing certain information, which is required to be disclosed, non-disclosure of such information would not be deemed as non-compliance with the Accounting Standards. On account of the judicially recognised common law duty of the AIFI to maintain the confidentiality of the customer details, it need not make such disclosures. In view of the above, where the disclosures under the Accounting Standards are not aggregated disclosures in respect of any category of related party i.e., where there is only one entity in any category of related party, the AIFI need not disclose any details pertaining to that related party other than the relationship with that related party.

Chapter V - Consolidated Prudential Reporting (CPR) requirements

A Scope

20. Wherever an AIFI has any subsidiaries, joint ventures, or associates, in addition to the CFS, it shall also prepare CPR as prescribed in paragraph 32 relating to the entire group including all entities under its control. The AIFI shall follow the guidance contained in paragraph 26 to 31 while preparing these reports. The CPR for a consolidated AIFI shall include information and accounts of related entities (subsidiaries, associates, and joint ventures) of the AIFI, which carry on activities of financial nature. The AIFI shall justify the exclusion of any entity for the purpose of CPR.

B Frequency

21. The CPR shall be submitted on half-yearly basis as part of off-site reporting system on the lines of the existing extant guidelines on preparation of CFS. The CPR for half-year ended March shall be submitted by the end of June. If audited results of entities under the CPR are not available, the AIFI shall submit the provisional CPR with unaudited results of such entities, by end of June and final position by end of September. The CPR for the half-year ended September shall be submitted by the end of December.

Note - In case of NHB, the provisional CPR with unaudited results may be submitted by end of September and final position by end of December.

C Format

22. The AIFI shall use the same format for CPR purposes as its solo balance sheet prescribed under the respective Acts with appropriate modifications / notes. The CPR comprises of consolidated balance sheet, consolidated profit and loss account, and select data on financial / risk profile of the consolidated AIFI.

D Other consolidation instructions

23. In respect of related entities which operate under severe long-term restrictions which significantly impair their ability to transfer funds to the parent, the AIFI shall

disclose separately the book value of the amounts due from such related entities and the net amounts recoverable from them. The AIFI shall also consider making appropriate provisions for the shortfall.

E Guidance for filing Consolidated Prudential Report on (CPR)

E.1 Introduction

24. The objective of the CPR is to collect consolidated prudential information at the level of the group to which the supervised institution belongs. It aims to capture data mainly on the following areas.
- (i) Consolidated balance sheet data in the format prescribed.
 - (ii) Consolidated profit & loss account in the format prescribed.
 - (iii) Select data on financial / risk profile of the consolidated AIFI: Consolidated financial data as per format, data on large exposures, forex exposures, CRR & SLR for the group and structural liquidity profile for the consolidated AIFI.

E.2 Periodicity of the return

25. Periodicity of the return is half-yearly as on March 31 / September 30 (June 30 / December 31 in case of NHB).

E.3 General guidelines

26. For compiling the consolidated balance sheet and profit & loss account as part of the CPR, the general guidelines for preparation of CFS may be followed.

E.4 CPR

27. Financials for the consolidated AIFI

For the consolidated financial data as per format (at the consolidated AIFI level), general guidance for preparation of balance sheet and profit & loss account for CPR shall be used.

28. Large exposures

- (1) Total credit exposure of the group to an individual borrower or a borrower group comprises both funded and non-funded exposures. For exposure limits, outstanding amount, or the sanctioned limit, whichever is higher shall be reported. Consolidation of the exposures from different entities of the consolidated AIFI shall be done by the reporting institution for compiling this section. Funded exposures comprise loans and advances (including bills purchased / discounted), and investments in bonds / debentures and equities. Non-funded exposures comprise guarantees (financial), guarantees (non-financial), letters of credit, underwriting commitments, etc.
- (2) Exposure by the consolidated AIFI to a single borrower / debtor shall not exceed 15 percent of its capital funds. Exposure by the consolidated AIFI to a borrower / debtor group shall not exceed 40 percent of its capital funds. The aggregate exposure on a borrower / debtor group can exceed the exposure norm of 40 percent by an additional 10 percent (i.e., up to 50 percent) provided the additional exposure is for the purpose of financing infrastructure projects. Computation of capital funds, exposure etc. shall be on the lines of the methodology adopted for AIFI.
- (3) In this section, cases where the regulatory norm is breached in case of individual borrower or borrower group shall be reported. At the minimum, the top 20 large

exposures to individual borrowers / borrower group of the consolidated AIFI shall be reported.

29. Forex exposures

Total of overnight open position limits for the consolidated AIFI may be reported here. Wherever overnight open position Limits are not prescribed, the maximum overnight open position during the period for such entities may be taken for consolidation. The position may be reported without netting across institutions.

30. Exposures to capital markets

Calculations of capital market exposure shall be similar to the computation for the parent AIFI. Advances (fund-based) to capital market shall include loans to individuals, share and stock-brokers, market makers, etc., while non-fund-based facilities to capital market shall include financial guarantees issued to stock exchanges on behalf of stock-brokers and other financial guarantees. Equity investment in capital market would include equities, equity oriented mutual funds and convertible bonds and debentures.

31. Structural liquidity position for a consolidated AIFI

This section is supposed to capture the maturity structure of cash inflows and outflows for the consolidated AIFI, which is distributed in eight maturity buckets. The maturity mismatches or gaps run by the consolidated AIFI in these eight-time bands would indicate the liquidity risk facing the consolidated AIFI. Intra-group transactions and exposures shall be excluded from this consolidation.

32. The format of CPR shall be as under.
