In case of rejection of a credit card application, the card-issuer shall convey in writing the specific reason/s which led to the rejection of the application.
- (2) The MITC as given in [Chapter VII](#) of these Directions, shall be highlighted and published / sent separately to the customers, at the acceptance stage (welcome kit) and in important subsequent communications. The MITC shall be provided to the customer (preferably in English, Hindi and the local language) at the time of onboarding and each time, a condition is modified with notice to the customer. The MITC and copy of the agreement signed/digitally signed between the card-issuer and cardholder shall be sent to the registered email address of the cardholder or postal address as per the choice of the customer.
- (3) Card-issuers may consider introducing, at the option of the customers, an insurance cover to take care of the liabilities arising out of lost cards, card frauds, etc. In cases where the card-issuers are offering any insurance cover to their cardholders, in tie-up with insurance companies, the card-issuers shall obtain explicit consent in writing or in digital mode from the cardholders along with the details of nominee/s.
- (4) The issue of unsolicited cards / upgradation is strictly prohibited. In case, an unsolicited card is issued / existing card upgraded and activated without the explicit consent of the recipient and the latter is billed for the same, the card-issuer shall not only reverse the charges forthwith, but also pay a penalty without demur to the recipient amounting to twice the value of the charges reversed. In addition, the person in whose name the card is issued can also approach the RBI Ombudsman who would determine the amount of compensation payable by the card-issuer to the recipient of the unsolicited card as per the provisions of the Ombudsman Scheme, i.e., for loss of complainant's time, expenses incurred, harassment and mental anguish suffered by him / her.

Explanation: In case a customer receives an unsolicited card, he / she should refrain from activating or providing consent for activation of card through OTP or any other means. If no consent is received for activating the card, the card-issuer is required to close the credit card account without any cost to the customer within seven working days from the date of seeking confirmation from the customer and shall also intimate the customer that the credit card account has been closed. Subsequent to receiving the intimation from the card-issuer that the card account has been closed, the customer shall destroy the card.

- (5) There have been instances where unsolicited / applied-for cards have been misused before reaching the persons in whose names these have been issued. It is emphasised that any loss arising out of misuse of such unsolicited cards shall be the responsibility of the card-issuer only and the person in whose name the card has been issued shall not be held responsible for the same.
- (6) Card-issuers shall seek One Time Password (OTP) based consent from the cardholder for activating a credit card, if the same has not been activated by the customer for more than 30 days from the date of issuance. If no consent is received for activating the card, card-issuers shall close the credit card account without any cost to the customer within seven working days from date of seeking confirmation from the customer. In case of a renewed or replaced card, the closure of an inactivated card shall be subject to payment of all dues by the cardholder.

Explanation: (i) Customer-initiated process indicating intent to use a credit card such as PIN generation, modification of transaction control, Interactive Voice Response, recorded call to the customer care centre and SMS may be considered as activation of Credit Card.

(ii) In case of business credit cards, wherein the cards have been issued based on the application by a corporate or business entity, card-issuers shall seek explicit consent as above / send intimation as required under paragraph 20 respectively from / to the principal account holder (viz. corporate or business entity) unless specified otherwise in the agreement.

(iii) Similarly, with regard to retail credit cards, the requisite consent shall be sought from the principal cardholder and not from the add-on cardholders.

Provided that, for blocking of business or retail credit cards, either the actual cardholder or the principal cardholder can initiate the request.

- (7) A card-issuer shall not report any credit information relating to a new credit card account to Credit Information Companies prior to activation of the card. Any credit information relating to such inactivated credit cards already reported to Credit Information Companies shall be withdrawn immediately.
- (8) The consent for the cards issued or the other products / services offered along with the card shall be explicit and shall not be implied. In other words, the written consent of the applicant shall be required before issuing a credit card. Alternatively, card-issuers may use other digital modes with multifactor authentication to obtain explicit customer consent. Such alternative digital modes, if any used by the card-issuer, shall be communicated to the Department of Regulation, Reserve Bank of India.
- (9) Card-issuers shall ensure that the telemarketers they engage, comply with Directions / regulations on the subject issued by the Telecom Regulatory Authority of India (TRAI) from time to time while adhering to guidelines issued on “Unsolicited Commercial Communications – National Customer Preference Register (NCPR)”. The card-issuer’s representatives shall contact the customers only between 10:00 hrs and 19:00 hrs.
- (10) The decision-making power for issue of credit card to a customer shall remain only with the card-issuer and the role of the Direct Sales Agent (DSA) / Direct Marketing Agent (DMA) / other agents shall remain limited to soliciting / servicing the customer / account.

12. Underwriting Standards:

- (1) Card-issuers shall ensure prudence while issuing credit cards and independently assess the credit risk while issuing cards to persons, taking into account independent financial means of applicants.
- (2) As holding several credit cards enhances the total credit available to any consumer, card-issuers shall assess the credit limit for a credit card customer taking into consideration all the limits enjoyed by the cardholder from other entities on the basis of self-declaration / credit information obtained from a Credit Information Company, as appropriate. This shall be uniformly applied as per the board approved policy of the card-issuer.

- (3) Card-issuers shall ensure complete transparency in the conversion of credit card transactions to Equated Monthly Instalments (EMIs) by clearly indicating the principal, interest and upfront discount provided by the merchant/card-issuer (to make it no cost), prior to the conversion. The same shall also be separately indicated in the credit card bill / statement. EMI conversion with interest component shall not be camouflaged as zero-interest / no-cost EMI.
- (4) Card-issuers shall ensure that loans offered through credit cards are in compliance with the instructions on loans and advances issued by the Reserve Bank from time to time.
- (5) Card-issuers shall ensure that the credit limit as sanctioned and advised to the cardholder is not breached at any point in time without seeking explicit consent from the cardholder.

Explanation: (i) Usage of a credit card beyond the sanctioned credit limit (i.e., overlimit) requires prior explicit consent of the cardholder, as a fraud minimisation mechanism. Further, a cardholder shall be given an option to enable or disable the option of overlimit through transaction control mechanism available on card-issuer's platforms such as internet, mobile banking, or any other suitable medium. Unless explicit consent has been obtained from the cardholder for the overlimit facility, no overlimit can either be provided or overlimit charges be levied.

(ii) Interest or any charges / fees on the credit card shall not be factored in for the purpose of computing a cardholder's credit limit usage and levying overlimit charges.

D. Types of credit cards

13. Card-issuers may issue credit cards / charge cards to individuals for personal use together with add-on cards wherever required.
14. Card-issuers may also issue cards linked to overdraft accounts that are in the nature of personal loans without any end-use restrictions subject to the conditions as stipulated in the overdraft account.

Example: A customer availing an overdraft facility from a bank can be issued a type of credit card to access the funds available under the facility. The terms of usage of this credit card (interest charged, repayment schedule, penalty, cash withdrawal limit etc.,) shall correspond to the terms and conditions applicable to the overdraft facility.

15. Card-issuers may issue business credit cards to business entities / individuals for business expenses. The business credit cards may also be issued as charge cards, corporate credit cards or by linking a credit facility such as overdraft / cash credit provided for business purpose as per the terms and conditions stipulated for the facility concerned.
16. The card-issuers shall put in place effective mechanism to monitor end use of funds. Business credit cards can be issued together with add-on cards wherever required.
17. The liability of the corporate / business entity on account of business cards shall form part of their total assessed credits for compliance to instructions issued by the Reserve Bank on Exposure Norms as well as Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances.
18. The add-on cards shall be issued only to the persons specifically identified by the principal cardholder under both personal and business credit card categories. Add-on cards shall be issued with the clear understanding that the liability will be that of the principal cardholder. Similarly, while issuing corporate credit cards, the responsibilities and liabilities of the corporate and its employees shall be clearly specified. The liability of the corporate / business entity shall form part of its assessed credits.

Explanation: The liability for dues shall rest solely with the principal cardholder and not with the add-on cardholders. However, settlement of dues towards international credit card shall also be governed as per FEMA regulations. Further, the responsibility for making payments in case of business credit cards shall be governed by the terms and conditions agreed upon.

E. Closure of Credit Card

19. Any request for closure of a credit card shall be honoured within seven working days by the credit card-issuer, subject to payment of all dues by the cardholder. Subsequent to the closure of credit card, the cardholder shall be immediately notified about the closure through email, SMS, etc. Cardholders shall be provided option to submit request for closure of credit card account through multiple channels such as helpline, dedicated email-id, Interactive Voice Response (IVR), prominently visible link on the website, internet banking, mobile-app or any other mode. The card-issuer shall not insist on sending a closure request through post or any other means which may result in the delay of receipt of the request. Failure on the part of the card-issuers to complete the process of closure within seven working days shall result in a penalty of ₹500 per calendar day of

delay payable to the cardholder, till the closure of the account provided there is no outstanding in the account.

Explanation: In case payment towards dues is outstanding, the card-issuer shall provide details regarding such outstanding dues to the cardholder upon receipt of the closure request without waiting for completion of the billing cycle and accordingly advise him / her to make payment in order to complete the closure process. In such cases, the prescribed timeline of seven working days shall be calculated after excluding the number of days taken by the cardholder to clear the outstanding dues. The card-issuer shall also report to CICs suitably about the closure of the card account.

20. If a credit card has not been used for a period of more than one year, the process to close the card shall be initiated after intimating the cardholder. If no reply is received from the cardholder within a period of 30 days, the card account shall be closed by the card-issuer, subject to payment of all dues by the cardholder. The information regarding the closure of card account shall also accordingly be updated with the Credit Information Company/ies within a period of 30 days.

Explanation: In addition to financial transactions, any process initiated by the cardholder such as generation of statement, change of PIN, change in transaction controls, etc., shall be considered for treating a card as 'used'. However, any calls made to the customer care centre, for reasons other than those cited above, shall not be considered towards usage of a card.

21. Subsequent to closure of credit card account, any credit balance available in credit card accounts shall be transferred to the cardholder's bank account. Card-issuers shall obtain the details of the cardholder's bank account, if the same is not available with them.

F. Interest rates and other charges

22. Card-issuers shall be guided by the [Reserve Bank of India \(Commercial Banks – Interest Rates on Advances\) Directions, 2025](#) as amended from time to time, while determining the interest rate on credit card dues. Interest charged on credit cards shall be justifiable having regard to the cost incurred and the extent of return that could be reasonably expected by the card-issuer. Card-issuers shall also prescribe an interest rate ceiling in line with other unsecured loans, including processing and other charges, in respect of credit cards as part of their Board approved policy. In case card-issuers charge interest rates which vary based on the payment / default history of the cardholder, there shall be

transparency in levying such differential interest rates. The interest rates as prescribed in the board approved policy and the rationale for the same shall be auditable. The card-issuers shall publicise through their website and other means, the interest rates charged to various categories of customers. Card-issuers shall indicate upfront to the credit cardholder, the methodology of calculation of finance charges with illustrative examples, particularly in situations where only a part of the amount outstanding is paid by the customer.

23. Further, the card-issuers shall adhere to the following directions relating to interest rates and other charges on credit cards:

- (1) Card-issuers shall quote Annualized Percentage Rates (APR) on credit cards for different situations such as retail purchases, balance transfer, cash advances, non-payment of minimum amount due, late payment etc., if different. The method of calculation of APR shall be given with clear examples for better comprehension. The APR charged, and the annual fee shall be shown with equal prominence. The late payment charges, including the method of calculation of such charges and the number of days, shall be prominently indicated. The manner in which the outstanding unpaid amount has been arrived at for calculation of interest shall also be specifically shown with prominence in all the billing statements. These aspects shall also be shown in the Welcome Kit in addition to being shown in the billing statements.
- (2) The terms and conditions for payment of credit card dues, including the minimum amount due, shall be stipulated so as to ensure there is no negative amortization. Card-issuers shall not capitalize i.e., levy interest or any other charges, on the unpaid taxes/levies/charges. *Illustration:* The outstanding amount of a credit card account at the end of month A is ₹10,000. Interest is calculated at a rate of 2% per month. Therefore, if the total outstanding is not paid on or before the due date, it would require payment of interest of ₹200 (2% of 10,000) along with tax and other charges of ₹50 (indicative figure) totalling to ₹250 in addition to the outstanding. The Minimum Amount Due (MAD) for the month A shall be calculated in a way that it does not result in negative amortization. Accordingly, the MAD shall not be less than ₹250 (indicative figure), so as to avoid capitalisation of interest or other charges in the subsequent statement.
- (3) Card-issuers shall inform the cardholders of the implications of paying only 'the minimum amount due'. A legend / warning to the effect that "Making only the minimum

payment every month would result in the repayment stretching over months / years with consequential compounded interest payment on your outstanding balance" shall be prominently displayed in all the billing statements to caution the cardholders about the pitfalls in paying only the minimum amount due. The MITC shall specifically explain that the 'interest-free credit period' is suspended if any balance of the previous month's bill is outstanding.

- (4) For this purpose, card-issuers shall work out illustrative examples and include the same in the Welcome Kit sent to the cardholders and also place it on their website.
- (5) Card-issuers shall report a credit card account as 'past due' to credit information companies (CICs) or levy penal charges, viz. late payment charges and other related charges, if any, only when a credit card account remains 'past due' for more than three days. The number of 'days past due' and late payment charges shall, however, be computed from the payment due date mentioned in the credit card statement, as specified under the [Reserve Bank of India \(Commercial Banks – Income Recognition, Asset Classification and Provisioning\) Directions, 2025](#) amended from time to time. Late payment charges and other related charges shall be levied, only on the outstanding amount after the due date, and not on the total amount due.
- (6) Interest shall be levied only on the outstanding amount, adjusted for payments / refunds / reversed transactions.

Explanation: In case a cardholder makes partial payment or does not clear the total amount due within the payment due date, interest free credit period will be lost, and interest may be levied from the date of transaction on the outstanding amount (adjusted for payments / refunds / reversed transactions as and when credited) and not on the total amount due. Further, late payment fee and other charges relating to delay in payment shall be levied only on the outstanding amount (adjusted for payments / refunds / reversed transactions as and when credited) after the payment due date and not on the total amount due.

- (7) Changes in charges shall be made only with prospective effect giving prior notice of at least one month. If a cardholder desires to surrender his / her card on account of any change in charges to his / her disadvantage, he / she shall be permitted to do so without

levying any extra charge for such closure, subject to payment of all dues by the cardholder.

(8) There shall not be any hidden charges while issuing credit cards free of charge.

G. Billing

24. Card-issuers shall ensure that there is no delay in sending / dispatching / emailing bills / statements and the customer has sufficient number of days (at least one fortnight) for making payment before the interest starts getting charged. In order to obviate frequent complaints of delayed billing, the card-issuer may consider providing bills and statements of accounts through internet / mobile banking with the explicit consent of the cardholder. Card-issuers shall put in place a mechanism to ensure that the cardholder is in receipt of the billing statement.

25. Card-issuers shall ensure that wrong bills are not raised and issued to cardholders. In case, a cardholder protests any bill, the card-issuer shall provide explanation and, wherever applicable, documentary evidence shall be provided to the cardholder within a maximum period of 30 days from the date of complaint.

26. Card-issuers shall provide the list of payment modes authorised by them for making payment towards the credit card dues, in their websites and billing statements. Further, card-issuers shall advise cardholders to exercise due caution and refrain from making payments through modes other than those authorised by them.

27. No charges shall be levied on transactions disputed as 'fraud' by the cardholder until the dispute is resolved.

28. Any debit to the credit card account shall be done as per the authentication framework prescribed by the Reserve Bank from time to time, and not through any other mode / instrument.

29. Card-issuers do not follow a standard billing cycle for all credit cards issued. In order to provide flexibility in this regard, cardholders shall be provided option to modify the billing cycle of the credit card at least once, as per cardholders' convenience.

Explanation: The cardholder shall be provided option to choose any date as the starting or closing day of the billing cycle at least once. Further, card-issuers may provide the option to modify the billing cycle through multiple channels such as helpline, dedicated e-

mail-id, Interactive Voice Response (IVR), internet banking, mobile-application and any other mode.

30. Any credit amount arising out of refund / failed / reversed transactions or similar transactions before the due date of payment for which payment has not been made by the cardholder, shall be immediately adjusted against the 'payment due' and notified to the cardholder.

31. Card-issuers shall seek explicit consent of the cardholder to adjust credit amount beyond a cut-off, one percent of the credit limit or ₹5000, whichever is lower, arising out of refund / failed / reversed transactions or similar transactions against the credit limit for which payment has already been made by the cardholder. The consent shall be obtained through e-mail or SMS within seven days of the credit transaction. The card-issuers shall reverse the credit transaction to the cardholder's bank account, if no consent / response is received from the cardholder. Notwithstanding the cut-off, if a cardholder makes a request to the card-issuer for reversal of the credit amount outstanding in the card account into his / her bank account, the card-issuer shall do it within three working days from the receipt of such request.

Illustration: For a typical credit card with billing cycle from October 1, 2023 to October 30, 2023, it is assumed that the bill is generated on October 30, 2023 and the due date of payment is November 19, 2023. The different scenarios for adjustment of credit are detailed below:

Scenario 1 – Credit of refund / failed / reversed transaction within the same billing cycle	
o Purchase transaction date – October 15, 2023 o Refund on October 19, 2023 - For cancellation of purchase dated October 15, 2023	As bill is yet to be generated in the given case, the refund amount received on October 19, 2023, shall be adjusted with other debits, prior to calculation of the Total Amount Due.
Scenario 2 – Credit of refund / failed / reversed transaction post generation of bill but before making payment of the dues	

- o Purchase transaction date - October 29, 2023 - o Refund on November 04, 2023 - For cancellation of purchase dated October 29, 2023	The bill is generated on October 30, 2023, however, the payment towards the dues has not been made till the date of refund. Therefore, the refund amount received on November 04, 2023, shall be adjusted towards the Total Amount Due (TAD) and accordingly the cardholder will be required to pay only the remaining outstanding (Remaining outstanding = TAD – Refund amount).
Scenario 3 – Credit of refund / failed / reversed transaction for which payment has already been made	
- o Purchase transaction date - October 30, 2023 - o Payment towards dues – November 06, 2023 - o Refund on November 07, 2023 - For cancellation of purchase dated October 30, 2023	As the cardholder has already cleared the dues, card-issuers shall seek explicit consent of the cardholder to adjust the refund amount in line with the provision stipulated at paragraph 31 of the MD. ➤ Case I - If the cardholder gives explicit consent, then refund amount shall be adjusted. ➤ Case II - If the cardholder does not provide the consent or no response is received for adjustment of the refund, then the refund amount will be credited to the bank account of the cardholder in line with paragraph 31. Further, if the cardholder makes a request for crediting the refund (transaction for which payment has already been made), the same shall be credited back to the bank account of the cardholder irrespective of the cut off defined under paragraph 31.

Note: The card-issuers may put in place a suitable mechanism to prevent evergreening of the credit facility.

32. For business credit cards wherein the liability rests fully with the corporate or business entity (principal account holder), timeframe provided for payment of dues and adjustment of refunds may be as agreed between the card-issuer and the principal account holder.

H. Issue of unsolicited facilities

33. Unsolicited loans or other credit facilities shall not be offered to the credit cardholders without seeking explicit consent. In case an unsolicited credit facility is extended without the written / explicit consent of the cardholder and the latter objects to the same, the card-issuer shall not only withdraw the facility, but also be liable to pay such penalty as may be considered appropriate by the RBI Ombudsman, if approached.
34. Card-issuers shall not unilaterally upgrade credit cards and enhance credit limits. Explicit consent of the cardholder shall invariably be taken whenever there is / are any change/s in terms and conditions. In case of reduction in the credit limit, the card-issuer shall intimate the same to the cardholder.

I. Reporting to Credit Information Companies

35. For providing information relating to credit history / repayment record of the cardholder to a Credit Information Company (that has obtained Certificate of Registration from RBI), the card-issuer shall explicitly bring to the notice of the customer that such information is being provided in terms of the Credit Information Companies (Regulation) Act, 2005.
36. Before reporting default status of a credit cardholder to a Credit Information Company (CIC), the card-issuers shall ensure that they adhere to the procedure, approved by their Board, and intimate the cardholder prior to reporting of the status. In the event the cardholder settles his / her dues after having been reported as defaulter, the card-issuer shall update the status with CIC within 30 days from the date of settlement. Card-issuers shall be particularly careful in the case of cards where there are pending disputes. The disclosure / release of information, particularly about the default, shall be made only after the dispute is settled. In all cases, a well laid down procedure shall be transparently followed and be made a part of MITC.

J. Customer Conduct

37. In the matter of recovery of dues, card-issuers shall ensure that they, as also their agents, adhere to the extant instructions on Fair Practices Code for lenders.
38.
